(57) **CLAIM**

The ornamental design for a hooded jacket, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of the present invention, wherein the right-hand arm of the jacket is depicted in a placement folded over in a direction to the front of the jacket;

FIG. 2 is a rear elevational view thereof, wherein the right-hand arm of the jacket is depicted in a placement folded over in a direction to the back of the jacket;

FIG. 3 is a right elevational view thereof, wherein the placement of the right-hand arm is parallel to the length of the jacket;

FIG. 4 is a top plan view thereof, wherein the placement of the arms is parallel to the length of the jacket;

FIG. 5 is a bottom plan view thereof, wherein the placement of the arms is parallel to the length of the jacket; and,

FIG. 6 is a perspective view thereof, wherein the placement of the arms is perpendicular to the length of the jacket.

Wherein the broken lines shown in FIGS. 1–6 represent conventional stitching.
