(57) **CLAIM**

The ornamental design for a handle for a peel-away introducer sheath, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the handle of the subject invention provided at the proximal end of a peel-away introducer sheath, together with a dilator assembly, wherein the sheath and dilator assembly do not form part of the subject invention;

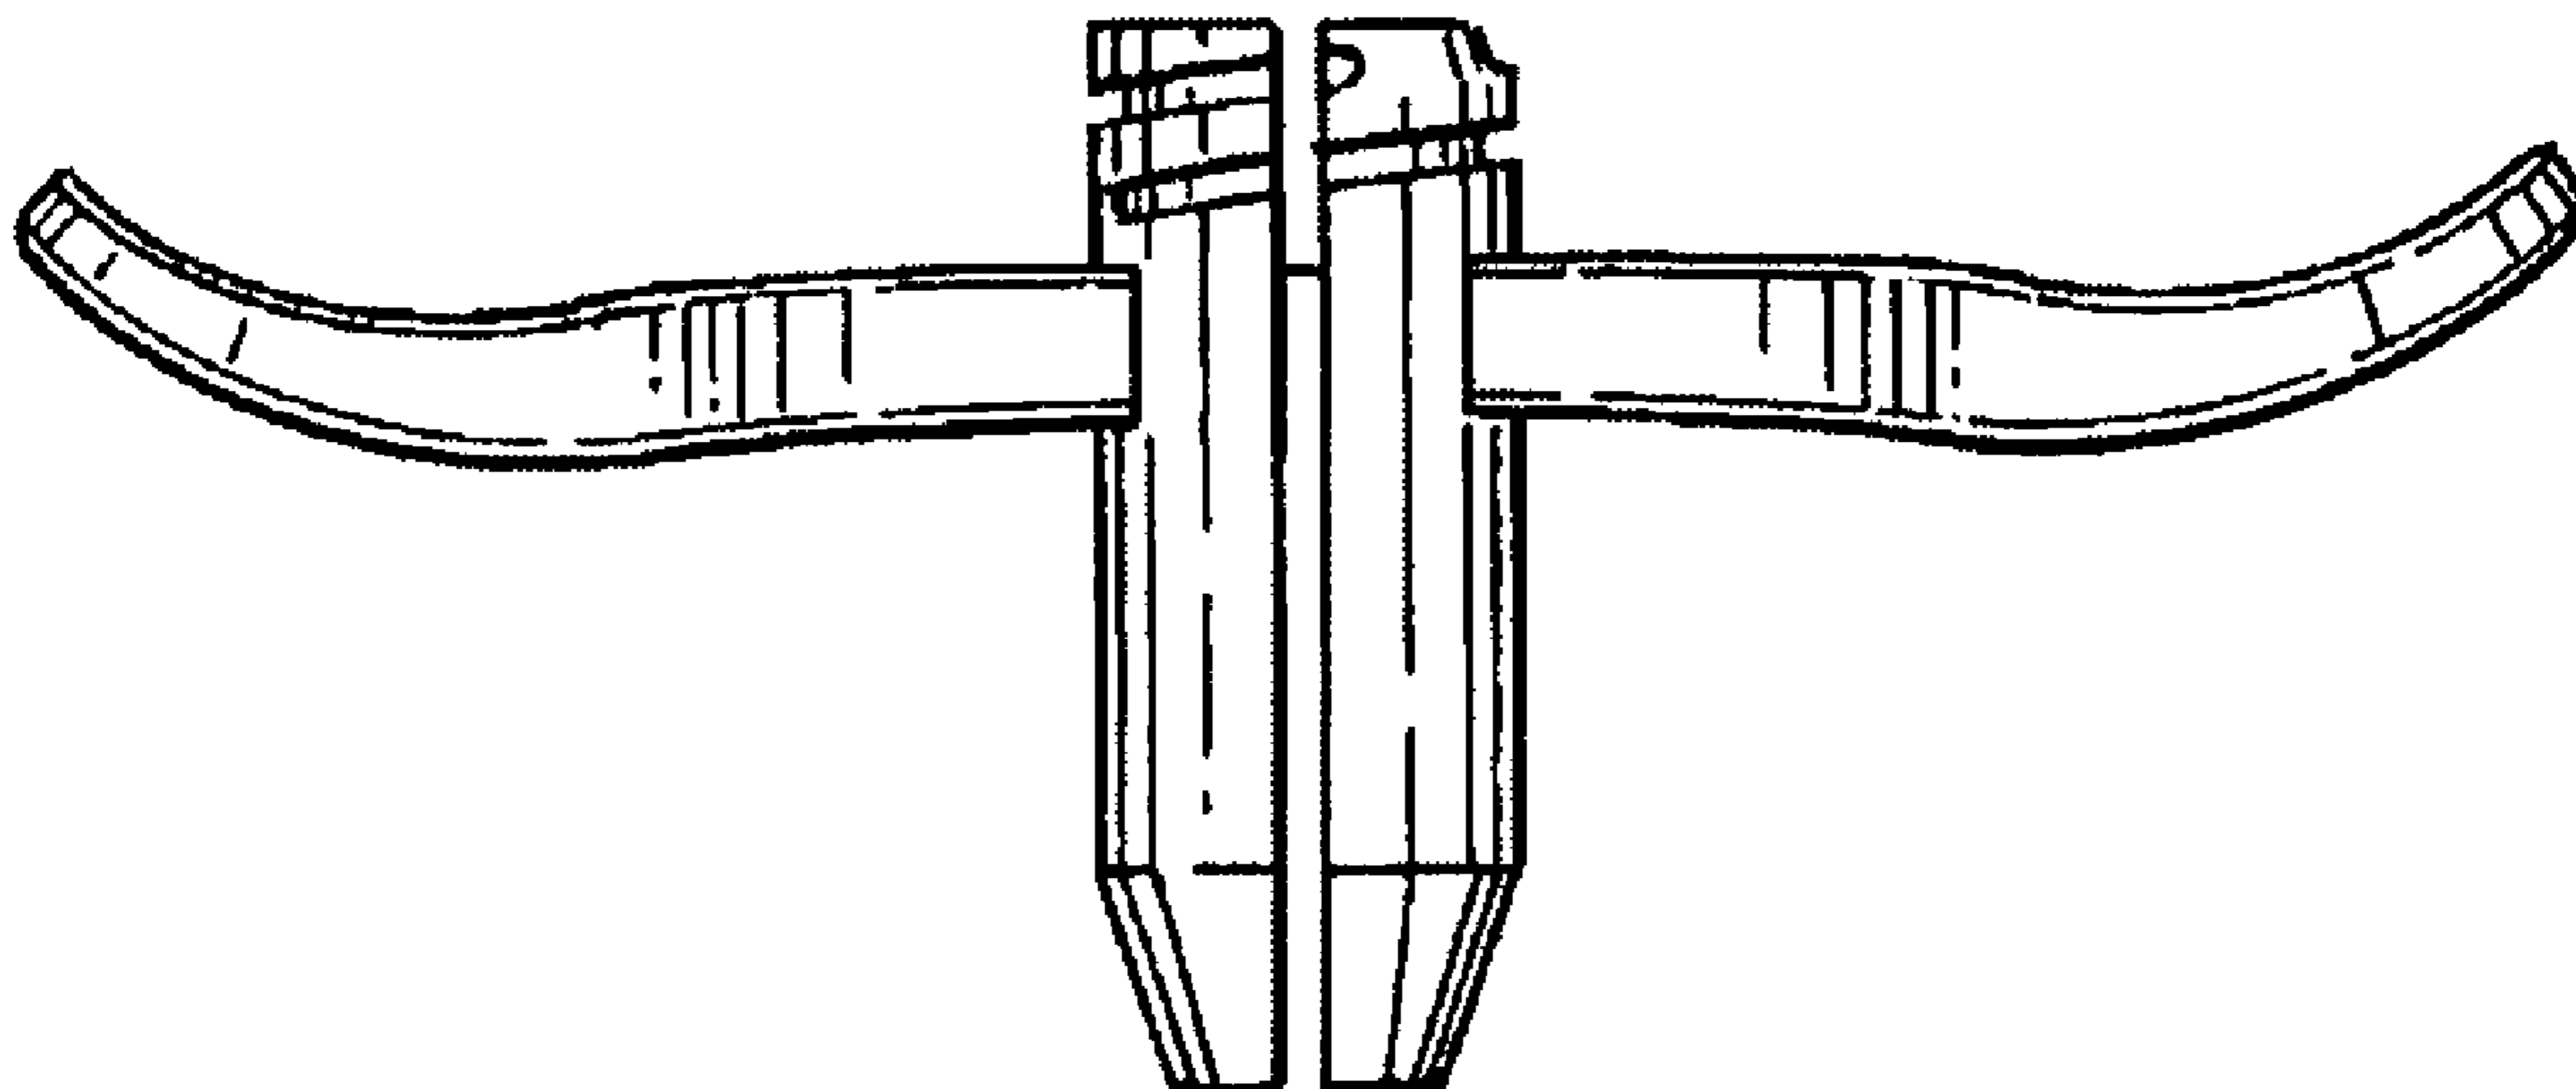

FIG. 2 is a front elevational view of the handle of the subject invention;

FIG. 3 is a top plan view of the handle of the subject invention;

FIG. 4 is a bottom plan view of the handle of the subject invention; and,

FIG. 5 is a side view of the handle of the subject invention.
