(57) **CLAIM**

We claim the ornamental design for a computing device, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a computing device while in an open position in accordance with the present design. The computing device may for example correspond to a portable or laptop computer.

FIG. 2 is a top view computing device while in a closed position.

FIG. 3 is a bottom view computing device while in a closed position.

FIG. 4 is a front view computing device while in a closed position.

FIG. 5 is a rear view computing device while in a closed position.

FIG. 6 is a left view of the computing device while in a closed position.

FIG. 7 is a right side view computing device while in a closed position.

FIG. 8 is a front view of the computing device while in an open position.

FIG. 9 is a top view computing device while in an open position; and,

FIG. 10 is a right side view of the computing device while in an open position.

The features shown in broken lines in the various Figures are for illustrating environmental structure and form no part of the claimed design.
