(57) **CLAIM**

The ornamental design for a bowl for balance, as shown and described.

DESCRIPTION

FIG. 1 is an elevational view, from a first side, of a bowl for balance, showing our new design, the elevational views at 90° intervals from this side being identical;

FIG. 2 is a top plan view thereof;

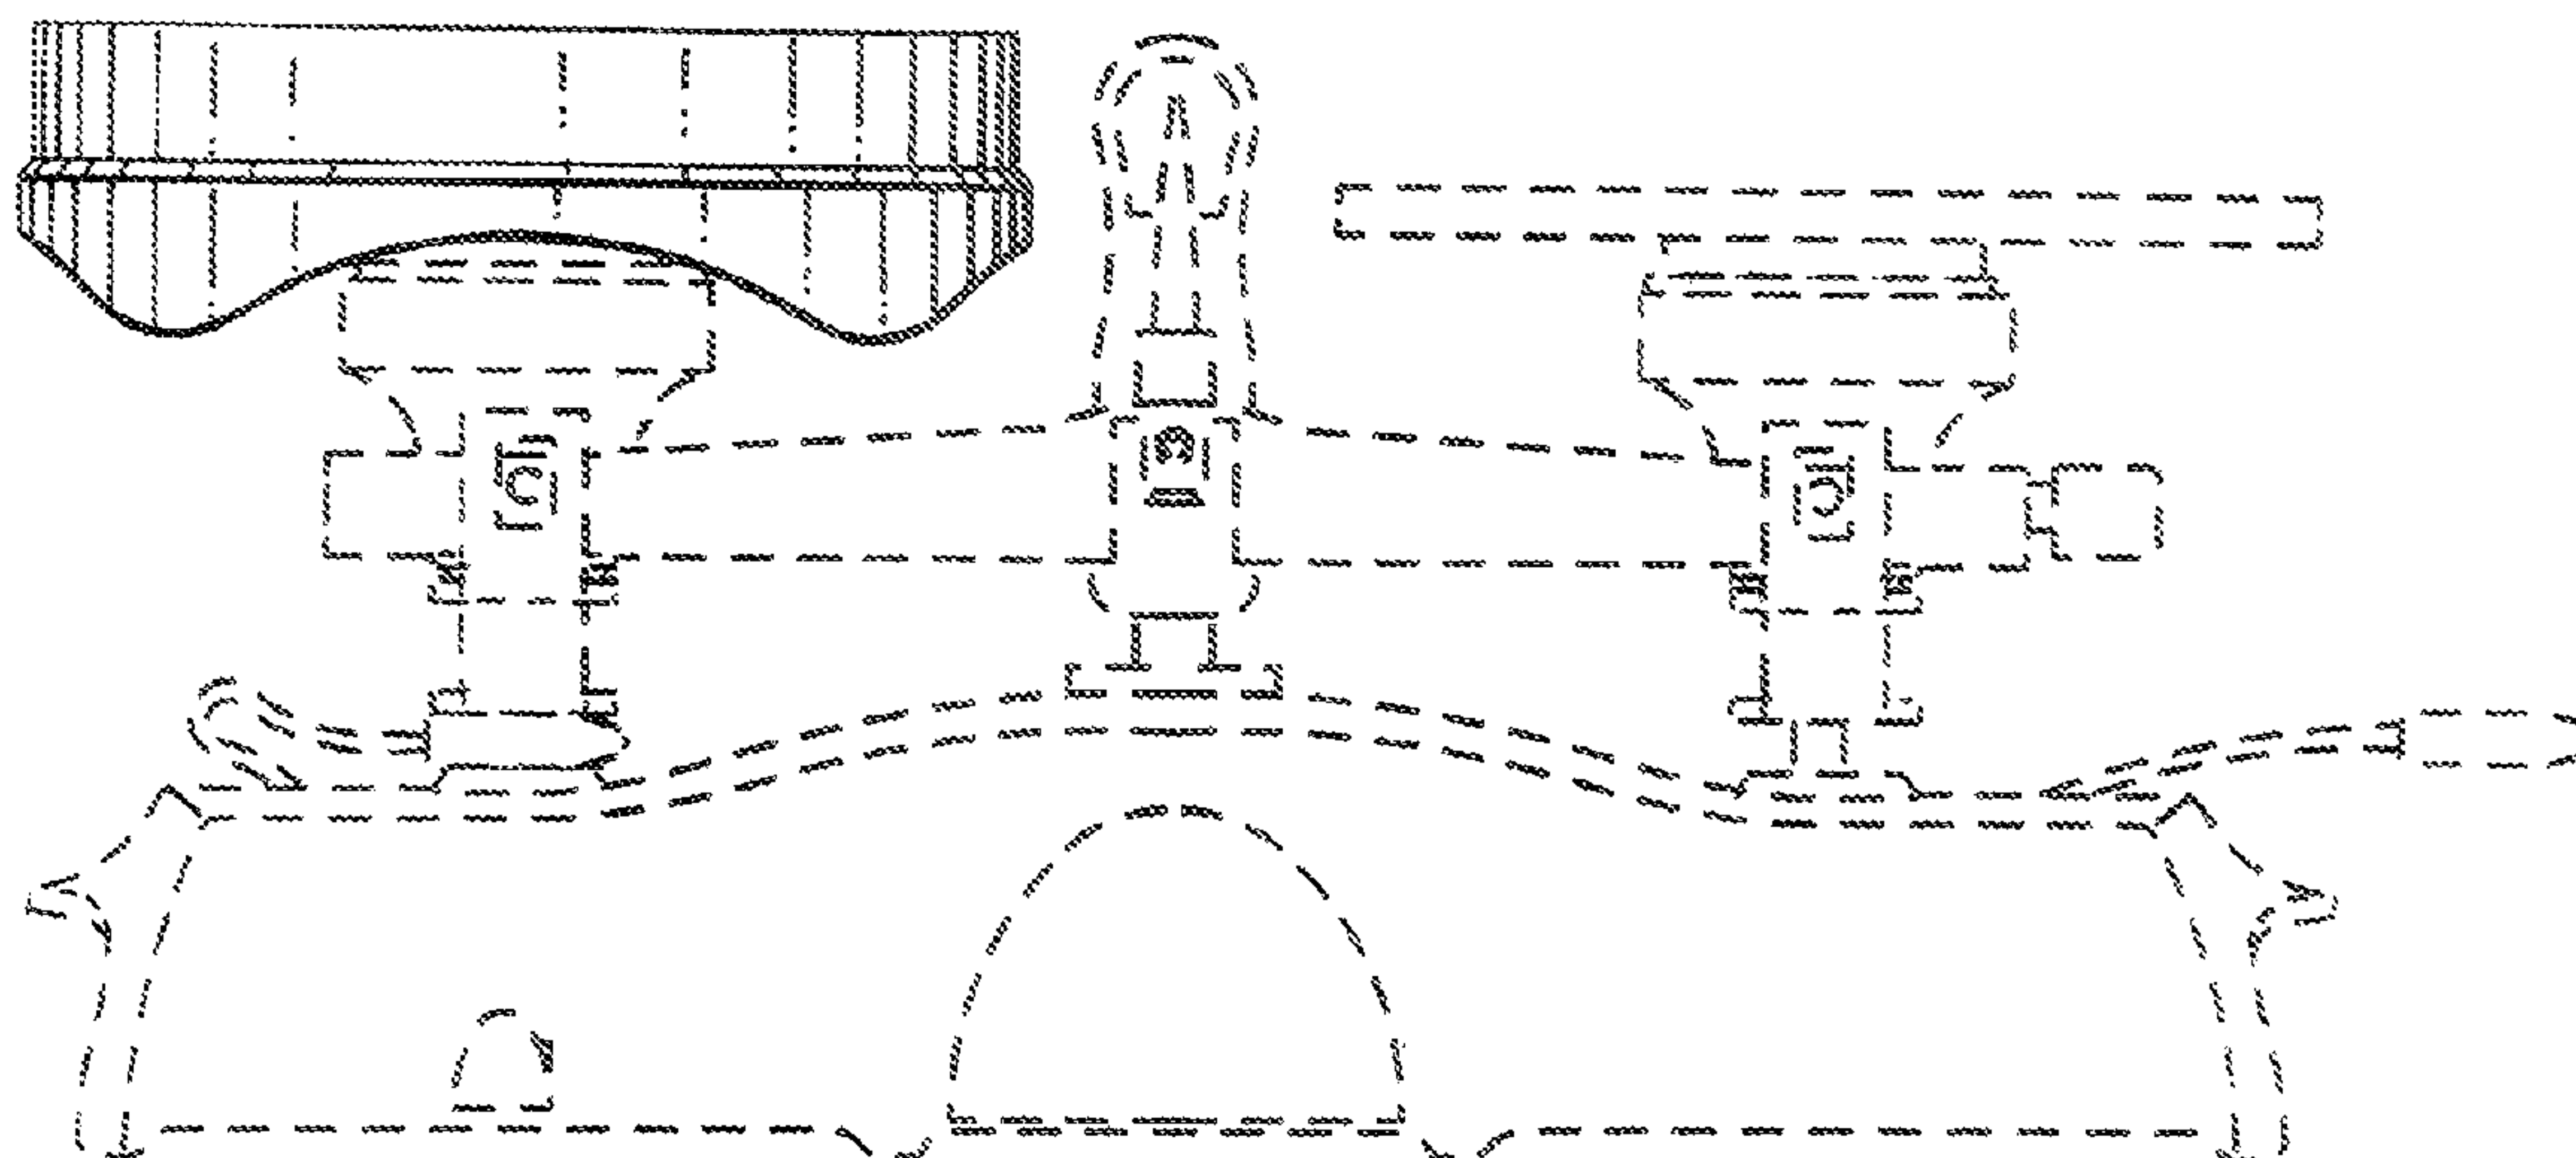

FIG. 3 is an elevational view thereof from a second side offset 45° from the side shown in FIG. 1, the elevational views at 90° intervals from this side being identical;

FIG. 4 is a bottom view thereof; and,

FIG. 5 is a top perspective view thereof from the side shown in FIG. 3.

The balance shown in broken line is a representation of environmental structure forming no part of the claimed design.
