(57) **CLAIM**

The ornamental design for a spinal implant, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a spinal implant showing our new design;

FIG. 2 is a right side elevation thereof;

FIG. 3 is a left side elevation thereof;

FIG. 4 is an end elevation thereof, the end opposite being a mirror image;

FIG. 5 is a rear elevation thereof; and,

FIG. 6 is a front elevation thereof.

The broken lines shown in the drawings represent environmental structure and form no part of the claimed design.
