(57) **CLAIM**

The ornamental design for a combined fragrance emitting patch and compact, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a combined fragrance emitting patch and compact showing the compact in a closed configuration;

FIG. 2 is a bottom plan view of the combined fragrance emitting patch and compact shown in FIG. 1;

FIG. 3 is a front elevation view of the combined fragrance emitting patch and compact shown in FIG. 1;

FIG. 4 is a rear elevation view of the combined fragrance emitting patch and compact shown in FIG. 1;

FIG. 5 is a side elevation view of the combined fragrance emitting patch and compact shown in FIG. 1;

FIG. 6 is a top plan view of the combined fragrance emitting patch and compact shown in FIG. 1 showing the compact in an open configuration with the fragrance emitting patch arranged within the compact;

FIG. 7 bottom plan view of the combined fragrance emitting patch and compact shown in FIG. 1 showing the compact in an open configuration;

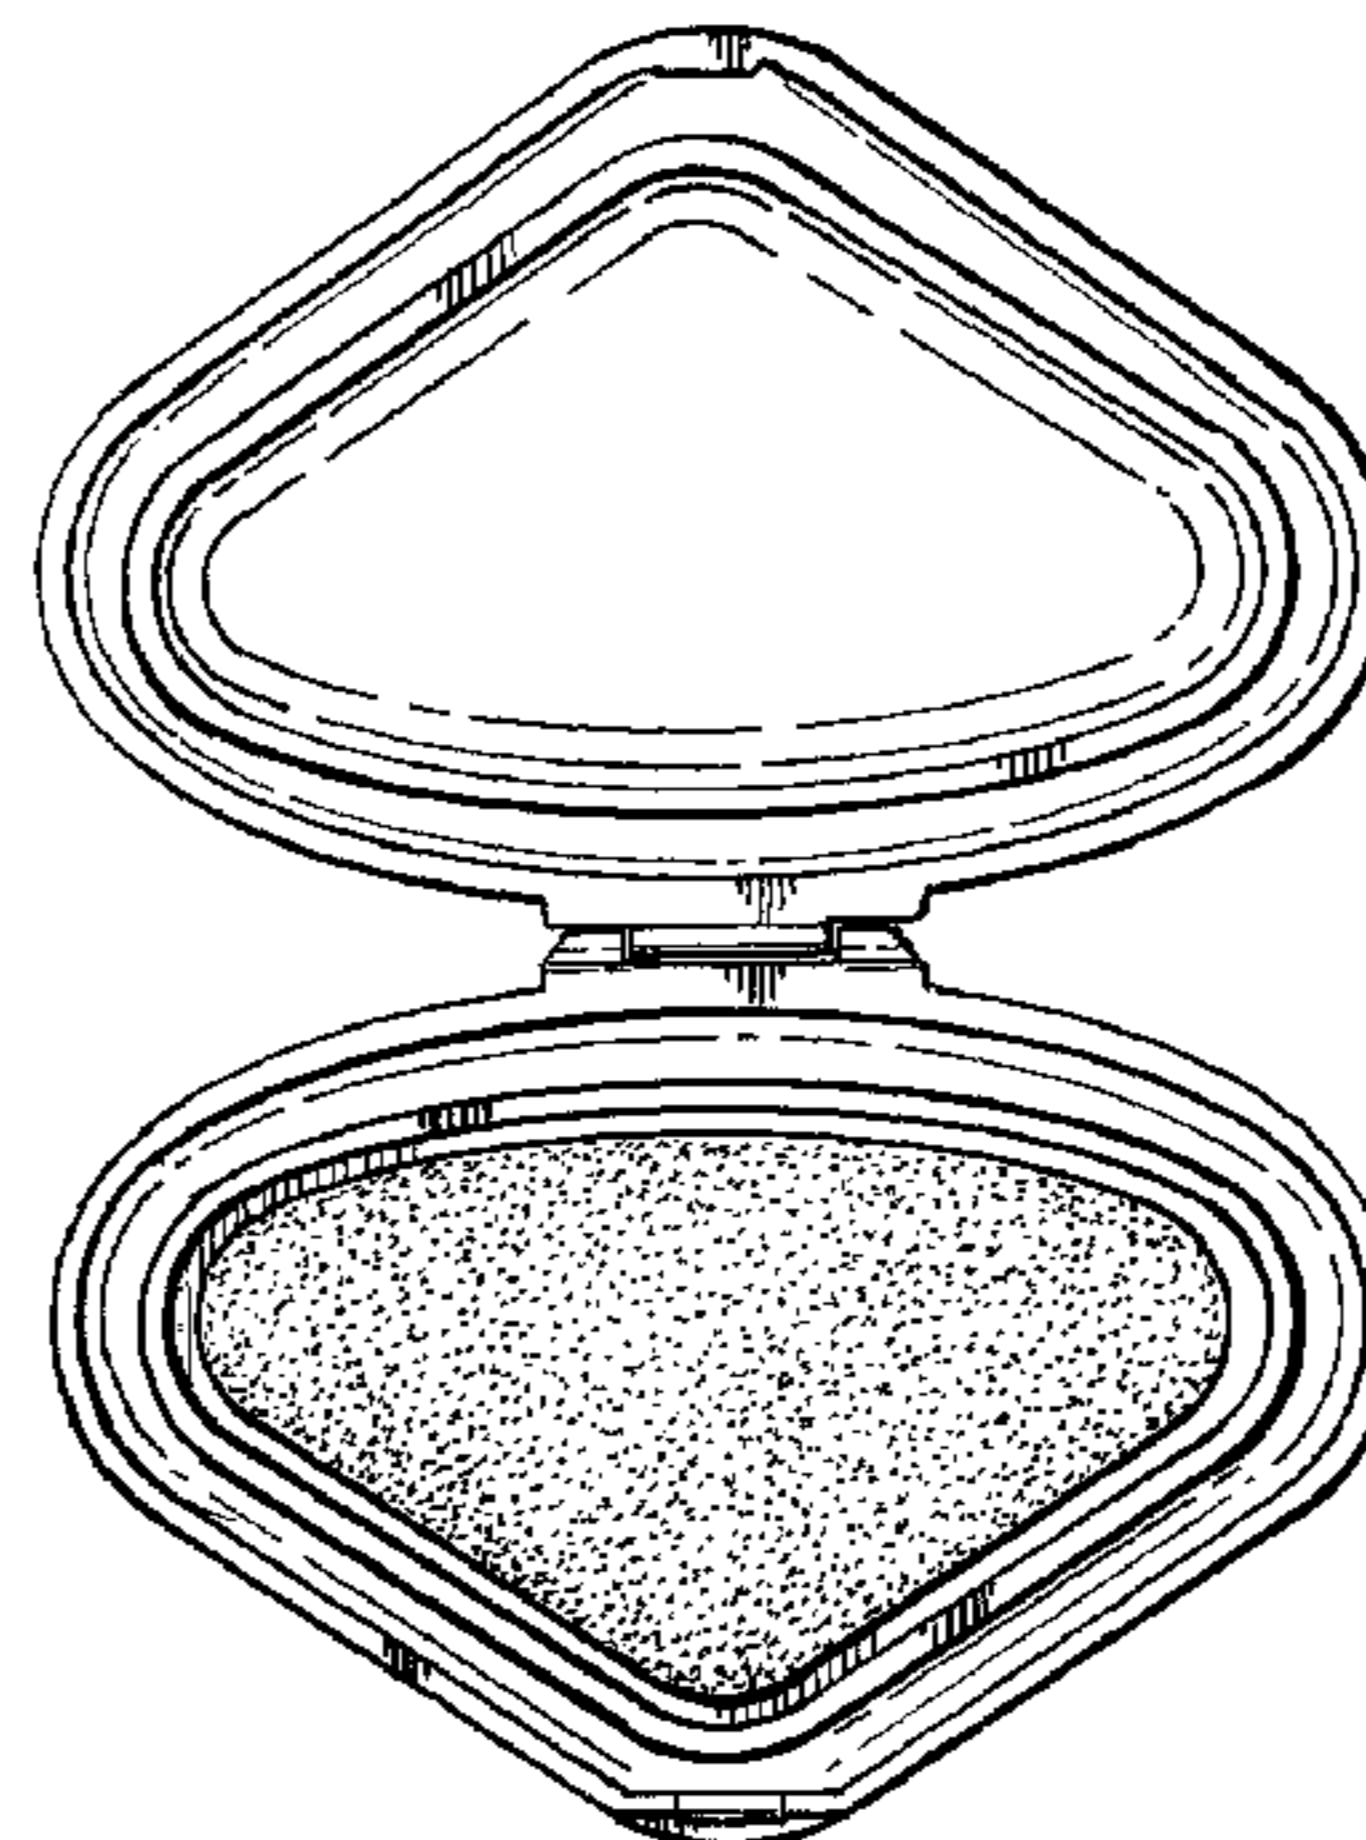

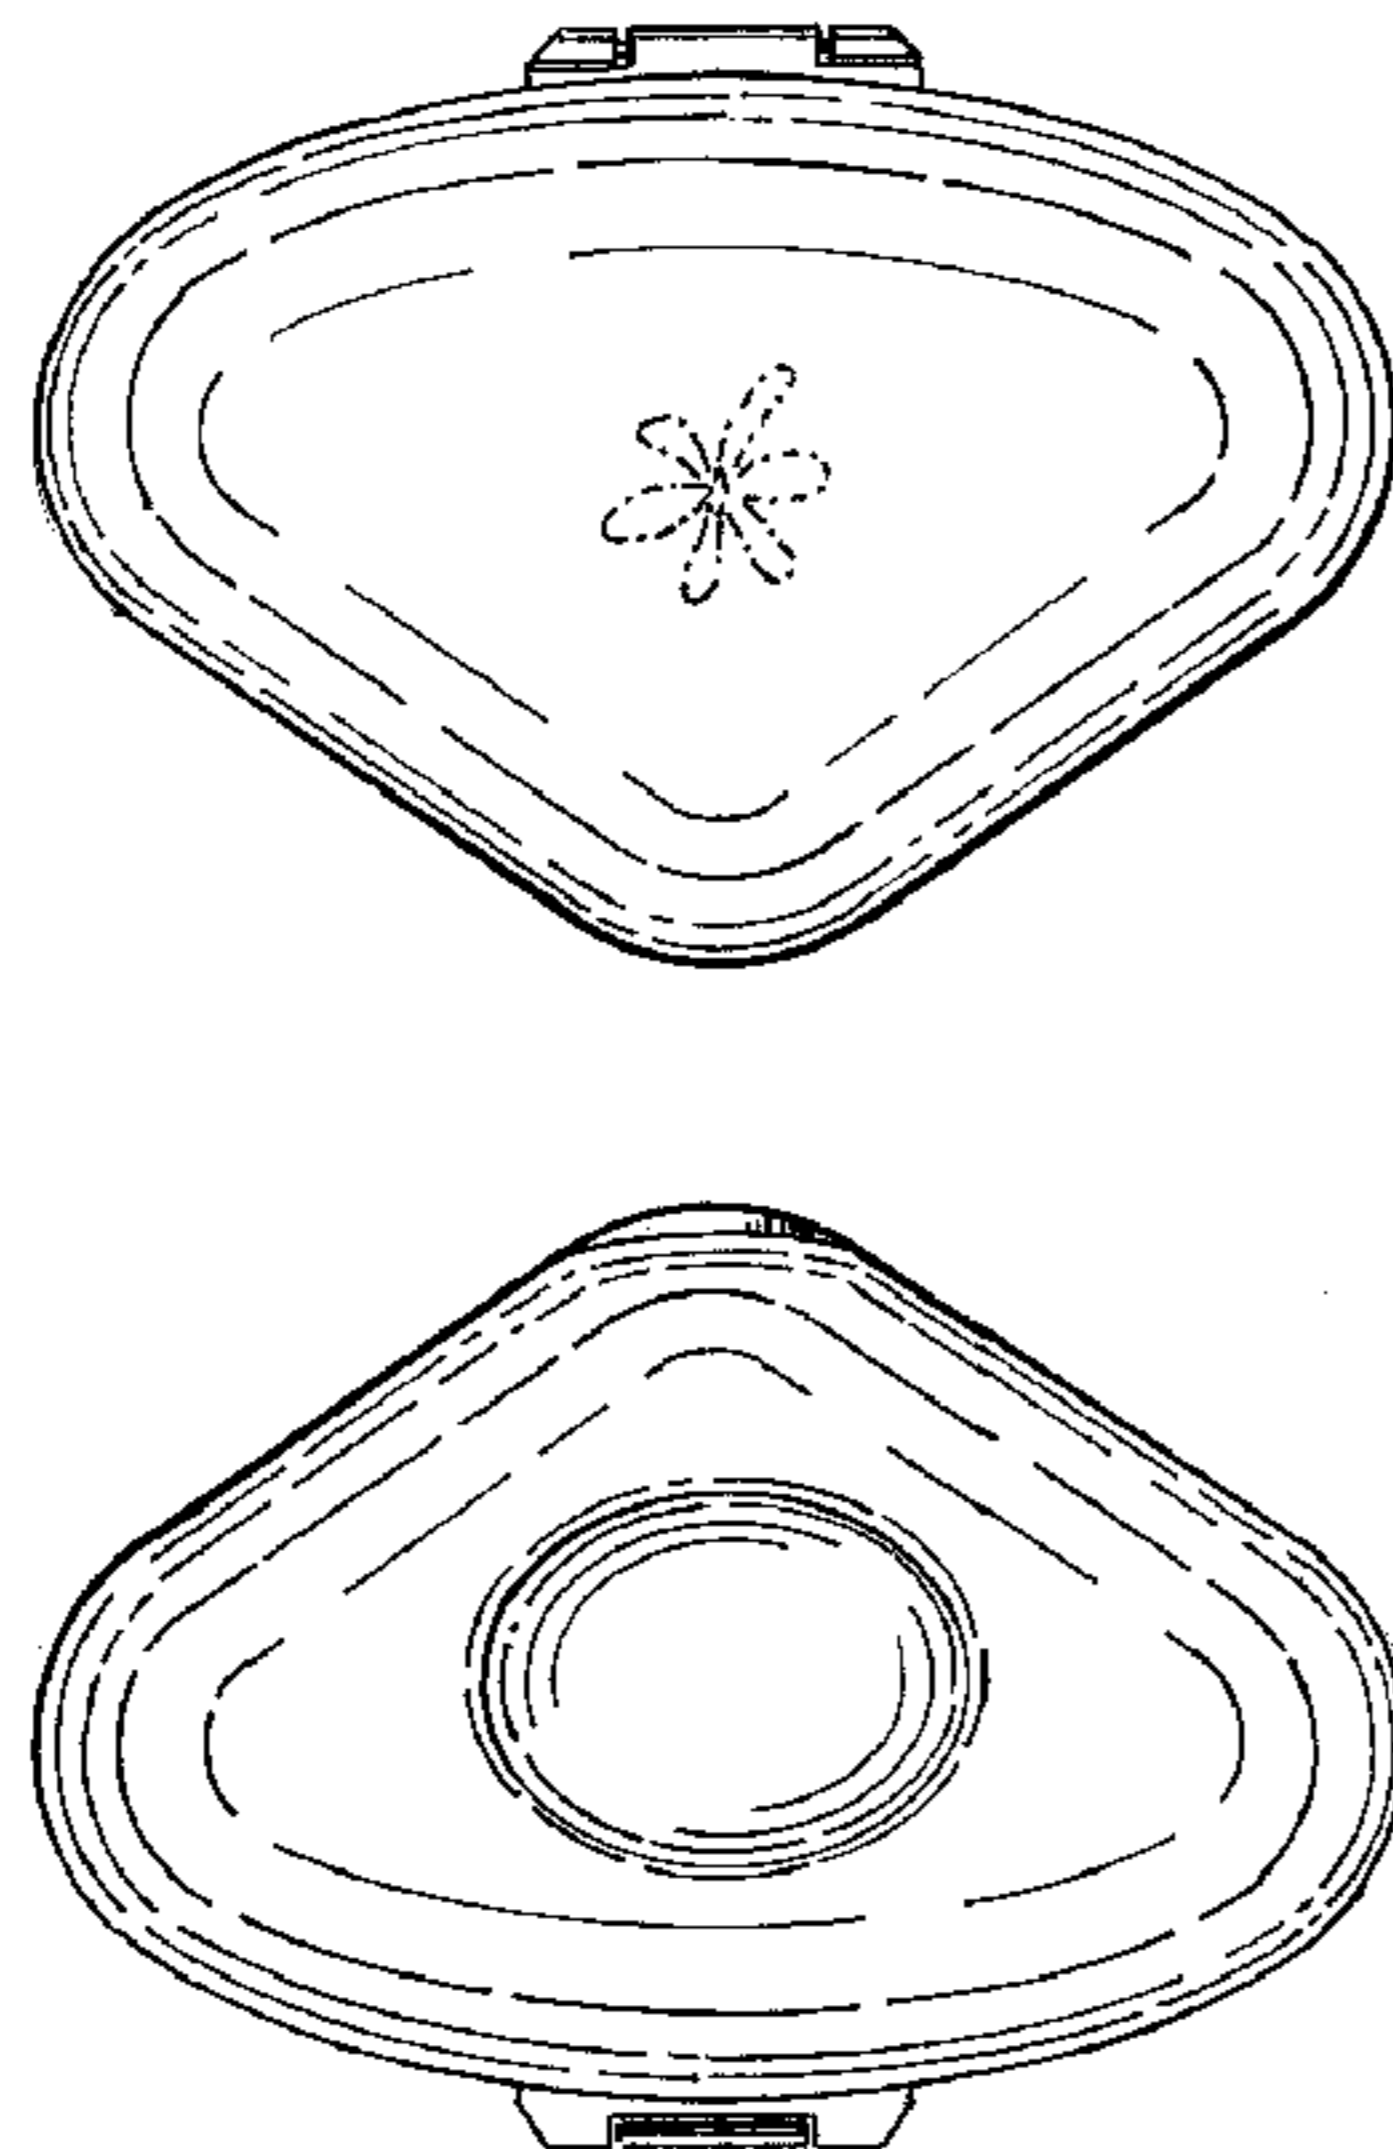

FIG. 8 is a front elevation view of the combined fragrance emitting patch and compact shown in FIG. 1 showing the compact in an open configuration;

FIG. 9 is a side elevation view of the combined fragrance emitting patch and compact shown in FIG. 1 showing the compact in an open configuration; and,

FIG. 10 is a rear elevation view of the combined fragrance emitting patch and compact shown in FIG. 1 showing the compact in an open configuration.

The broken line showing of the flower is included for the purpose of illustrating portions of the article and forms no part of the claimed design.
