(57) **CLAIM**

We claim the ornamental design for footwear, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view, showing the front and left side of footwear, showing our new design;

FIG. 2 is a top view thereof;

FIG. 3 is a left side view thereof; and,

FIG. 4 is a right side view thereof.

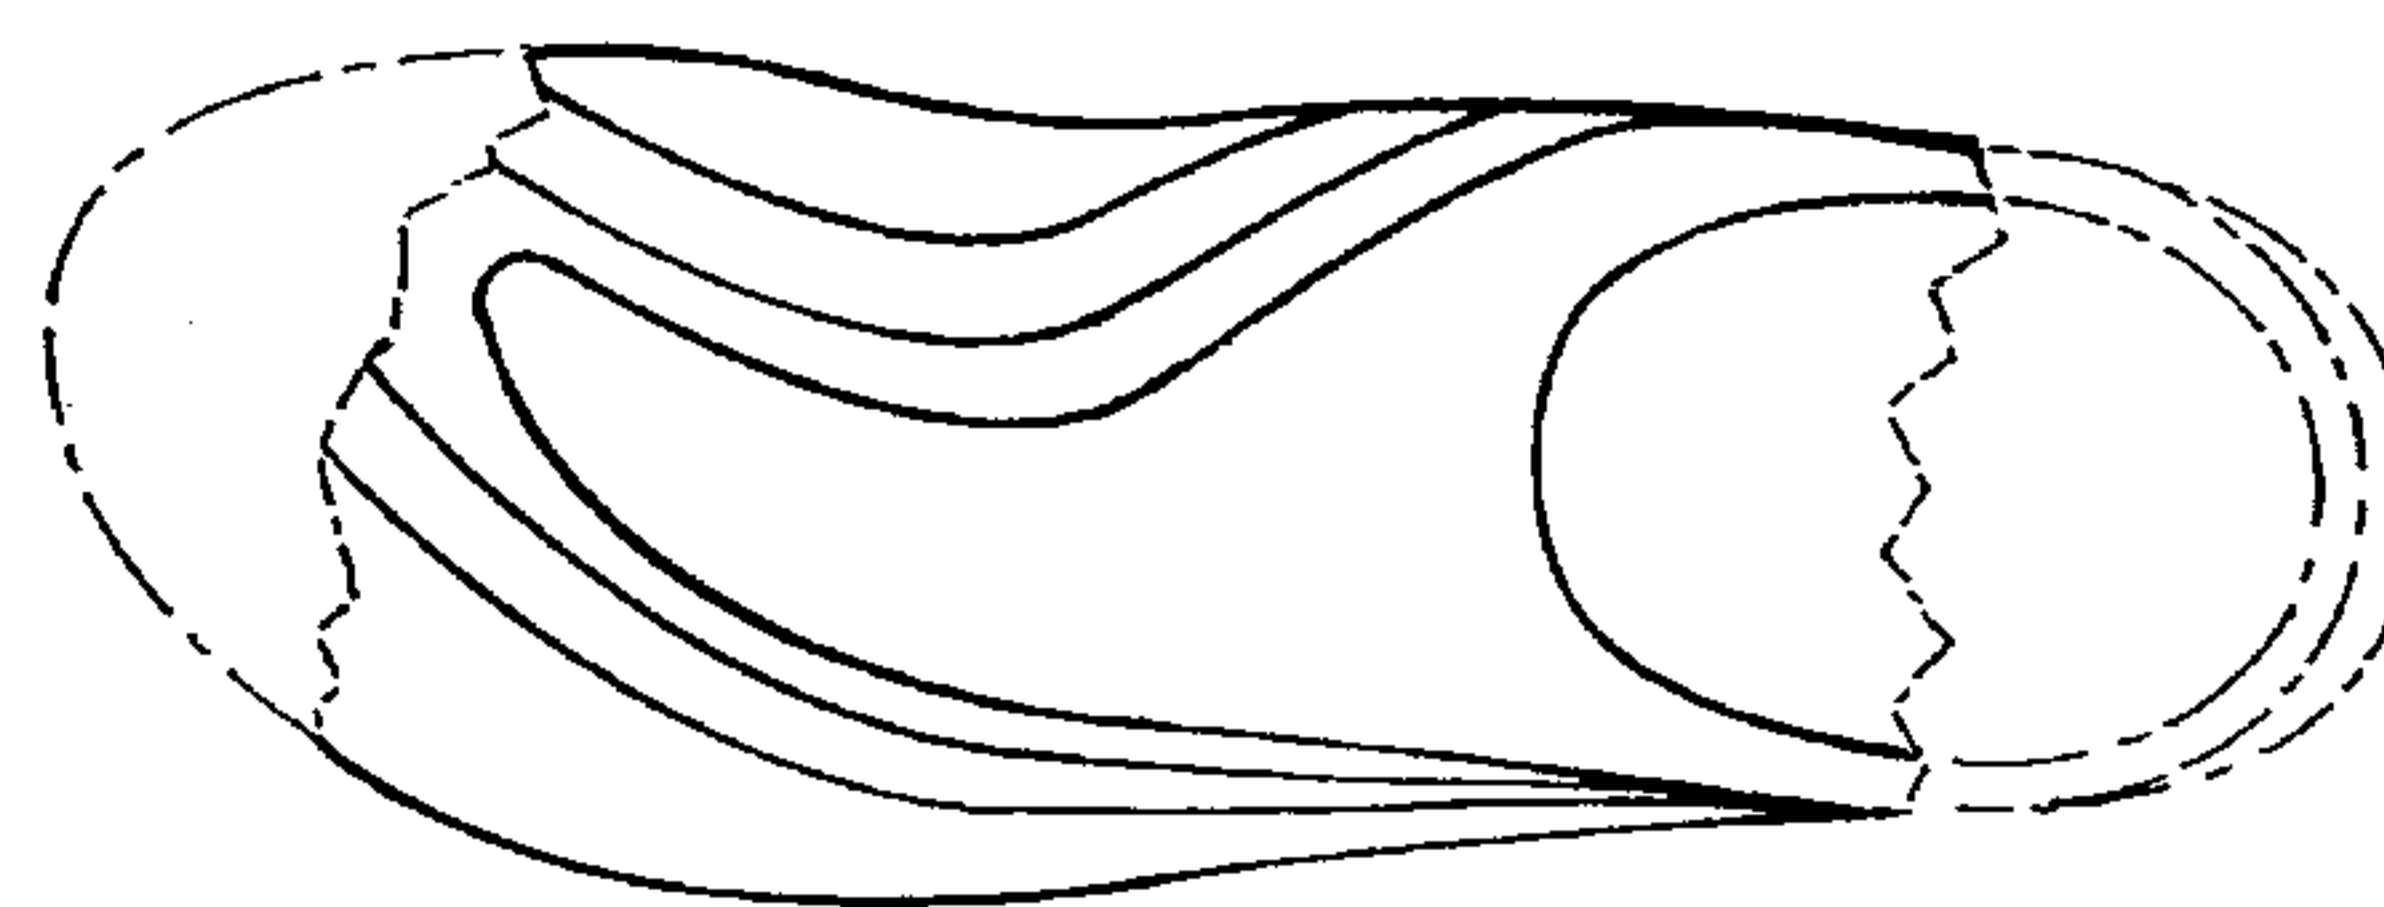

The solid line segments between the top and bottom of the claimed design encompass each of the following: boundaries of adjacent areas of differing colors, textures, and materials; boundaries of adjacent areas of common colors, textures, and materials; and surface ornamentation.

The jagged broken line segments in the drawing figures represent parts of the boundary of the claimed design, although the claimed design does not include the broken line segments.

The remaining broken line showing in the drawing figures is for illustrative purposes only and forms no part of the claimed design.

Any surface of the footwear not shown, or any part of any such surface not shown, is not part of the claimed design.
