(57) **CLAIM**

The ornamental design for a cable set, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a cable set in accordance with the present design, with the left hand side cable shown in cross section in FIG. 5 and the right hand side cable shown in cross section in FIG. 6;

FIG. 2 is a right side elevation view of the cable shown in FIG. 5;

FIG. 3 is a left side elevation view of the cable shown in FIG. 5;

FIG. 4 is a top view of the cable shown in FIG. 5;

FIG. 5 is a cross section of the left hand side cable in FIG. 1, reversed for convenient comparison with the right hand side cable;

FIG. 6 is a right side elevation view of the cable shown in FIG. 9;

FIG. 7 is a left side elevation view of the cable shown in FIG. 9;

FIG. 8 is a top view of the cable shown in FIG. 9; and,

FIG. 9 is a cross section of the right hand side cable shown in FIG. 1.

The cables can be of any length as shown in FIGS. 2–4 and 6–8 by the use of symbols which have this universally recognized conventional meaning as generally accepted in the drafting arts.
