(57) CLAIM

The ornamental design for a wearable and positionable duallight, as shown and described.

DESCRIPTION

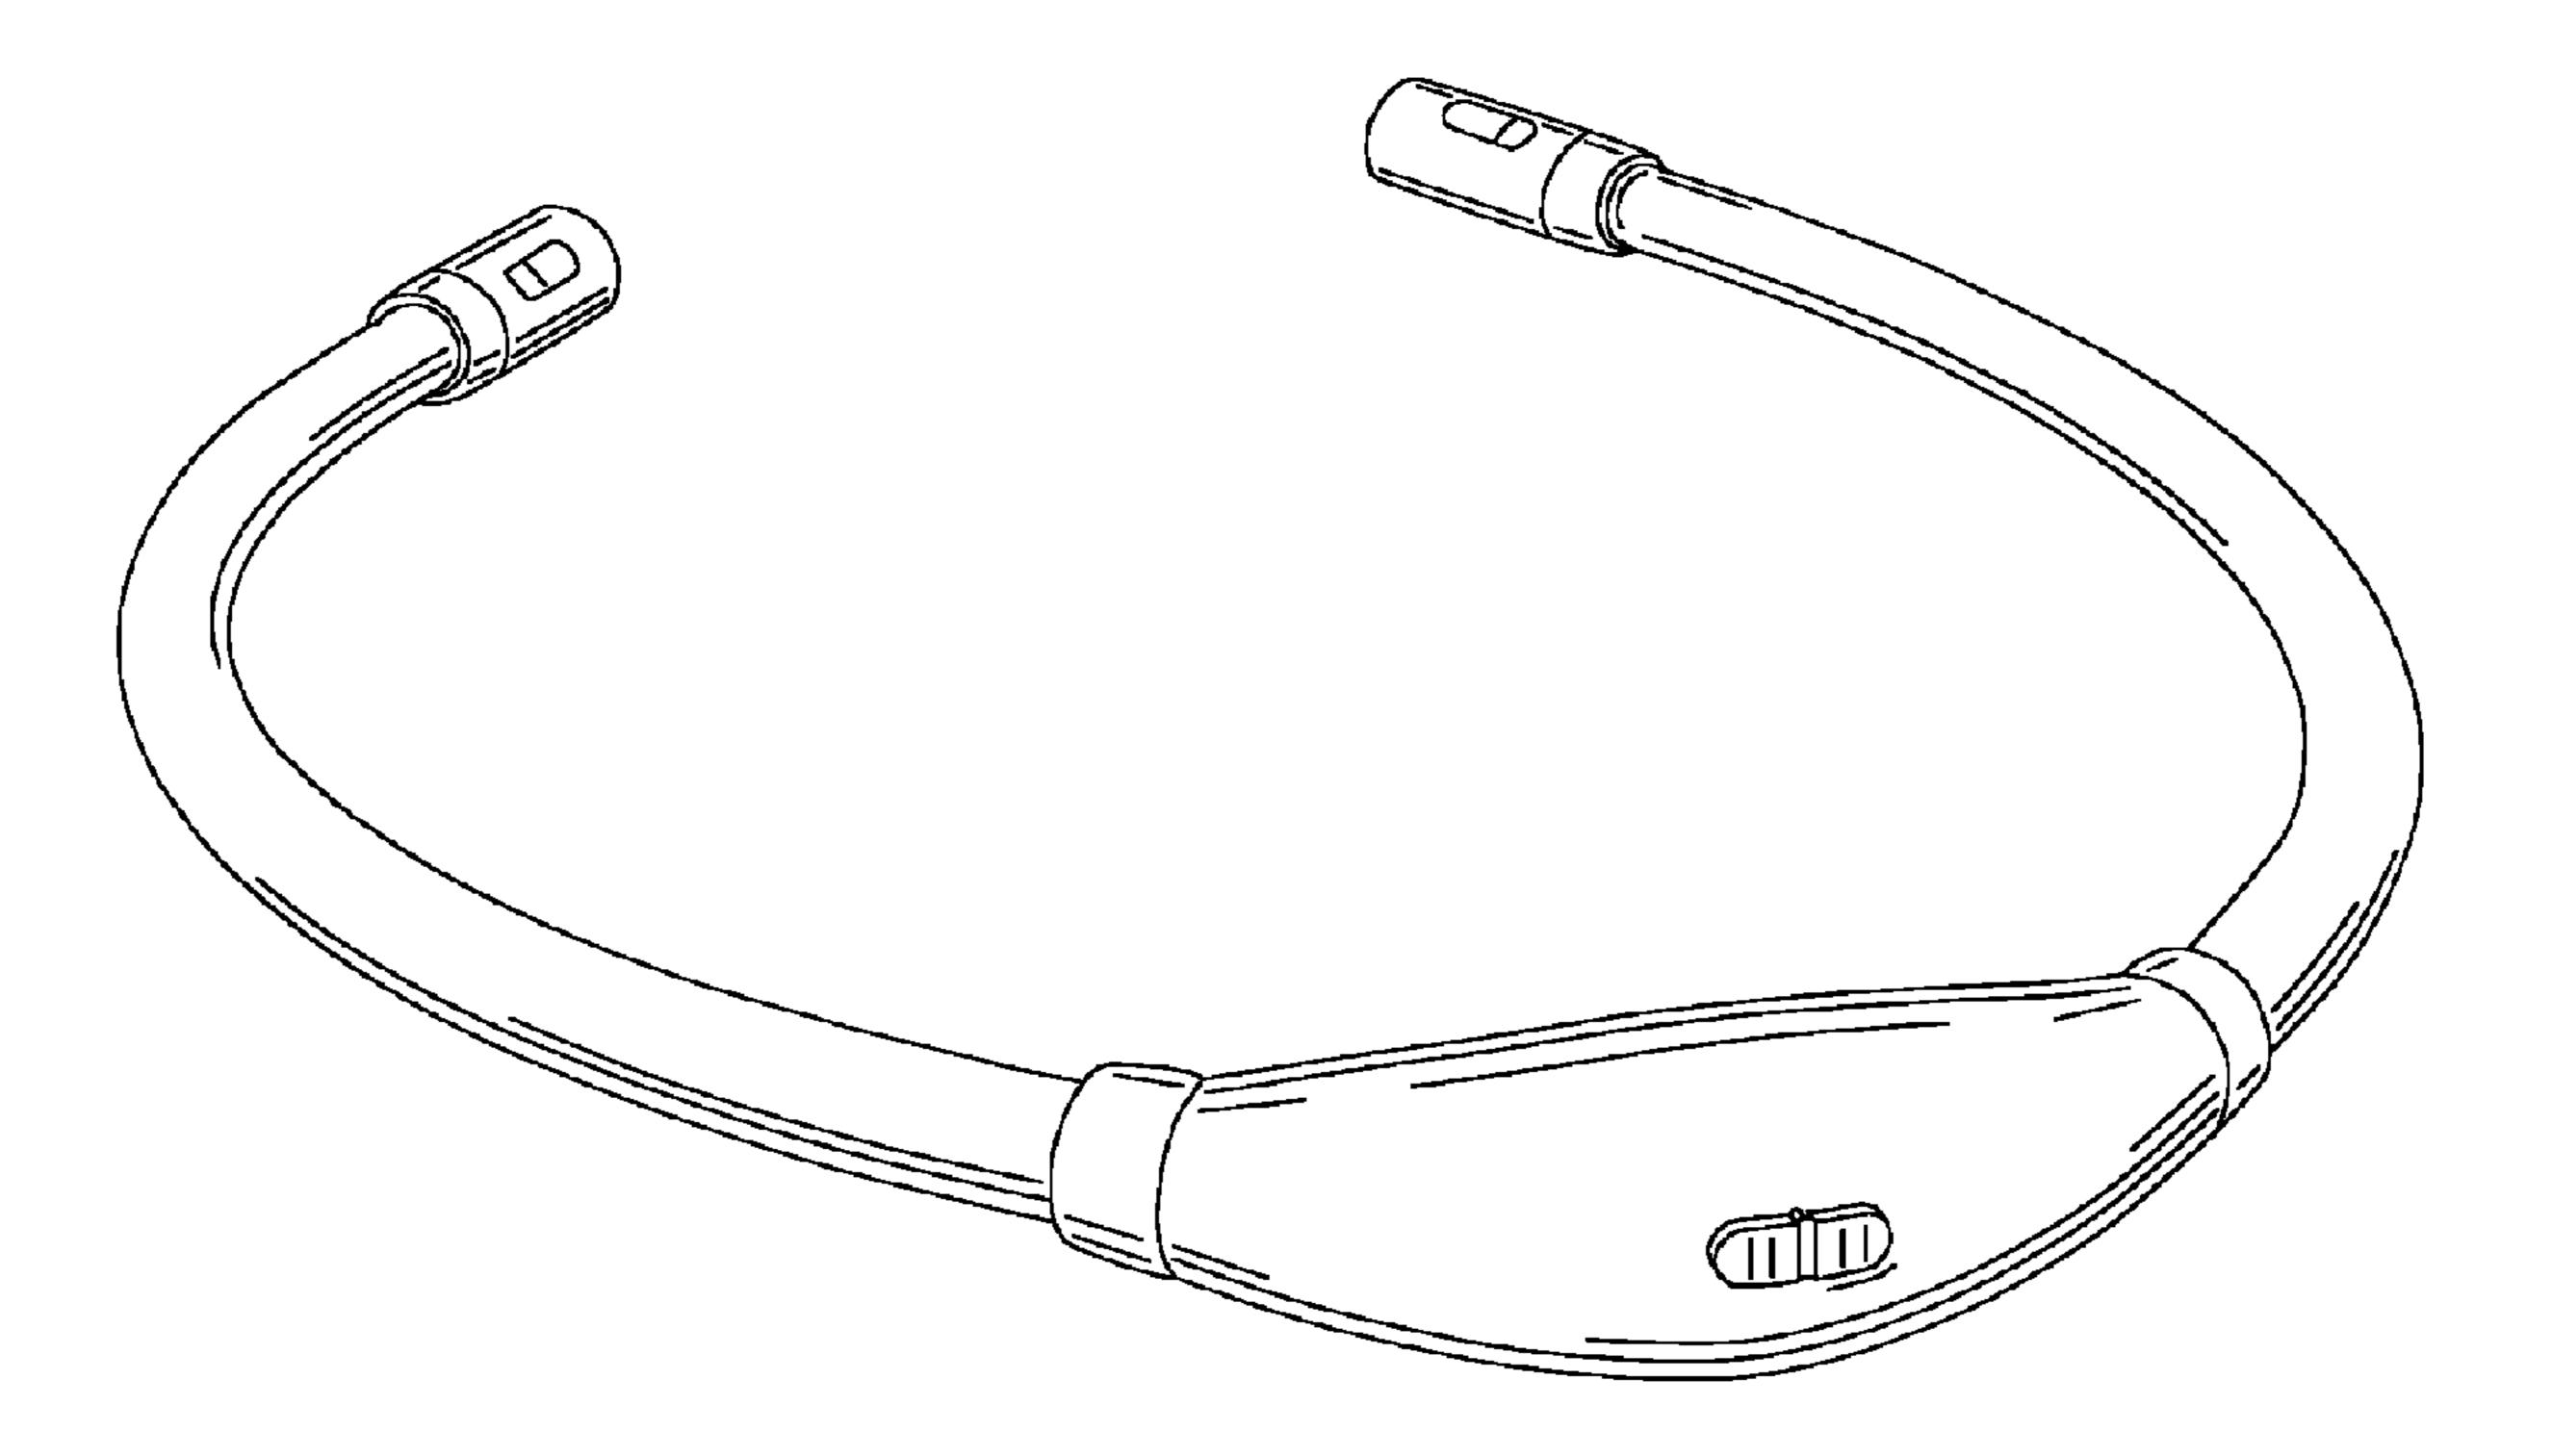

FIG. 1 is a perspective view of my wearable and positionable dual-light taken from above and to the front right of the light as it would be worn.

FIG. 2 is a perspective view of my light taken from above and to the rear left right of the light as it would be worn.

FIG. 3 is a plan view of the light; and,

FIG. 4 is an elevational or side view of the right side of the light as it would be worn. The left side is a mirror image of the right side.
