(57) **CLAIM**

The ornamental design for a dispenser body for receiving a syringe type fluid dispenser, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the dispenser body for receiving a syringe type fluid dispenser.

FIG. 2 is a front elevational view of the dispenser body for receiving a syringe type fluid dispenser.

FIG. 3 is a left side view of the dispenser body for receiving a syringe type fluid dispenser.

FIG. 4 is a right side view of the dispenser body for receiving a syringe type fluid dispenser.

FIG. 5 is a rear view of the dispenser body for receiving a syringe type fluid dispenser.

FIG. 6 is a top view of the dispenser body for receiving a syringe type fluid dispenser; and,

FIG. 7 is a bottom view of the dispenser body for receiving a syringe type fluid dispenser.

Elements shown in broken lines are for environmental purposes and form no part of the claimed invention.
