(57) **CLAIM**

The ornamental design for a light emitting diode, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the front, top, and left side of a light emitting diode showing the new design, the features shown in broken lines being for illustrative purpose only and forming no part of the claimed design.

FIG. 2 is a perspective view of the front, top, and right side of the light emitting diode shown in FIG. 1, the features shown in broken lines being for illustrative purpose only and forming no part of the claimed design.

FIG. 3 is a top view of the light emitting diode shown in FIG. 1, the features shown in broken lines being for illustrative purpose only and forming no part of the claimed design.

FIG. 4 is a perspective view of the back, bottom and right side of the light emitting diode shown in FIG. 1, the features shown in broken lines being for illustrative purpose only and forming no part of the claimed design; and,

FIG. 5 is perspective view of the back, bottom and left side of the light emitting diode shown in FIG. 1, the features shown in broken lines being for illustrative purpose only and forming no part of the claimed design.
