(57) **CLAIM**

The ornamental design for a “portable satellite station receiver unit,” as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a portable satellite station receiver unit in an open position pre-pivot.

FIG. 2 is a perspective view of the portable satellite station receiver unit of FIG. 1 in mid-pivot.

FIG. 3 is a perspective view of the portable satellite station receiver unit of FIG. 1 post-pivot.

FIG. 4 is a top view of the portable satellite station receiver unit of FIG. 3.

FIG. 5 is a bottom view of the portable satellite station receiver unit of FIG. 3.

FIG. 6 is a rear view of the portable satellite station receiver unit of FIG. 3.

FIG. 7 is a front view of the portable satellite station receiver unit of FIG. 3.

FIG. 8 is a right side of the portable satellite station receiver unit of FIG. 3; and,

FIG. 9 is a left side view of the portable satellite station receiver unit of
