(57) **CLAIM**

The design for a fence post top, as shown and described.

DESCRIPTION

FIG. 1 is a top and perspective view of the fence post top;

FIG. 2 is a bottom and perspective view of the fence post top;

FIG. 3 is a left side elevation view of the fence post top, the right side being a mirror image thereof;

FIG. 4 is a front side elevation view of the fence post top, the back side being a mirror image thereof;

FIG. 5 is a top plan view of the fence post top;

FIG. 6 is a bottom plan view of the fence post top;

FIG. 7 is a top and perspective view of the second variant of the fence post top;

FIG. 8 is a bottom and perspective view of the second variant of the fence post top;

FIG. 9 is a left side elevation view of the second variant of the fence post top, the right side being a mirror image thereof;

FIG. 10 is a front side elevation view of the second variant of the fence post top, the back side being a mirror image thereof;

FIG. 11 is a top plan view of the second variant of the fence post top;

FIG. 12 is a bottom plan view of the second variant of the fence post top;

FIG. 13 is a top and perspective view of the third variant of the fence post top;

FIG. 14 is a bottom and perspective view of the third variant of the fence post top;

FIG. 15 is a left side elevation view of the third variant of the fence post top, the right side being a mirror image thereof;

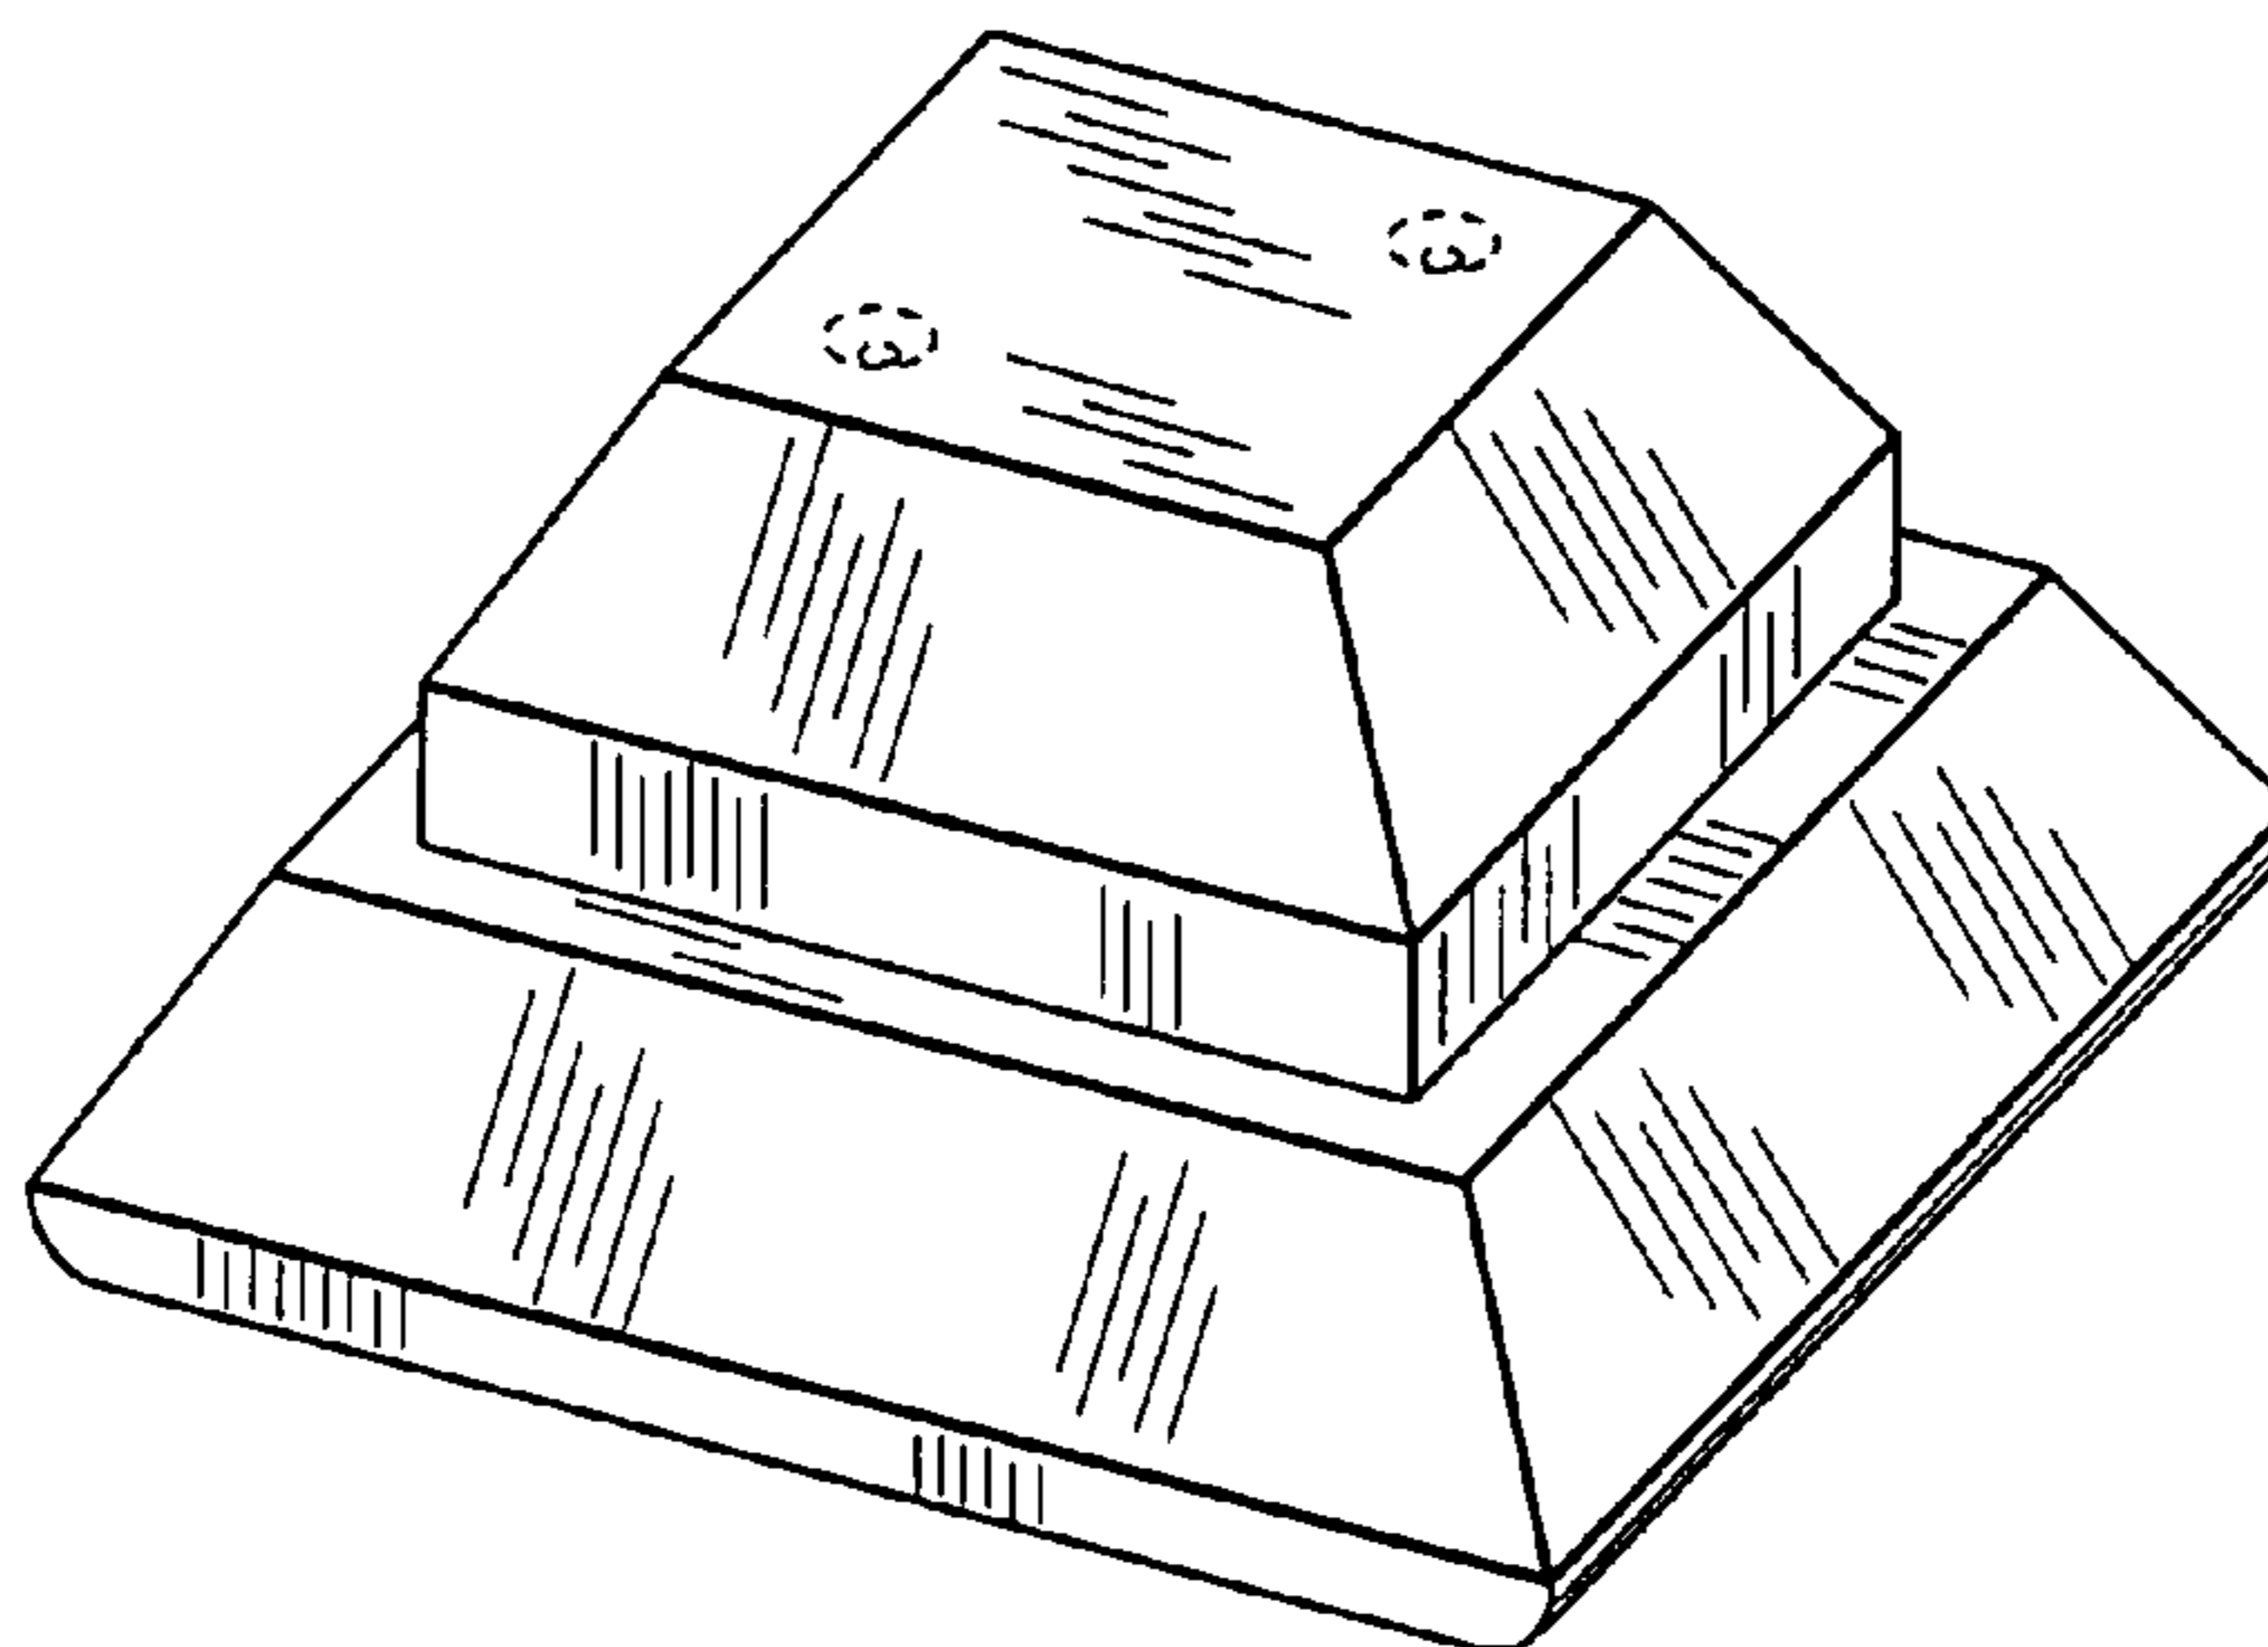

FIG. 16 is a front side elevation view of the third variant of the fence post top, the back side being a mirror image thereof;

FIG. 17 is a top plan view of the third variant of the fence post top; and,

FIG. 18 is a bottom plan view of the third variant of the fence post top.

The broken lines are for illustrative purposes only and form no part of the claimed design.
