See application file for complete search history.

(57) **CLAIM**

The ornamental design for a golf club head, as shown and
described.

DESCRIPTION

FIG. 1 is a top rear perspective view of a golf club head
showing our new design;

FIG. 2 is a top view thereof;

FIG. 3 is a rear view thereof;

FIG. 4 is a heel end view thereof; and,

FIG. 5 is a toe end view thereof.

The difference in shading between the two shaded regions
indicates a contrast of appearance and does not depict any
particular color, texture, or material. The broken line imme-
diately adjacent to the shaded region forms an unclaimed
boundary of the design. The broken line showing of the
remainder of the golf club head is for illustrative purposes
only and forms no part of the claimed design.
