(57) **CLAIM**

The ornamental design of a cable hanger, as shown and
described.

DESCRIPTION

FIG. 1 is a front elevation view of a cable hanger according
to the present invention;

FIG. 2 is a rear elevation view thereof;

FIG. 3 is a right side elevation view thereof;

FIG. 4 is a left side elevation view thereof;

FIG. 5 is a second front elevation view thereof;

FIG. 6 is a second rear elevation view thereof;

FIG. 7 is a second right side elevation view thereof;

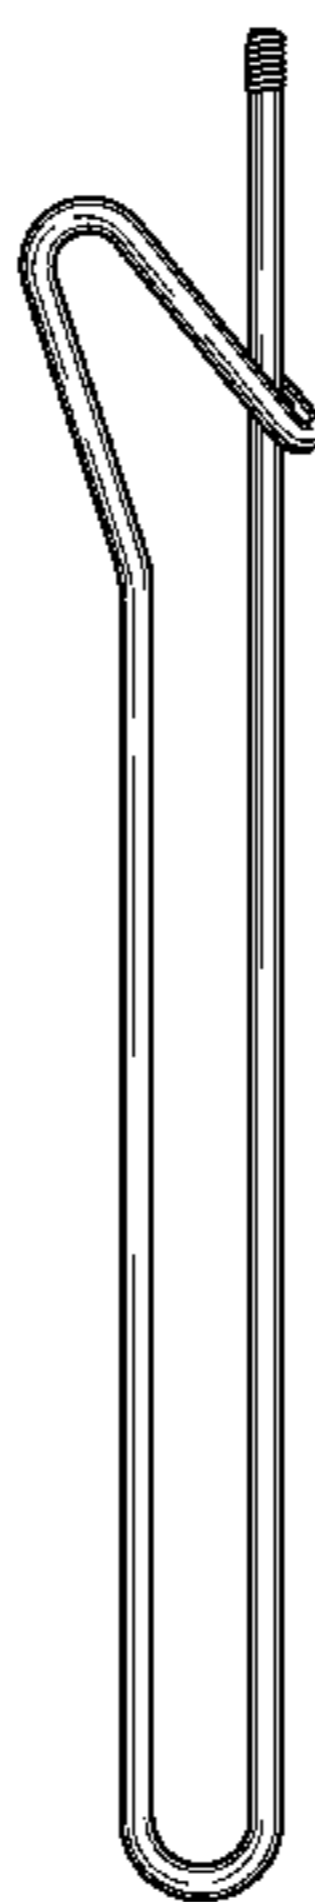

FIG. 8 is a second left side elevation view thereof;

FIG. 9 is a top view thereof; and,

FIG. 10 is a bottom view thereof.

The broken lines shown in the figures described above are
for illustrative purposes only and form no part of the claimed
design. The special broken line crossing the end diameter of
the claimed cable hanger shaft in FIGS. 5 through 8 defines
the bounds of the claimed design and forms no part of the
claimed design. It is noted that any difference in shading
indicates a contrast of appearance and does not depict any
particular color, texture, or material.
