(57) **CLAIM**

I claim the ornamental design for a baby car seat, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a baby car seat showing my new design;

FIG. 2 is a front view thereof;

FIG. 3 is a back view thereof;

FIG. 4 is a left-side view thereof;

FIG. 5 is a right-side view thereof;

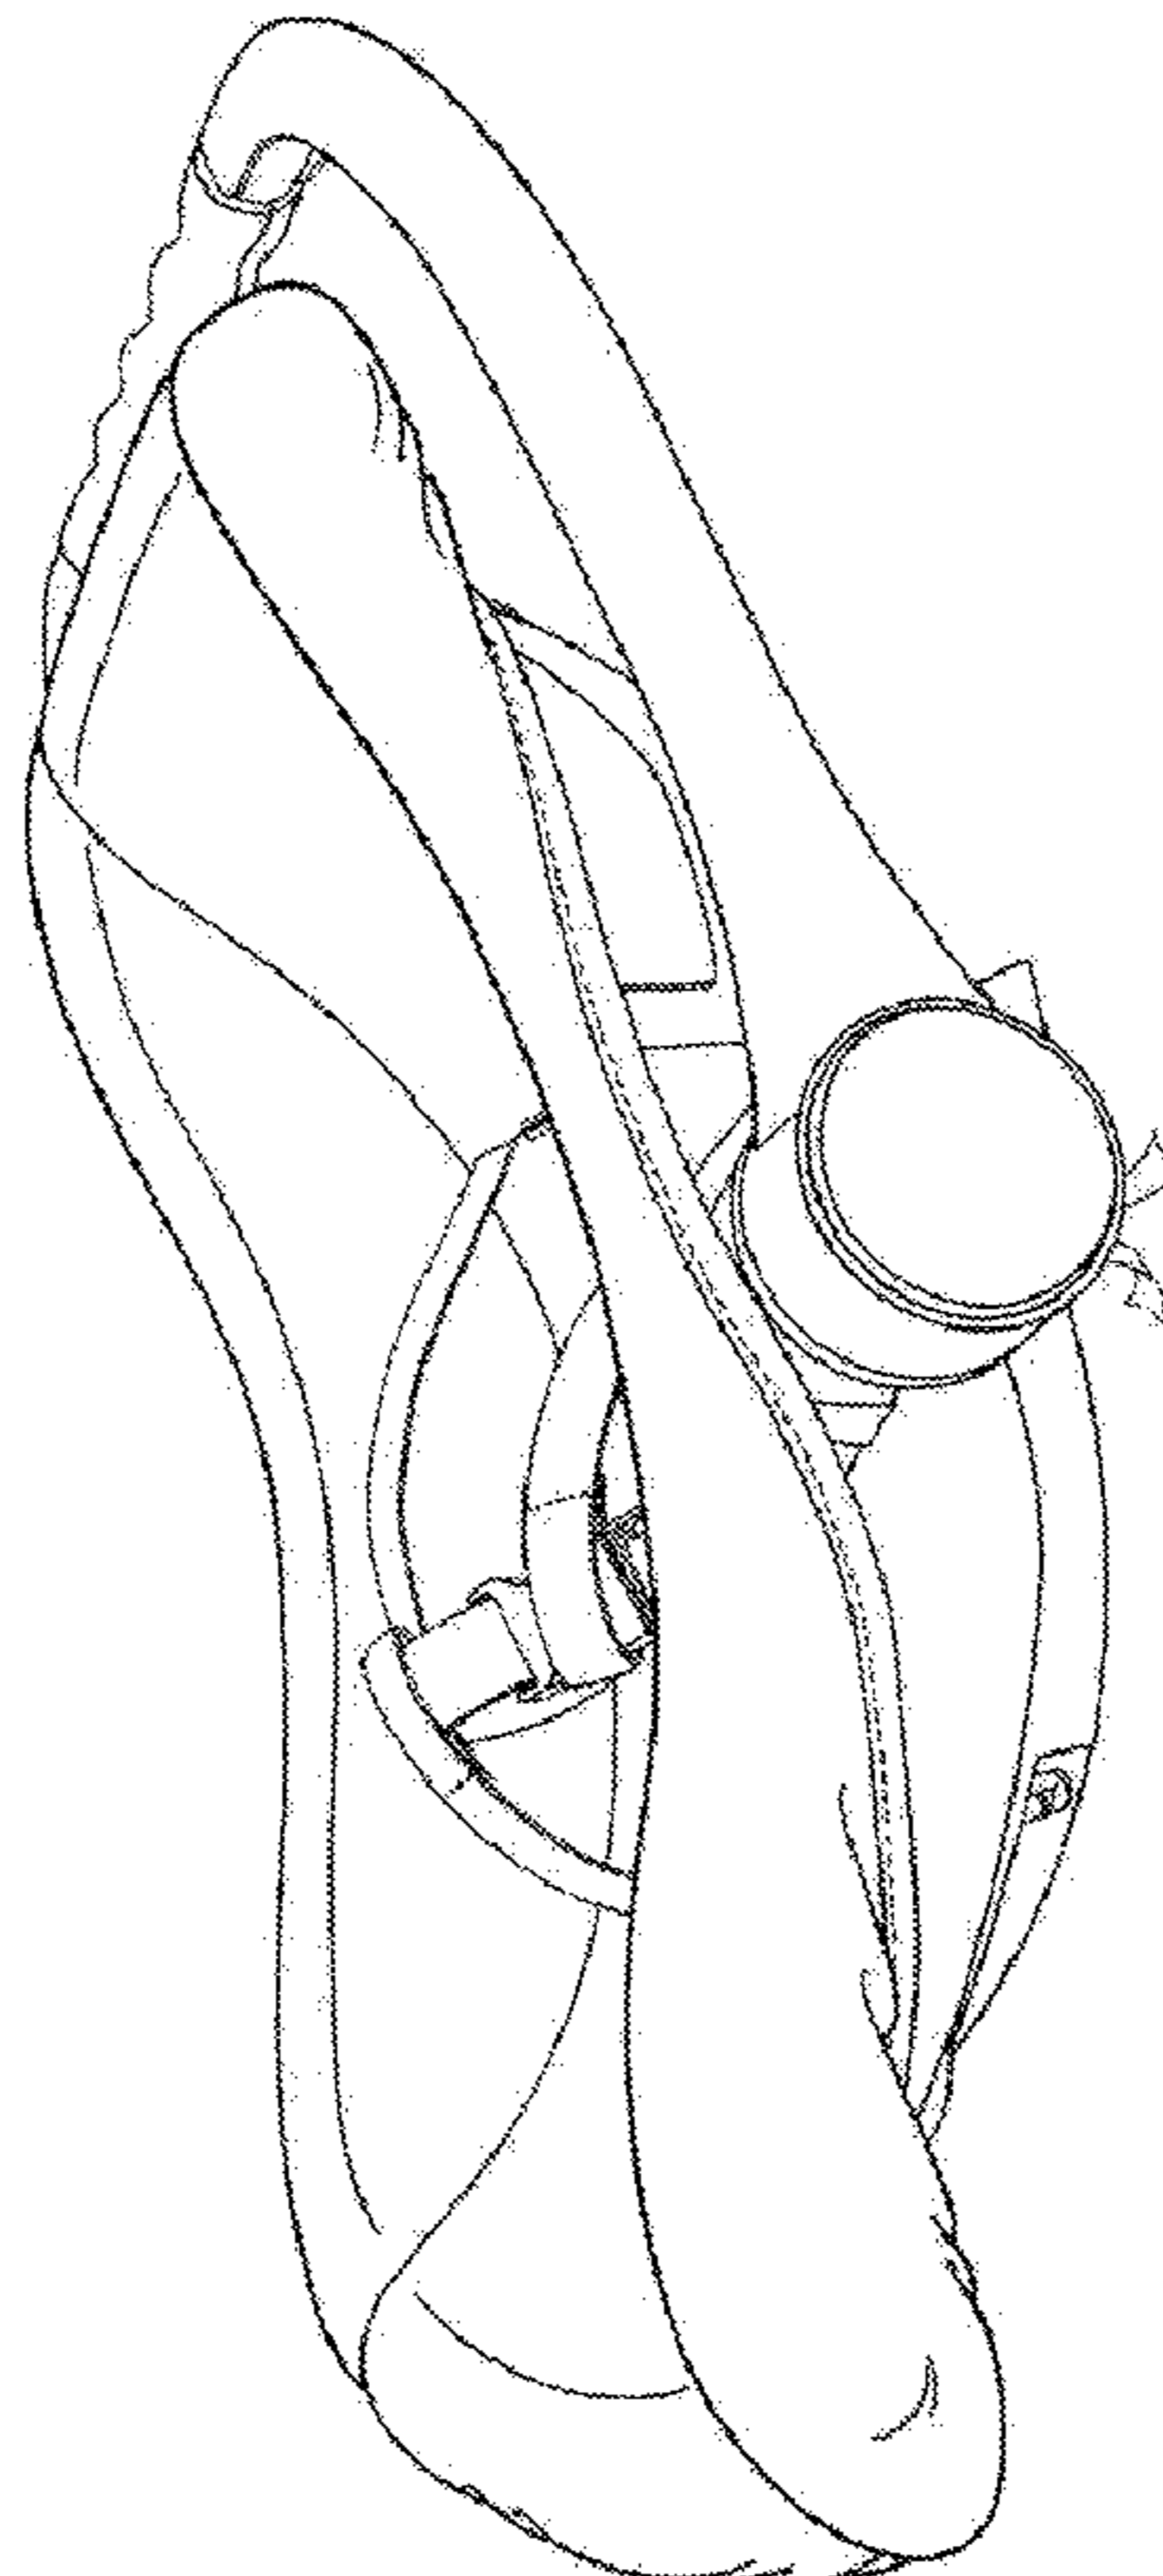

FIG. 6 is a top view thereof; and,

FIG. 7 is a bottom view thereof.

The application relates to the design of a baby car seat. The baby car seat is a miniaturized approximation of a real car seat, with a base unit covered with a cover, a handle extending from the midpoint of the base unit, and ties connecting the cover to the base unit. The unique design and appearance of this device are illustrated in the drawings.

The broken lines shown in the drawings are understood to represent stitching.
