(57) **CLAIM**

The ornamental design for a packaging, as shown and described.

DESCRIPTION

FIG. 1: is a perspective view of the two components of our inventive design, bearing indicia;

FIG. 2: is a perspective view of a first component thereof;

FIG. 3: is a front view of the first component;

FIG. 4: is a front view of a second component thereof in an open configuration;

FIG. 5: is a front view of the second component in a closed configuration;

FIG. 6: is a front view of both components together;

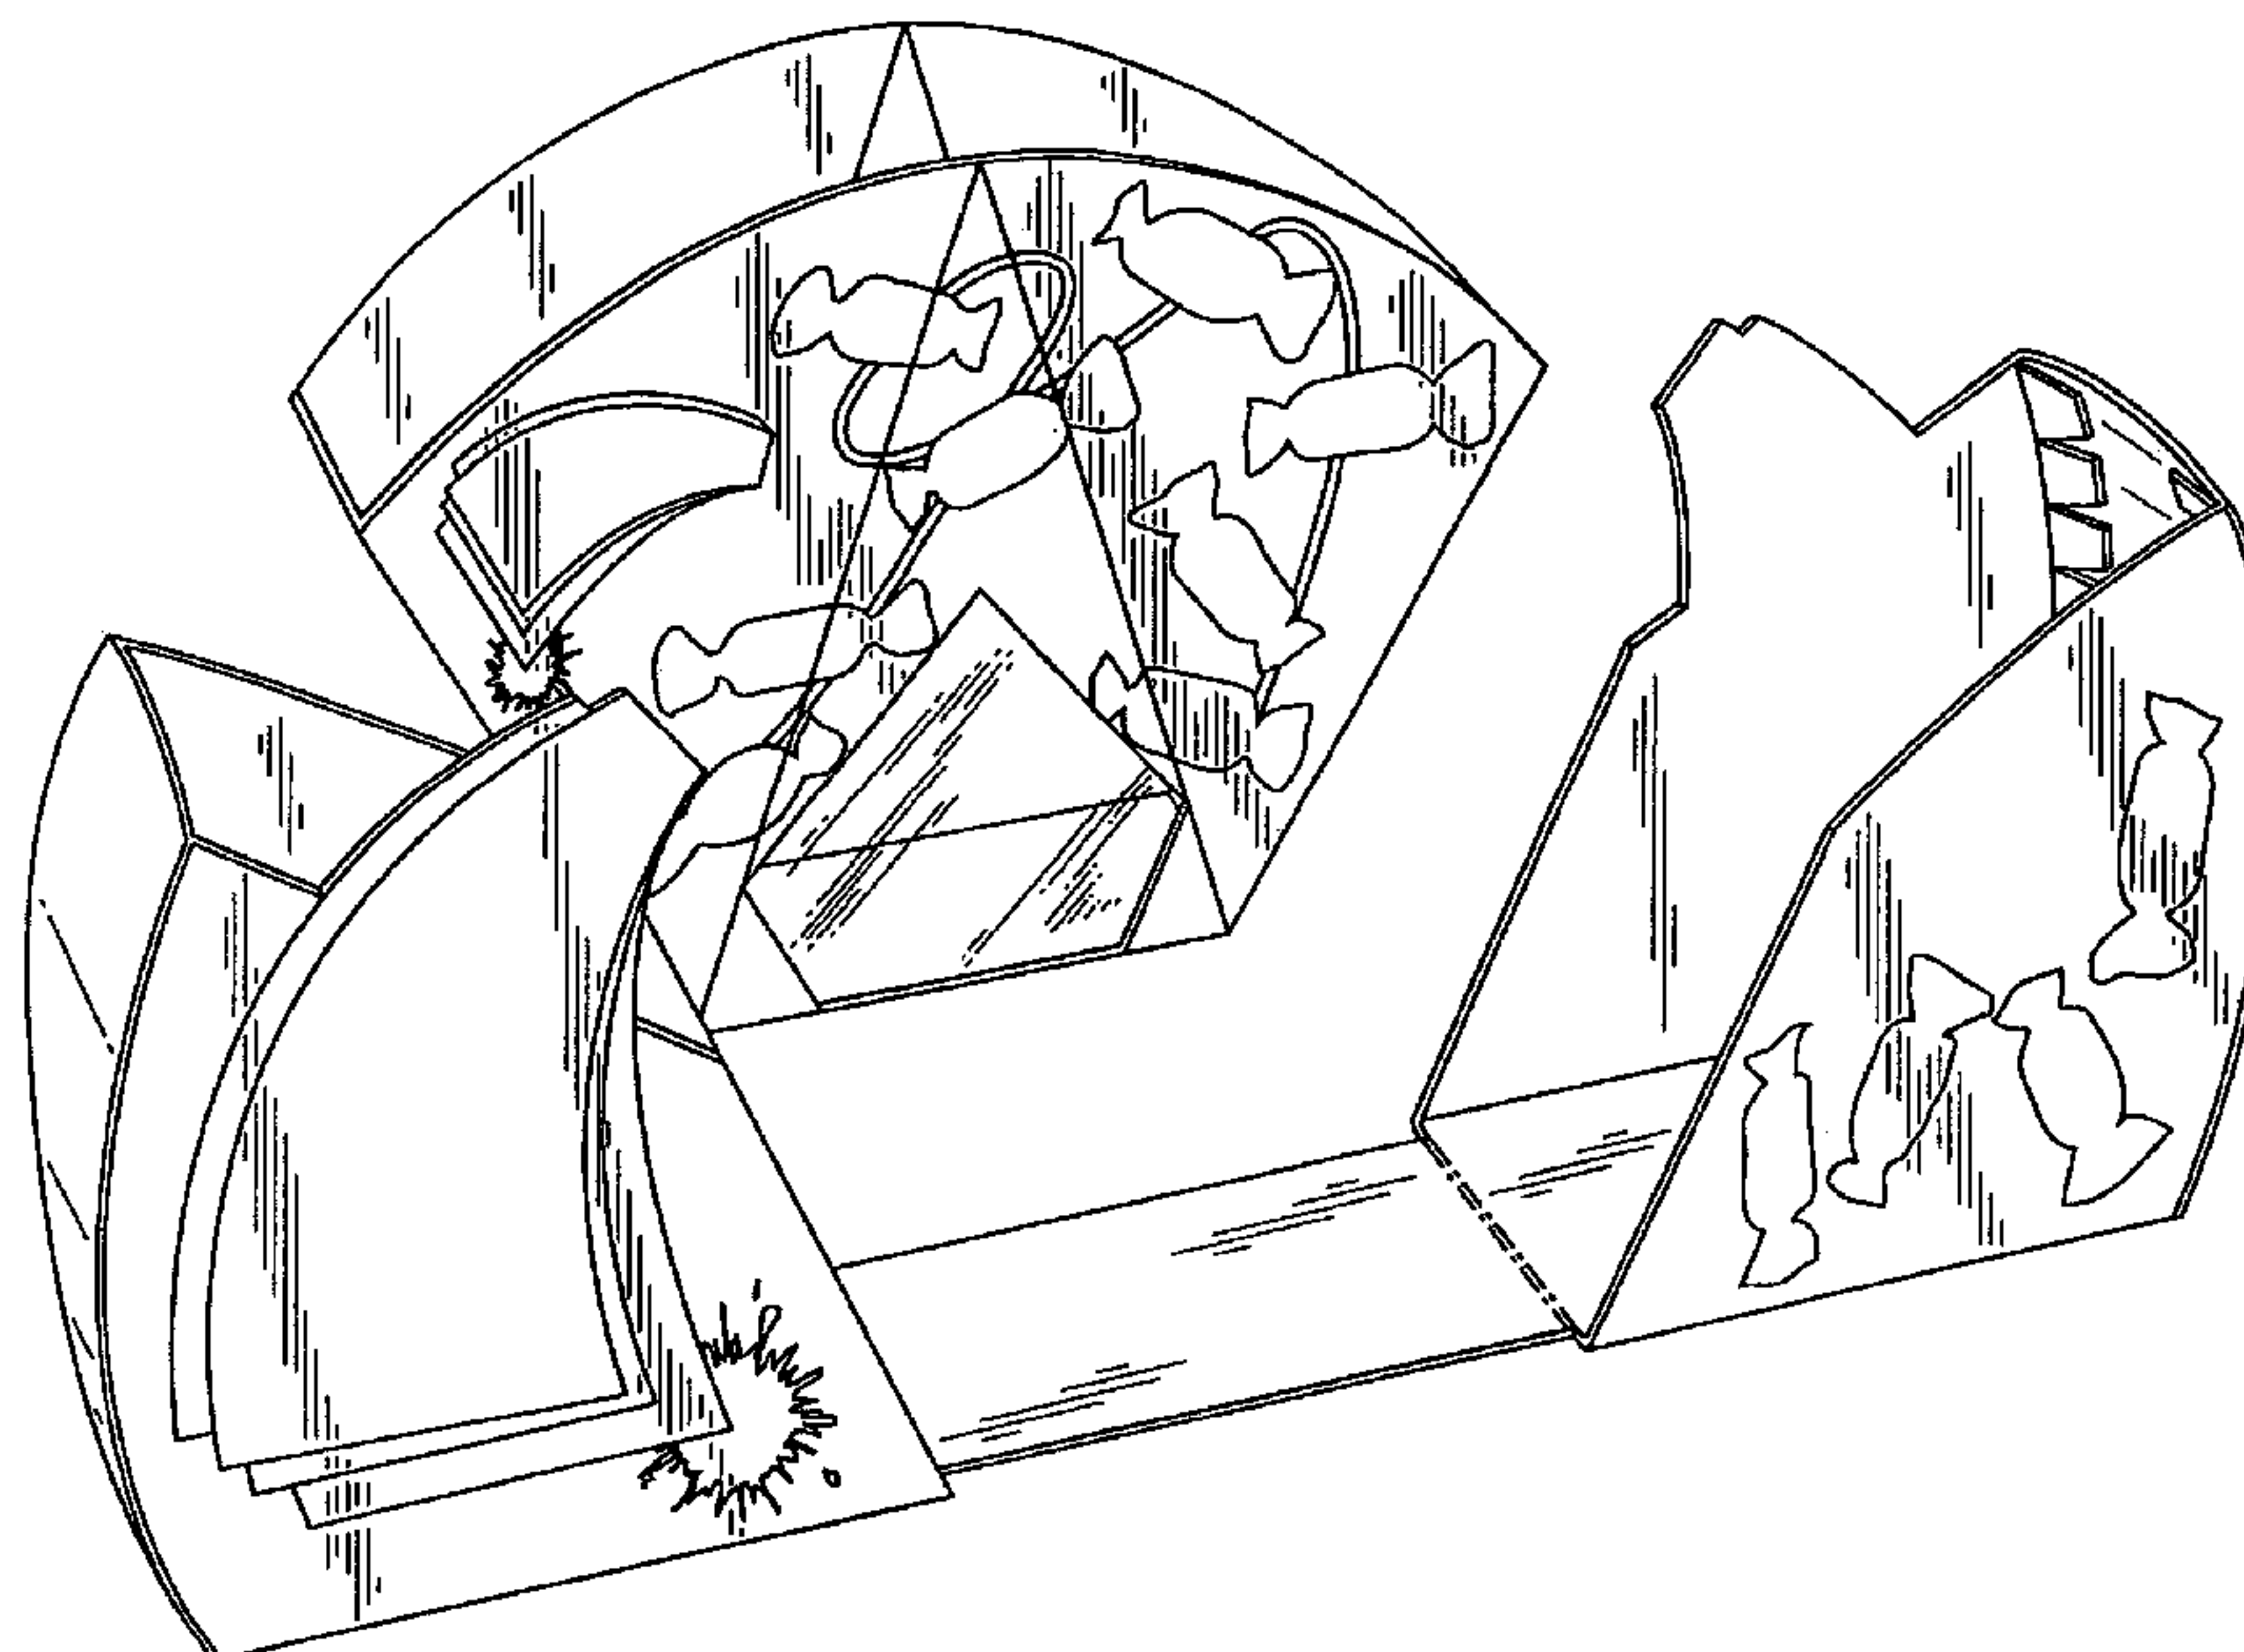

FIG. 7: is a left side view of the second component in the closed configuration, the right side view being identical;

FIG. 8: is a top view of the second component in the closed configuration; and,

FIG. 9: is a bottom view of the second component in the closed configuration.

In the various Figures, the material shown in dotted line forms no part of the inventive design of the particular embodiment.
