(57) **CLAIM**

The ornamental design for metal frame cafe chair with wood slat seat and back, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a metal frame cafe chair with wood slat seat and back, illustrating a design with chair arms;

FIG. 2 is a front elevational view of the invention, illustrating the design with chair arms;

FIG. 3 is a rear elevational view of the invention, illustrating the design with chair arms;

FIG. 4 is a right-side elevational view of the invention, illustrating the design with chair arms, the left-side elevational view being a mirror image thereof;

FIG. 5 is a top plan view of the invention, illustrating the design with chair arms;

FIG. 6 is a bottom plan view of the invention, illustrating the design with chair arms;

FIG. 7 is a perspective view of the invention, illustrating a design without chair arms;

FIG. 8 is a front elevational view of the invention, illustrating the design without chair arms;

FIG. 9 is a rear elevational view of the invention, illustrating the design without chair arms;

FIG. 10 is a right-side elevational view of the invention, illustrating the design without chair arms, the left-side elevational view being a mirror image thereof;

FIG. 11 is a top plan view of the invention, illustrating the design without chair arms; and,

FIG. 12 is a bottom plan view of the invention, illustrating the design without chair arms.
