(57) **CLAIM**

The ornamental design for a transitional image display for mobile phone, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a transitional image display for mobile phone;

FIG. 2 is a front view of the transitional image display for mobile phone of FIG. 1;

FIG. 3 is a front view of the first image in the sequence for the transitional image display for mobile phone of FIG. 2 without the broken line showing of the mobile phone for convenience of illustration;

FIG. 4 is a front view of the second image thereof;

FIG. 5 is a front view of the third image thereof; and,

FIG. 6 is a front view of the fourth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 3-6. No ornamental aspects are associated with the process or period in which one image transitions to another.

The broken line showing of portions of a mobile phone is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
