(57) **CLAIM**

The ornamental design for a tire tread, as shown and
described.

DESCRIPTION

FIG. 1 is a perspective view of a tire, it being understood that
the tread pattern repeats circumferentially and uniformly
throughout the outer circumference and shoulder area of the
tire, where the opposite perspective view being an identical
image thereto; and,

FIG. 2 is a front elevation view thereof.

In the drawing, the shading represents the recessed groove
portions of the tire tread having a depth. The broken line
disclosure of the tire side wall and bead areas are for
illustrative purposes only and form no part of the claimed
design.
