(57) **CLAIM**

The ornamental design for wave pattern food container, as shown and described.

**DESCRIPTION**

FIG. 1 is an exploded top isometric view of a wave pattern food container in an open position with the lid and base separated, showing my design.

FIG. 2 is a top isometric view thereof with the container in a closed position.

FIG. 3 is a bottom isometric view thereof with the container in a closed position.

FIG. 4 is a front elevation view thereof with the container in a closed position, the rear elevation, left side elevation, and right side elevation views being identical thereto.

FIG. 5 is a top plan view thereof with the container in a closed position.

FIG. 6 is a bottom view thereof, with the container in a closed position.

FIG. 7 is an exploded front elevation view thereof, with the container in an open position, the rear elevation, left side elevation, and right side elevation exploded views being identical thereto; and,

FIG. 8 is a bottom plan view of the lid of the container.
