(57) **CLAIM**

I claim the ornamental design for a lighting fixture, as shown and described.

DESCRIPTION

The single FIGURE is a perspective view of a lighting fixture having three-way, one hundred twenty degree overall rotational symmetry. Excluding the three upper arms and the structures that those three upper arms support, this fixture has six-way, sixty degree overall rotational symmetry.

The broken lines shown on the drawing are for illustrative purposes only and form no part of the claimed design.
