(57) **CLAIM**

The ornamental design for a pick for stringed musical instruments, substantially as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is as a pick for use with stringed musical instruments, which is primarily useful for plucking the strings thereof.

FIG. 1 is a front elevational view of a pick for stringed musical instruments showing my new design, wherein a concave depression is shown within the shaded area;

FIG. 2 is a rear perspective view of the pick shown in FIG. 1, wherein a concave depression is shown within the shaded area;

FIG. 3 is a side elevational view of the pick shown in FIGS. 1 and 2, the undisclosed opposite side view being a mirror image thereof; and,

FIG. 4 is a reduced cross sectional view thereof, taken along line 4—4 of FIG. 1.
