(57) **CLAIM**

The ornamental design for a ceiling and wall decorative panel, as shown and described.

DESCRIPTION

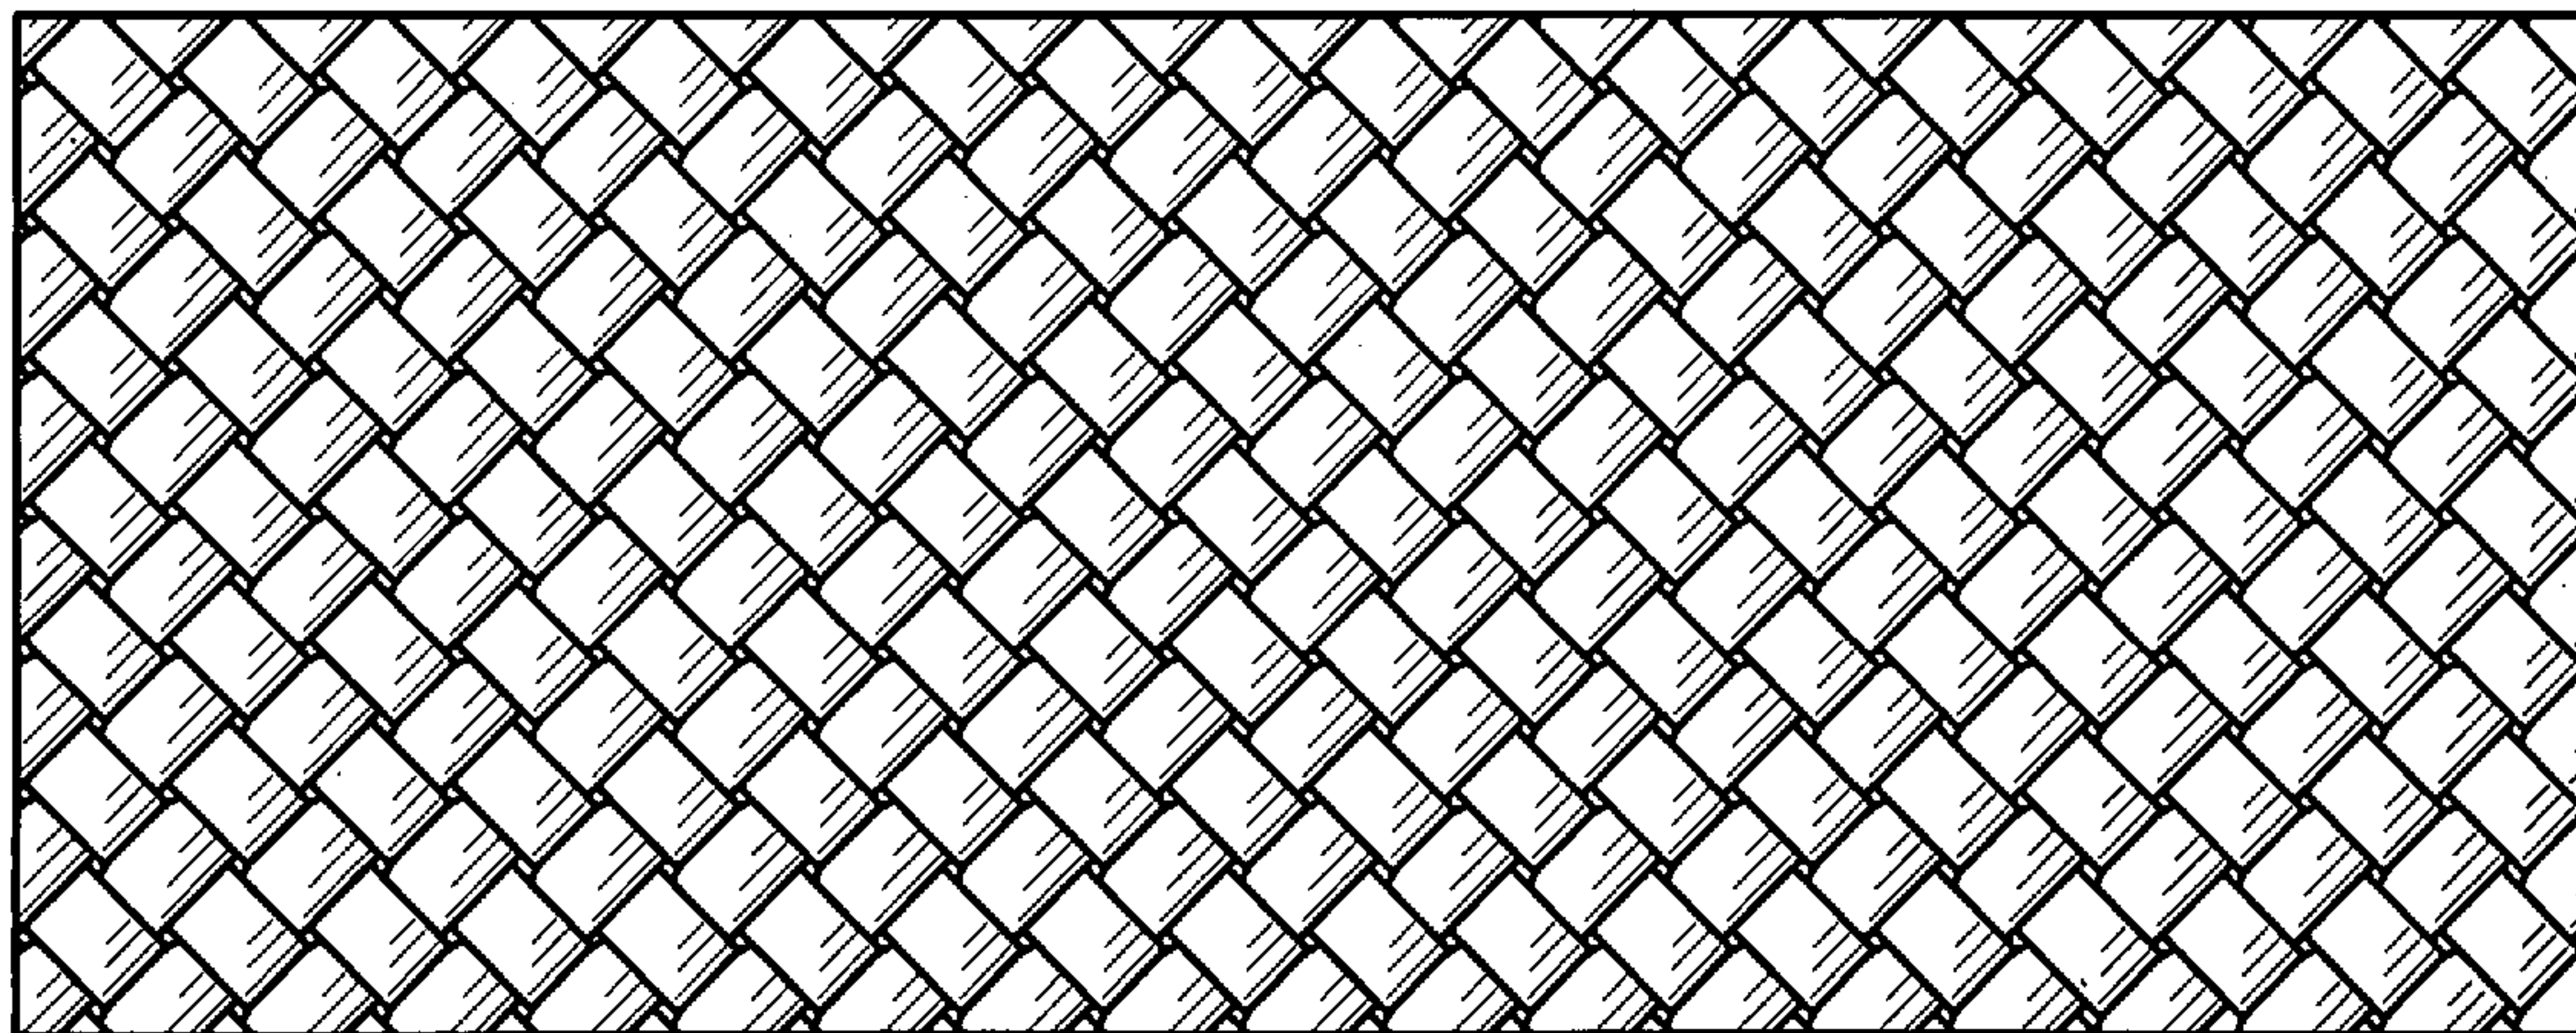

FIG. 1 is a top plan view of a ceiling and wall decorative panel. The appearance of the bottom and sides forms no part of the claimed design.

FIG. 2 is a top plan view of a cut-out portion of a bottom right corner thereof, wherein top plan views of cut-out bottom left, upper right and upper left corners thereof are mirror images of the top plan view of the cut-out bottom right corner thereof. The broken line is to indicate a cut-out only and forms no part of the claimed design.

FIG. 3 is a perspective view of a cut-out portion of a bottom right corner thereof, wherein perspective views of cut-out bottom left, upper right and upper left corners thereof are mirror images of the perspective view of the cut-out bottom right corner thereof. The broken line is to indicate a cut-out only and forms no part of the claimed design; and,

FIG. 4 is a front elevational view of a plurality of the ceiling and wall decorative panels according to this invention. The broken lines are to illustrate an environment only and form no part of the claimed design.
