(57) **CLAIM**

The ornamental design for a surgical device handling system, as shown and described.

**DESCRIPTION**

FIG. 1 shows a perspective view of a surgical device handling system according to the present invention.

FIG. 2 shows a front elevation view of the surgical device handling system of FIG. 1.

FIG. 3 shows a right side elevation view of the surgical device handling system of FIG. 1.

FIG. 4 shows a rear elevation view of the surgical device handling system of FIG. 1.

FIG. 5 shows a left side elevation view of the surgical device handling system of FIG. 1; and,

FIG. 6 shows a top view of the surgical device handling system of FIG. 1.

Portions or features of the surgical device handling system not shown in the drawings form no part of the claimed design. The broken lines shown in the drawings are for illustrative purposes only, and form no part of the claimed design.
