DESCRIPTION

FIG. 1 is a perspective view of the video game console cooling mechanism according to the present invention, attached to an exemplary video game console;

FIG. 2 is a perspective view of the video game console cooling mechanism;

FIG. 3 is a front view of the video game console cooling mechanism;

FIG. 4 is a side view of the video game console cooling mechanism;

FIG. 5 is a rear view of the video game console cooling mechanism;

FIG. 6 is another side view of the video game console cooling mechanism;

FIG. 7 is a top view of the video game console cooling mechanism; and,

FIG. 8 is a bottom view of the video game console cooling mechanism.

The broken lines shown in the drawings are for illustrative purposes only and form no part of the claimed design.
