(57) **CLAIM**

The ornamental design for a user interface for computer display, as shown and described.

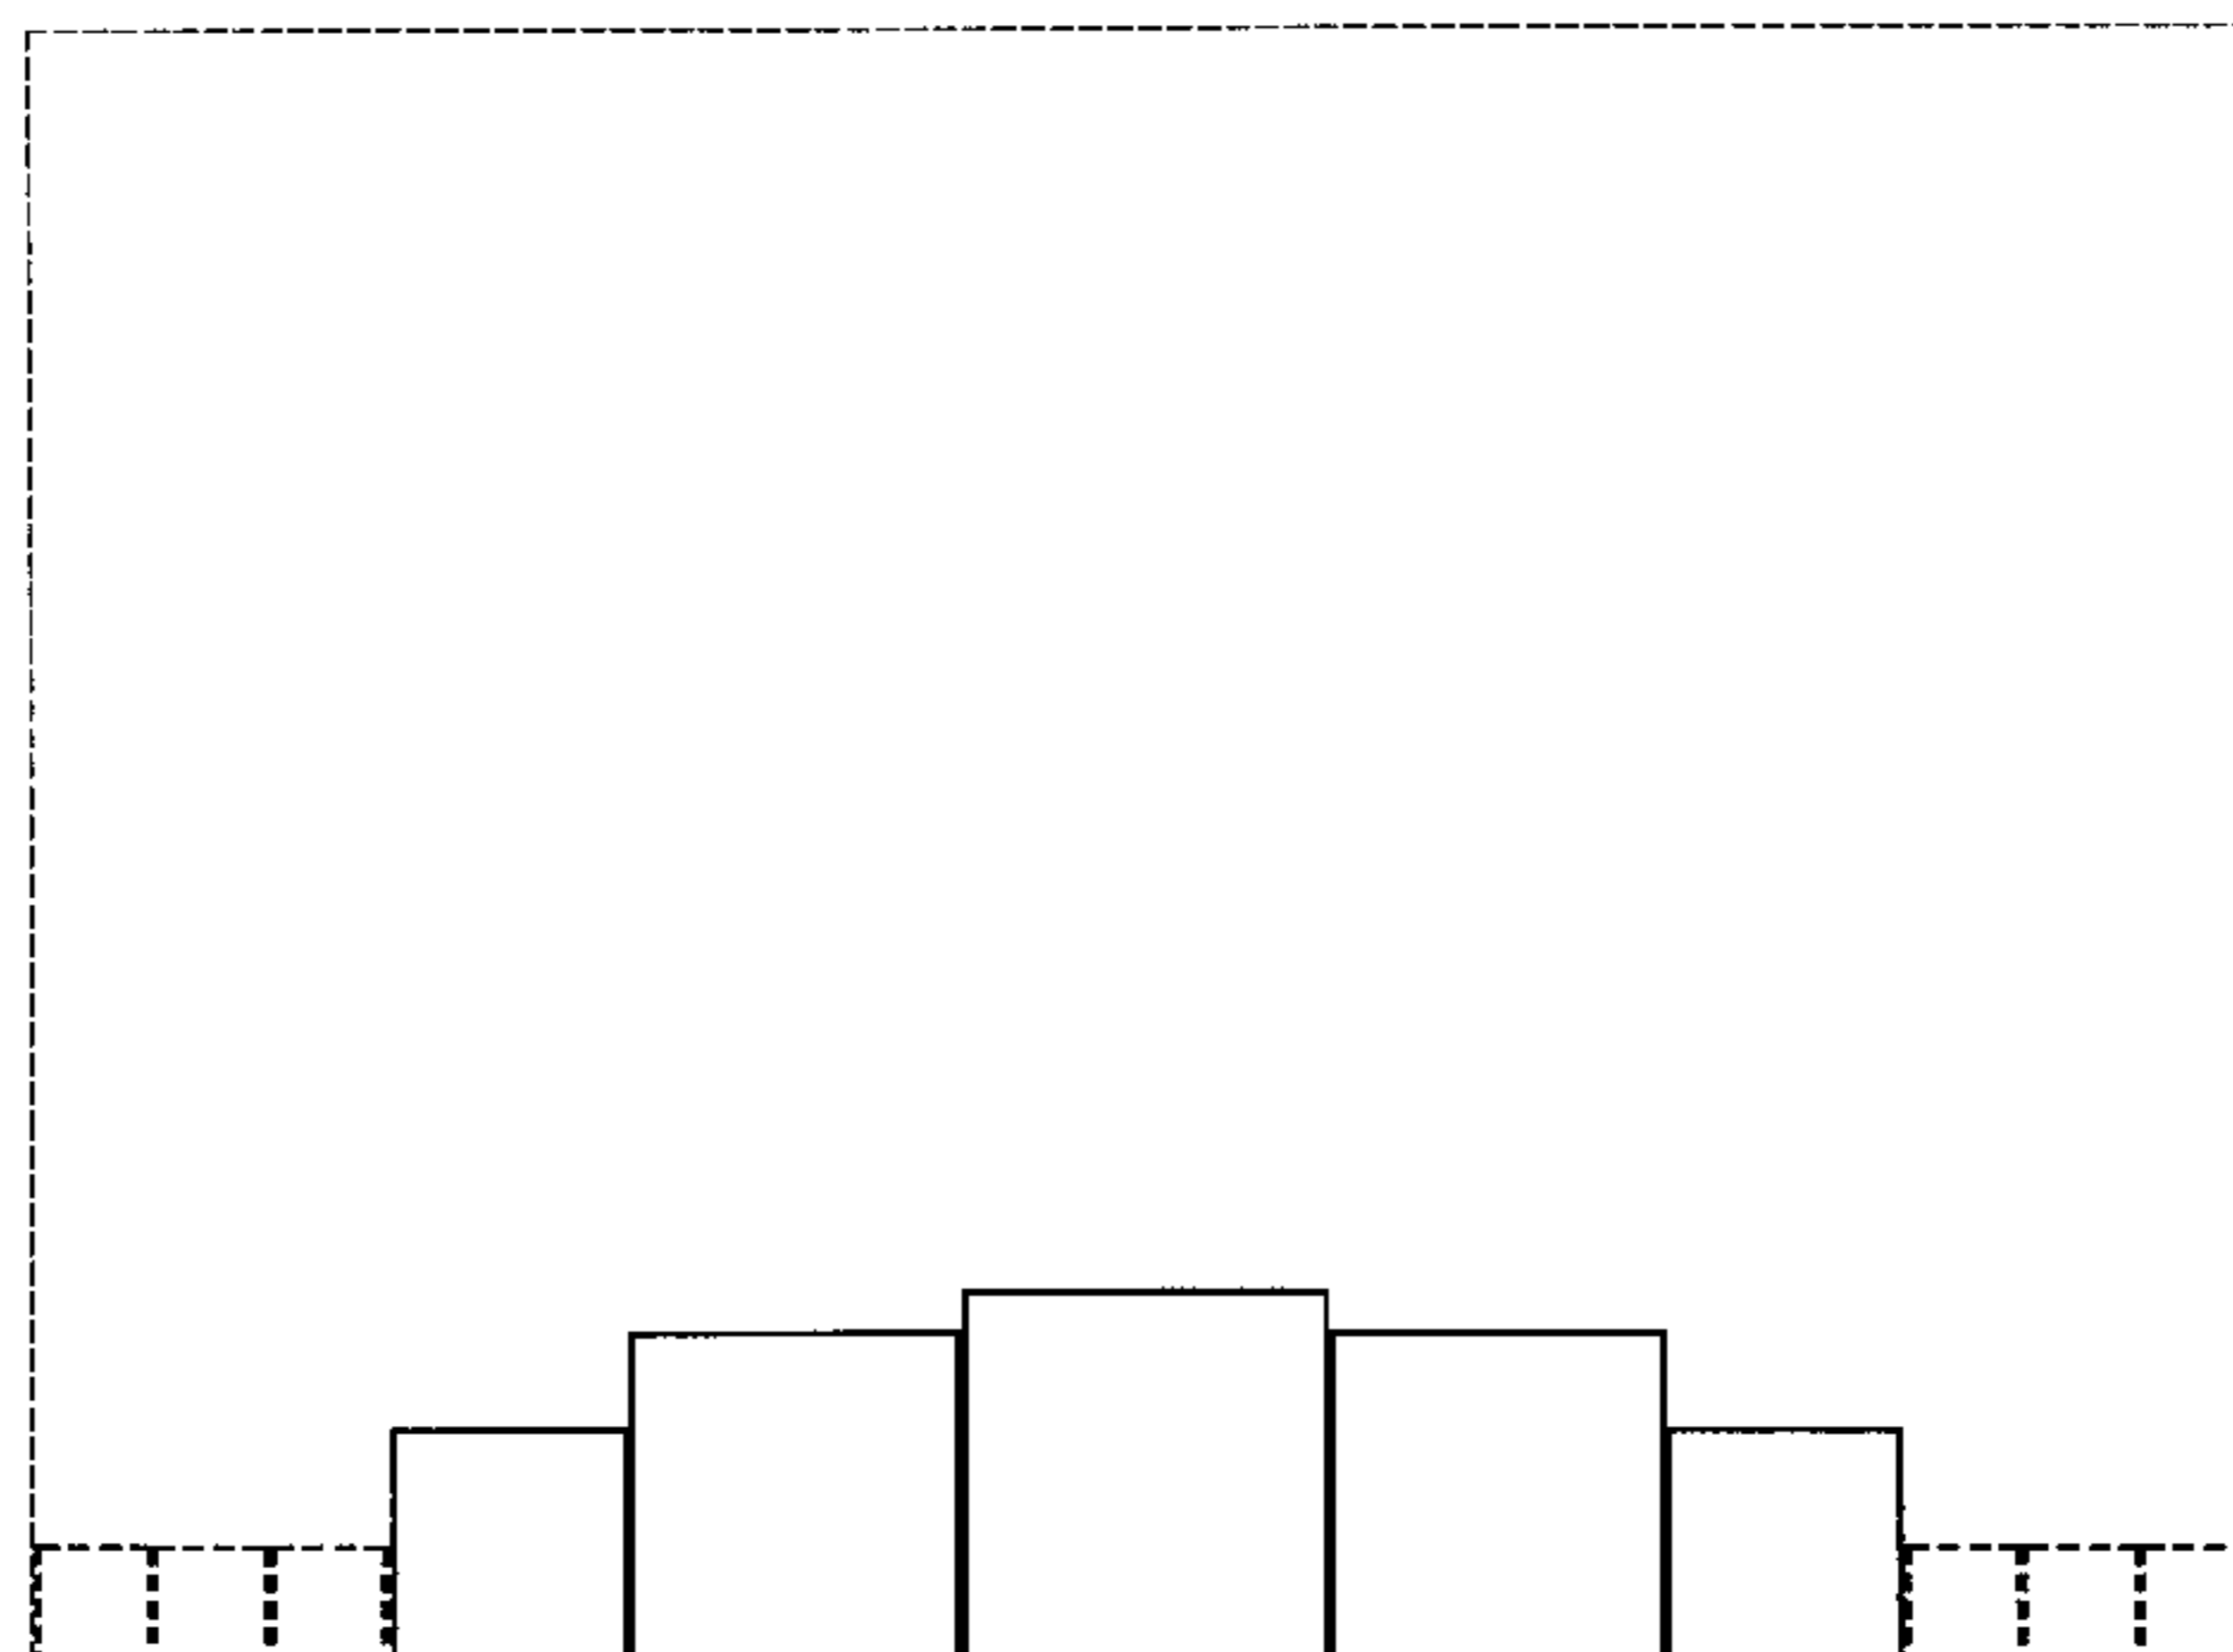

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no object to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

The FIGURE is a front view of a user interface for computer display showing my new design.

The broken line drawings of a computer display and the small square elements on the sides are for illustrative purposes only and form no part of the claimed design.
