(57) **CLAIM**

I claim the ornamental design for a martini glass curved stem hummingbird feeder, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the martini glass curved stem hummingbird feeder according to the present invention.

FIG. 2 is a side elevation view thereof, the other side view, as seen turned 120 degrees, is identical;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

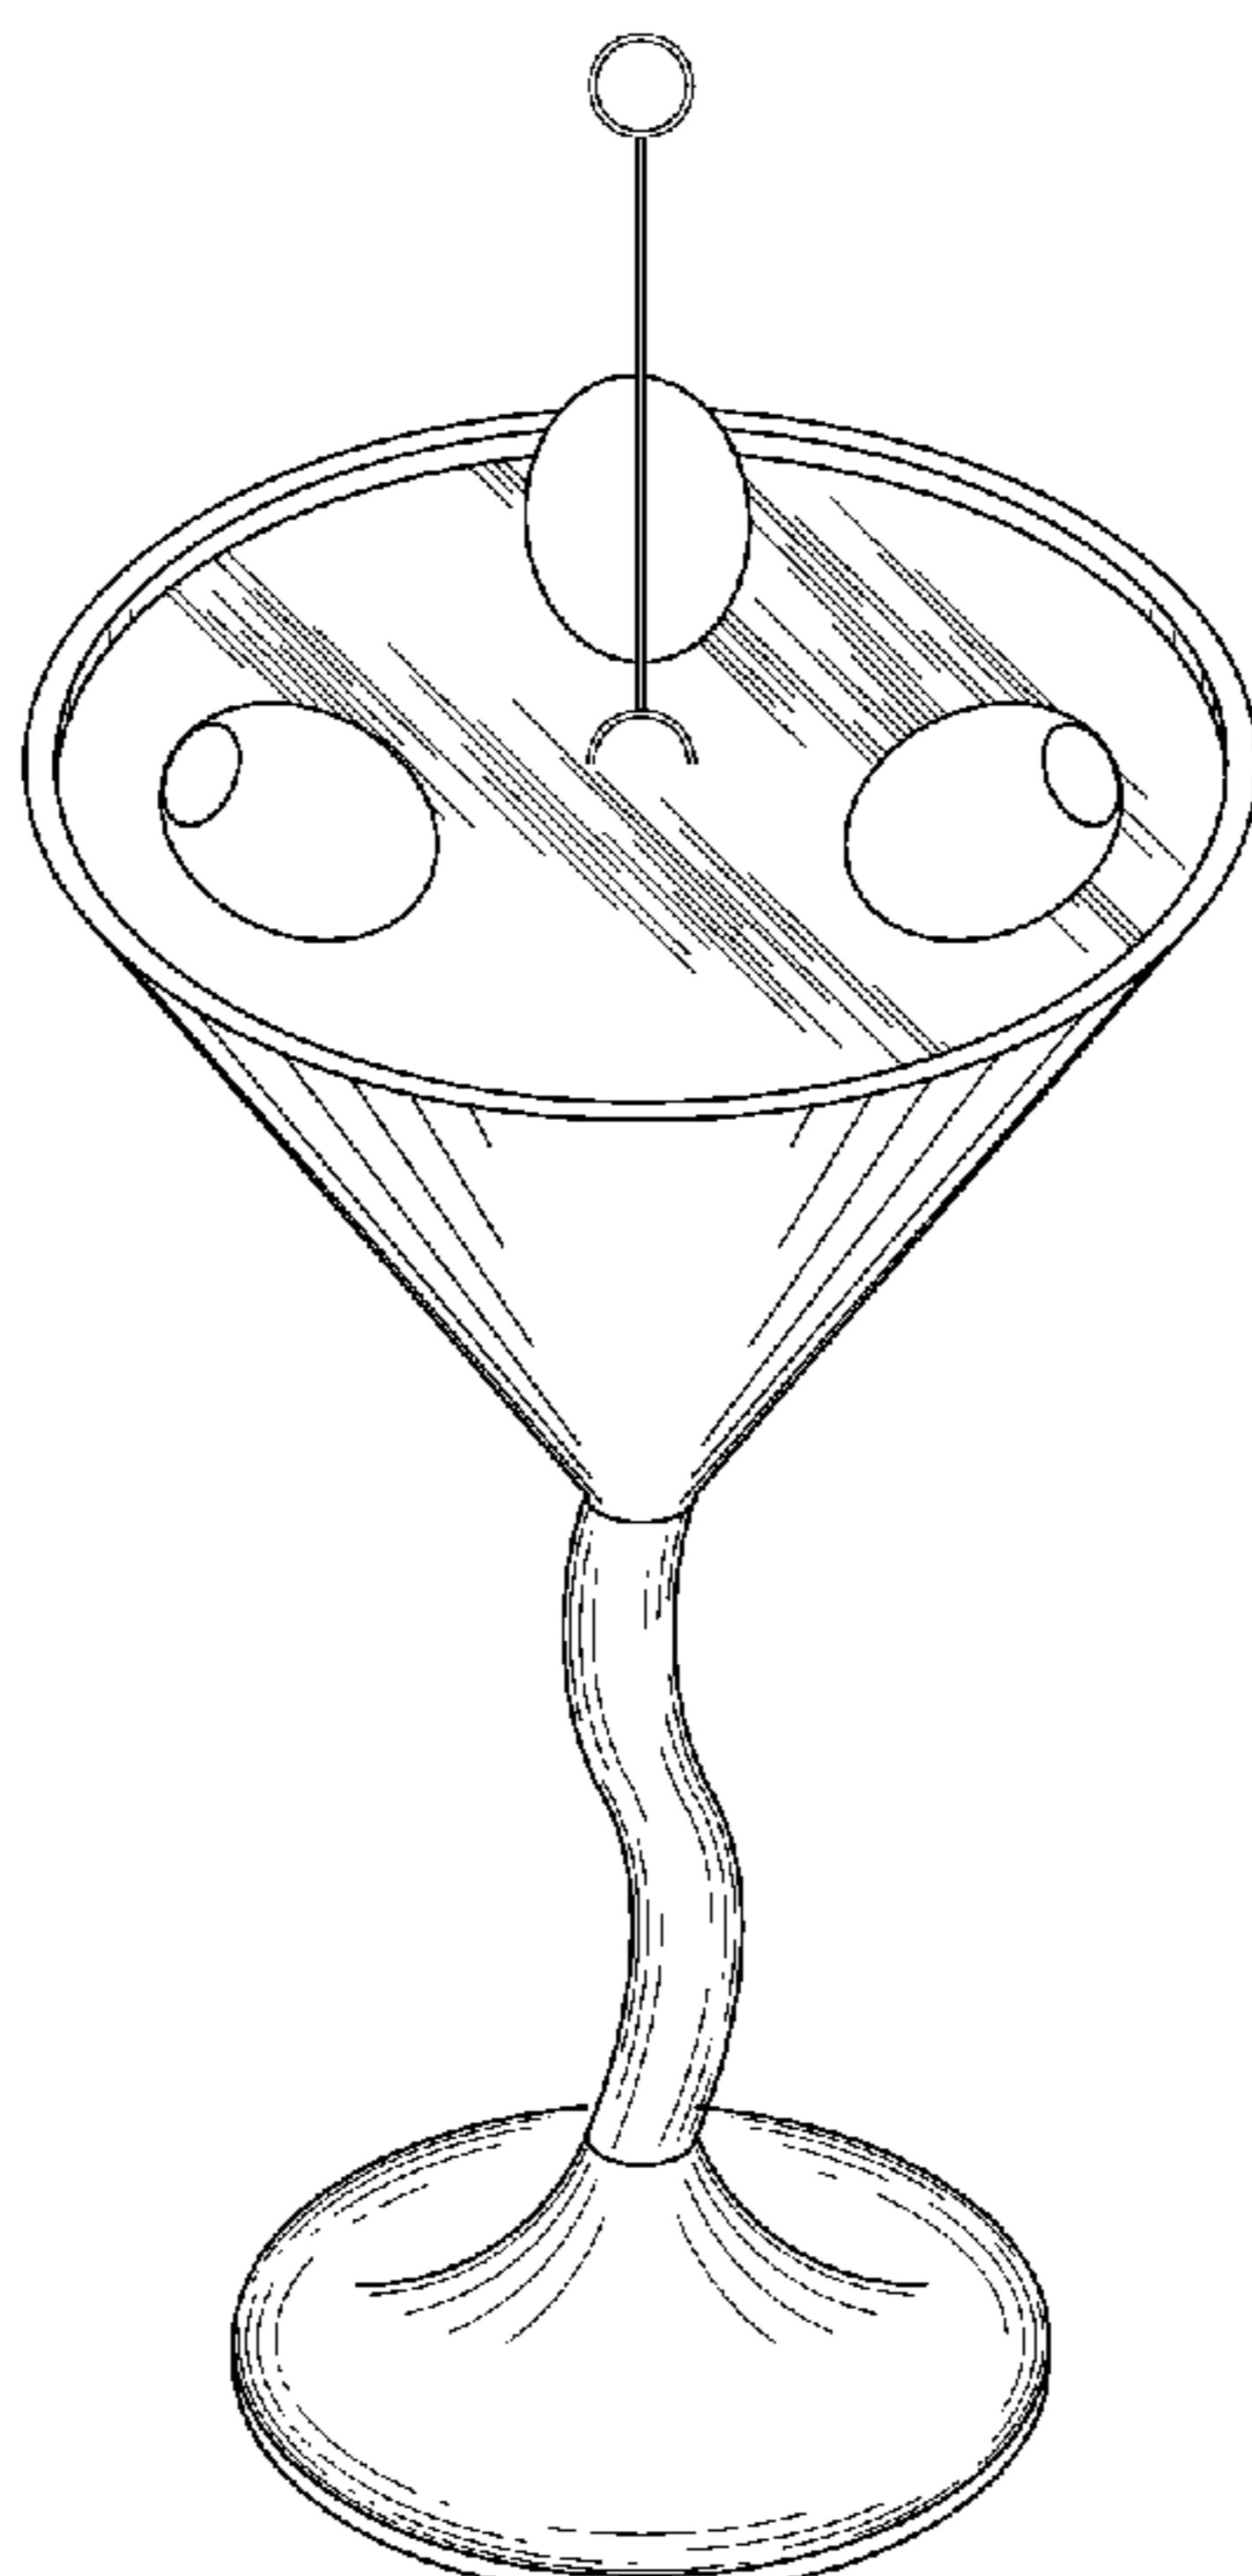

FIG. 5 is a perspective view of an alternative embodiment of the martini glass curved stem hummingbird feeder;

FIG. 6 is a side elevation view thereof, the other side view, as seen turned 120 degrees, is identical;

FIG. 7 is a top plan view thereof; and,

FIG. 8 is a bottom view thereof.
