(57) **CLAIM**

The ornamental design for an transitional image display for a mobile phone, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first image of a transitional image display for mobile phone;

FIG. 2 is a front view of a second image thereof; and,

FIG. 3 is a front view of a third image thereof.

The subject matter in this patent includes a process or period in which an image changes into another image. This process or period forms no part of the claimed design.

The broken line showing of portions of a mobile phone is included for the purpose of illustrating environmental structure and forms no part of the claimed design.

1 Claim, 3 Drawing Sheets

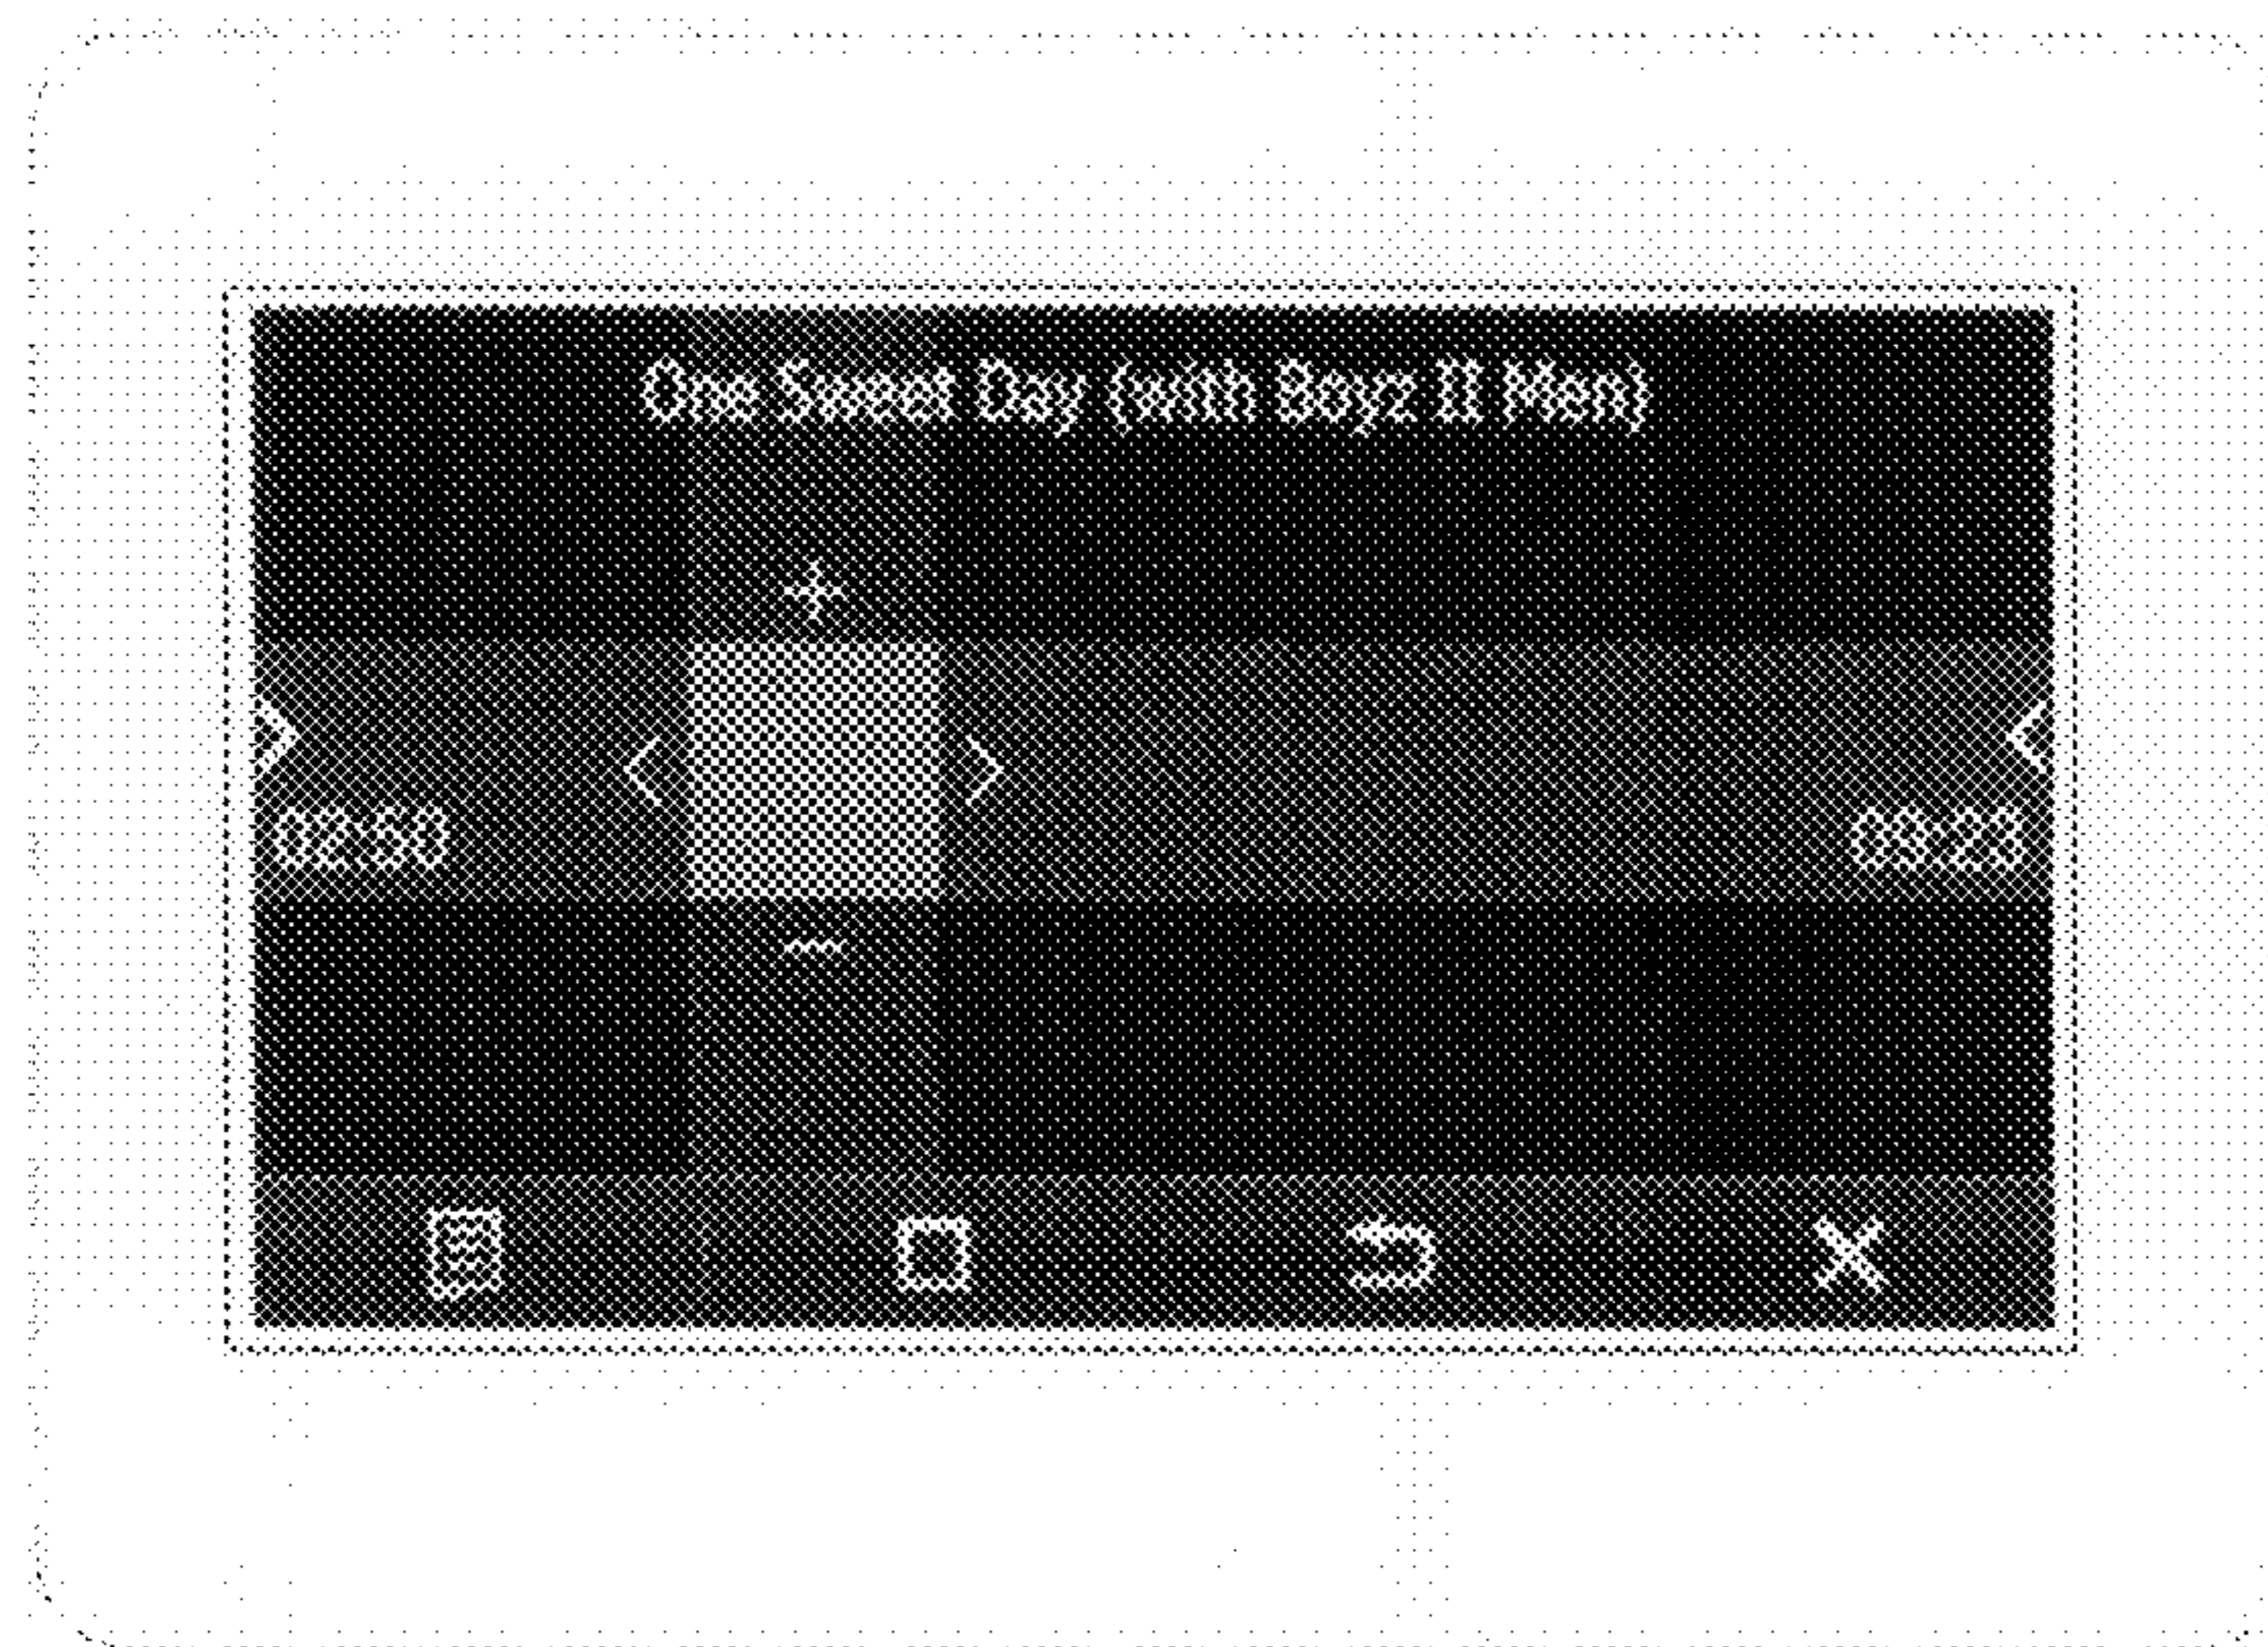

FIG. 1

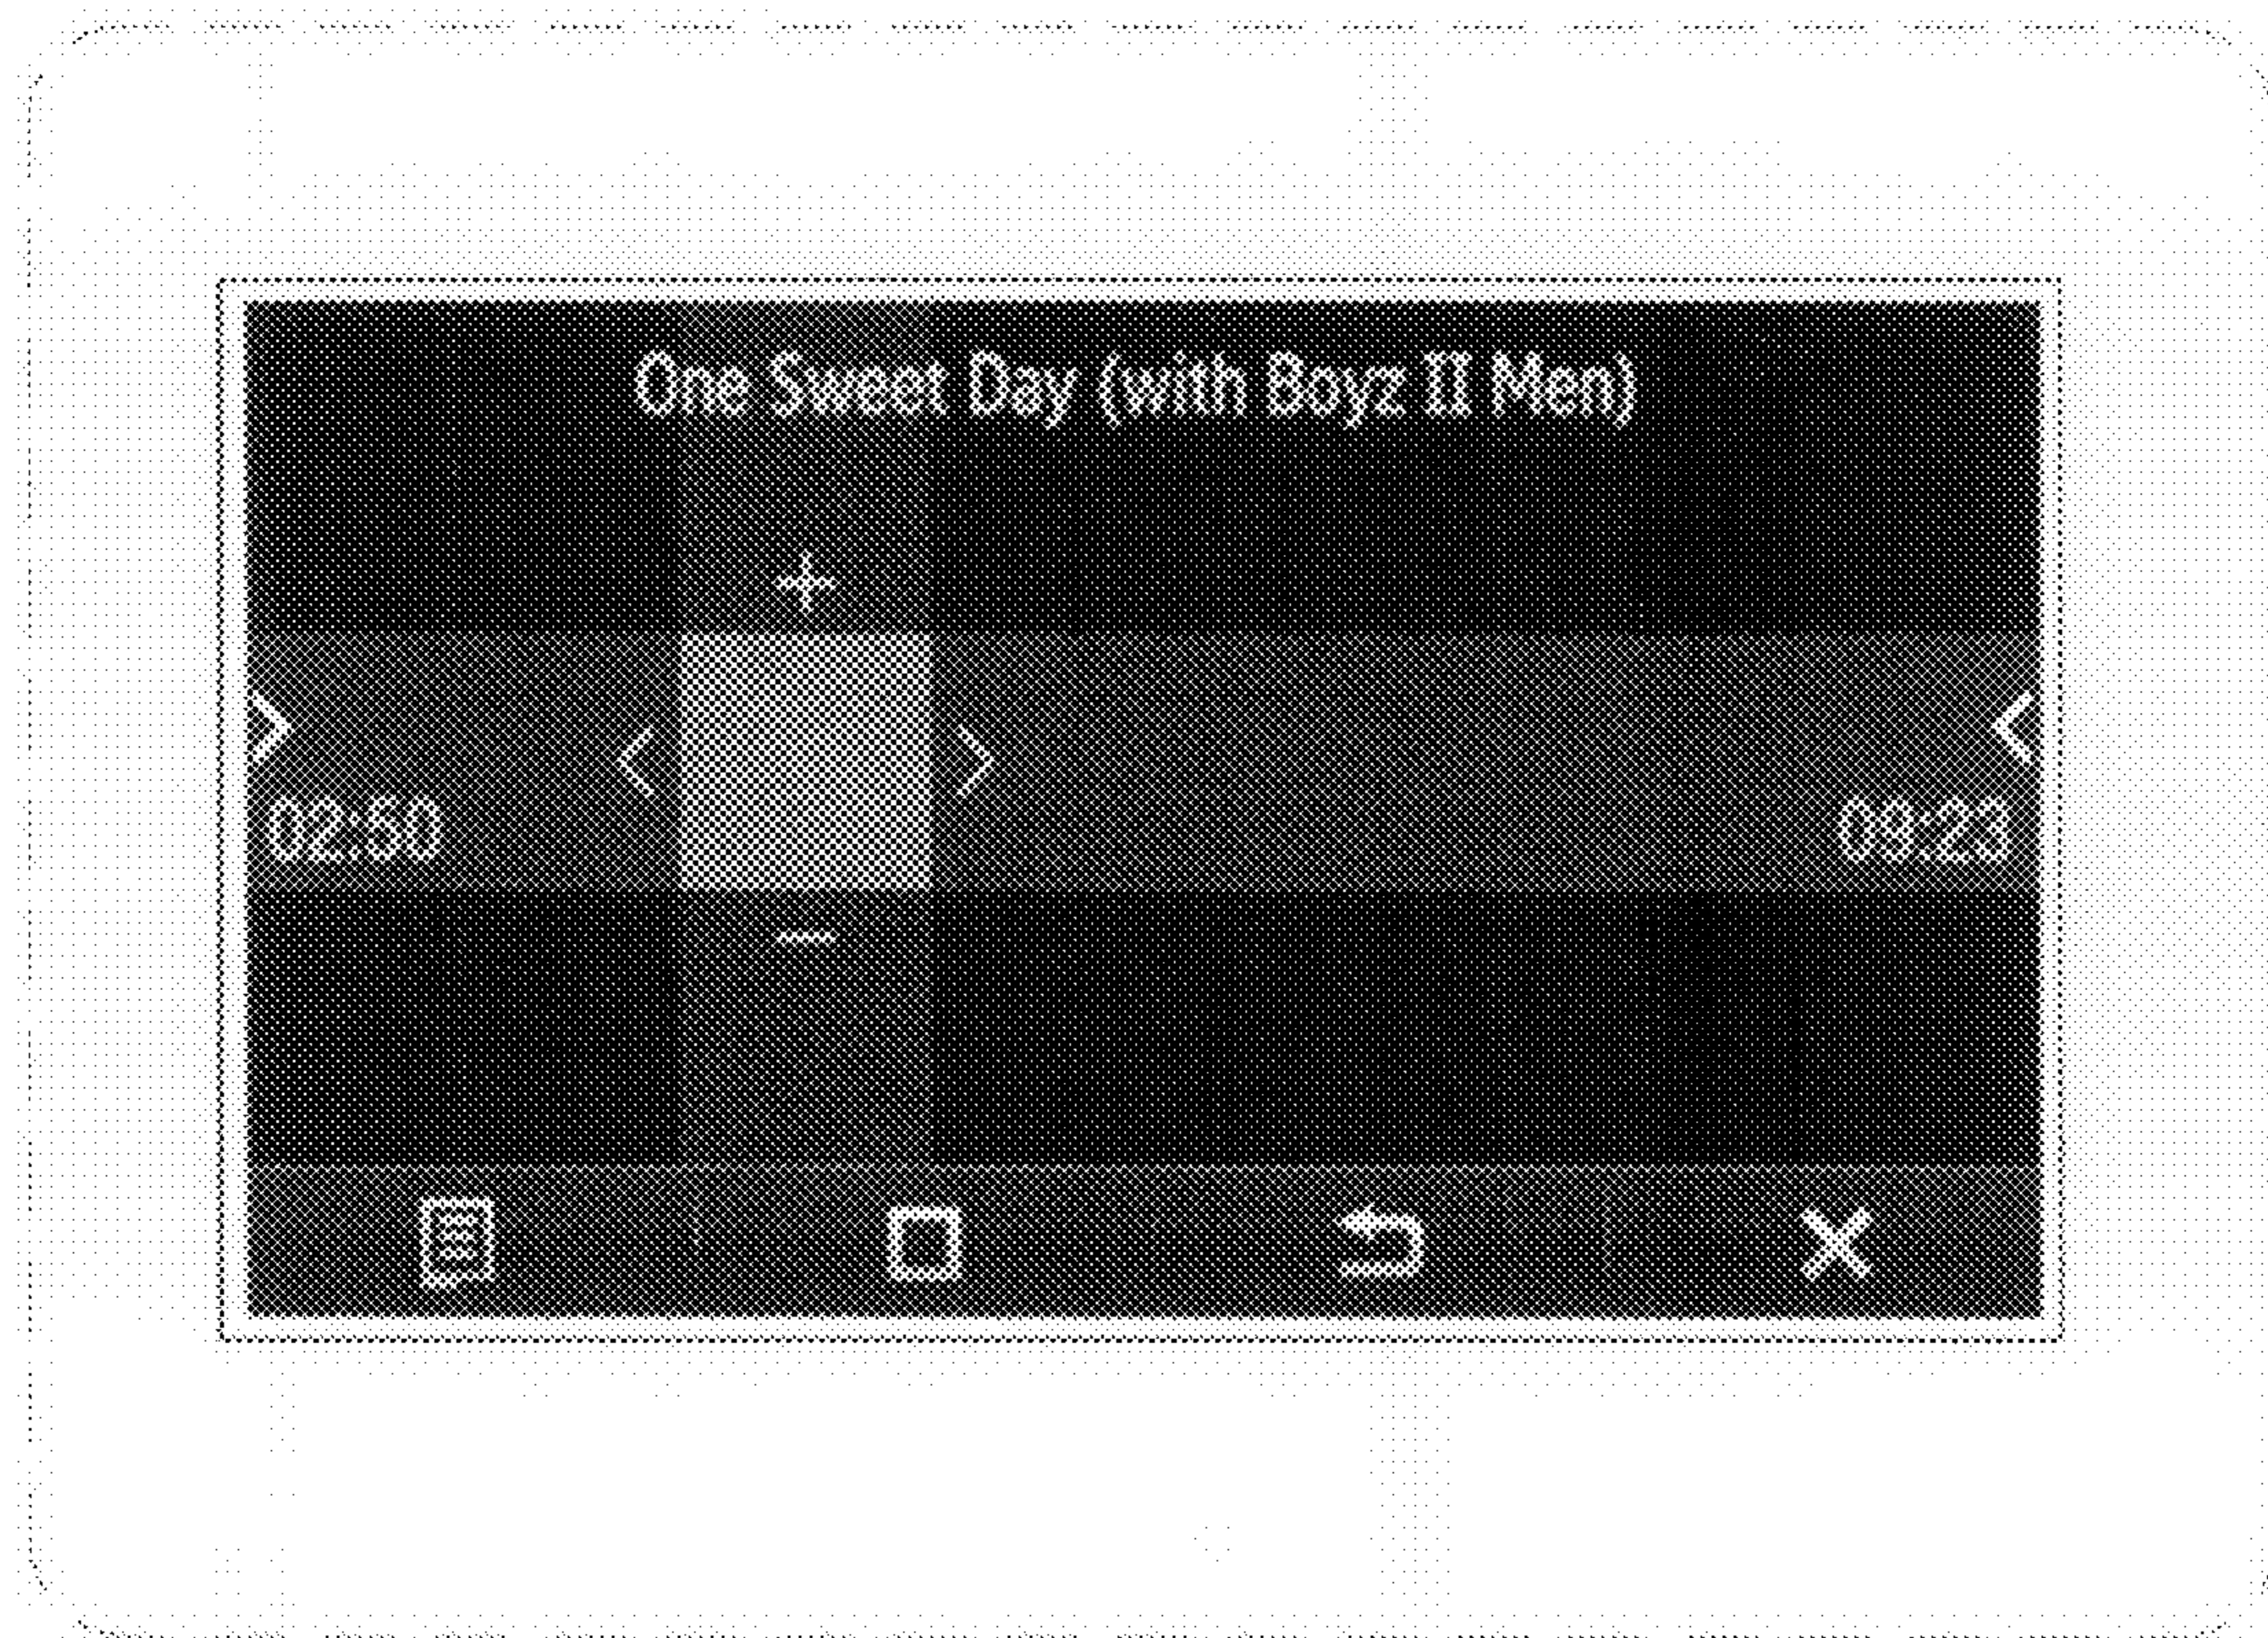

FIG. 2

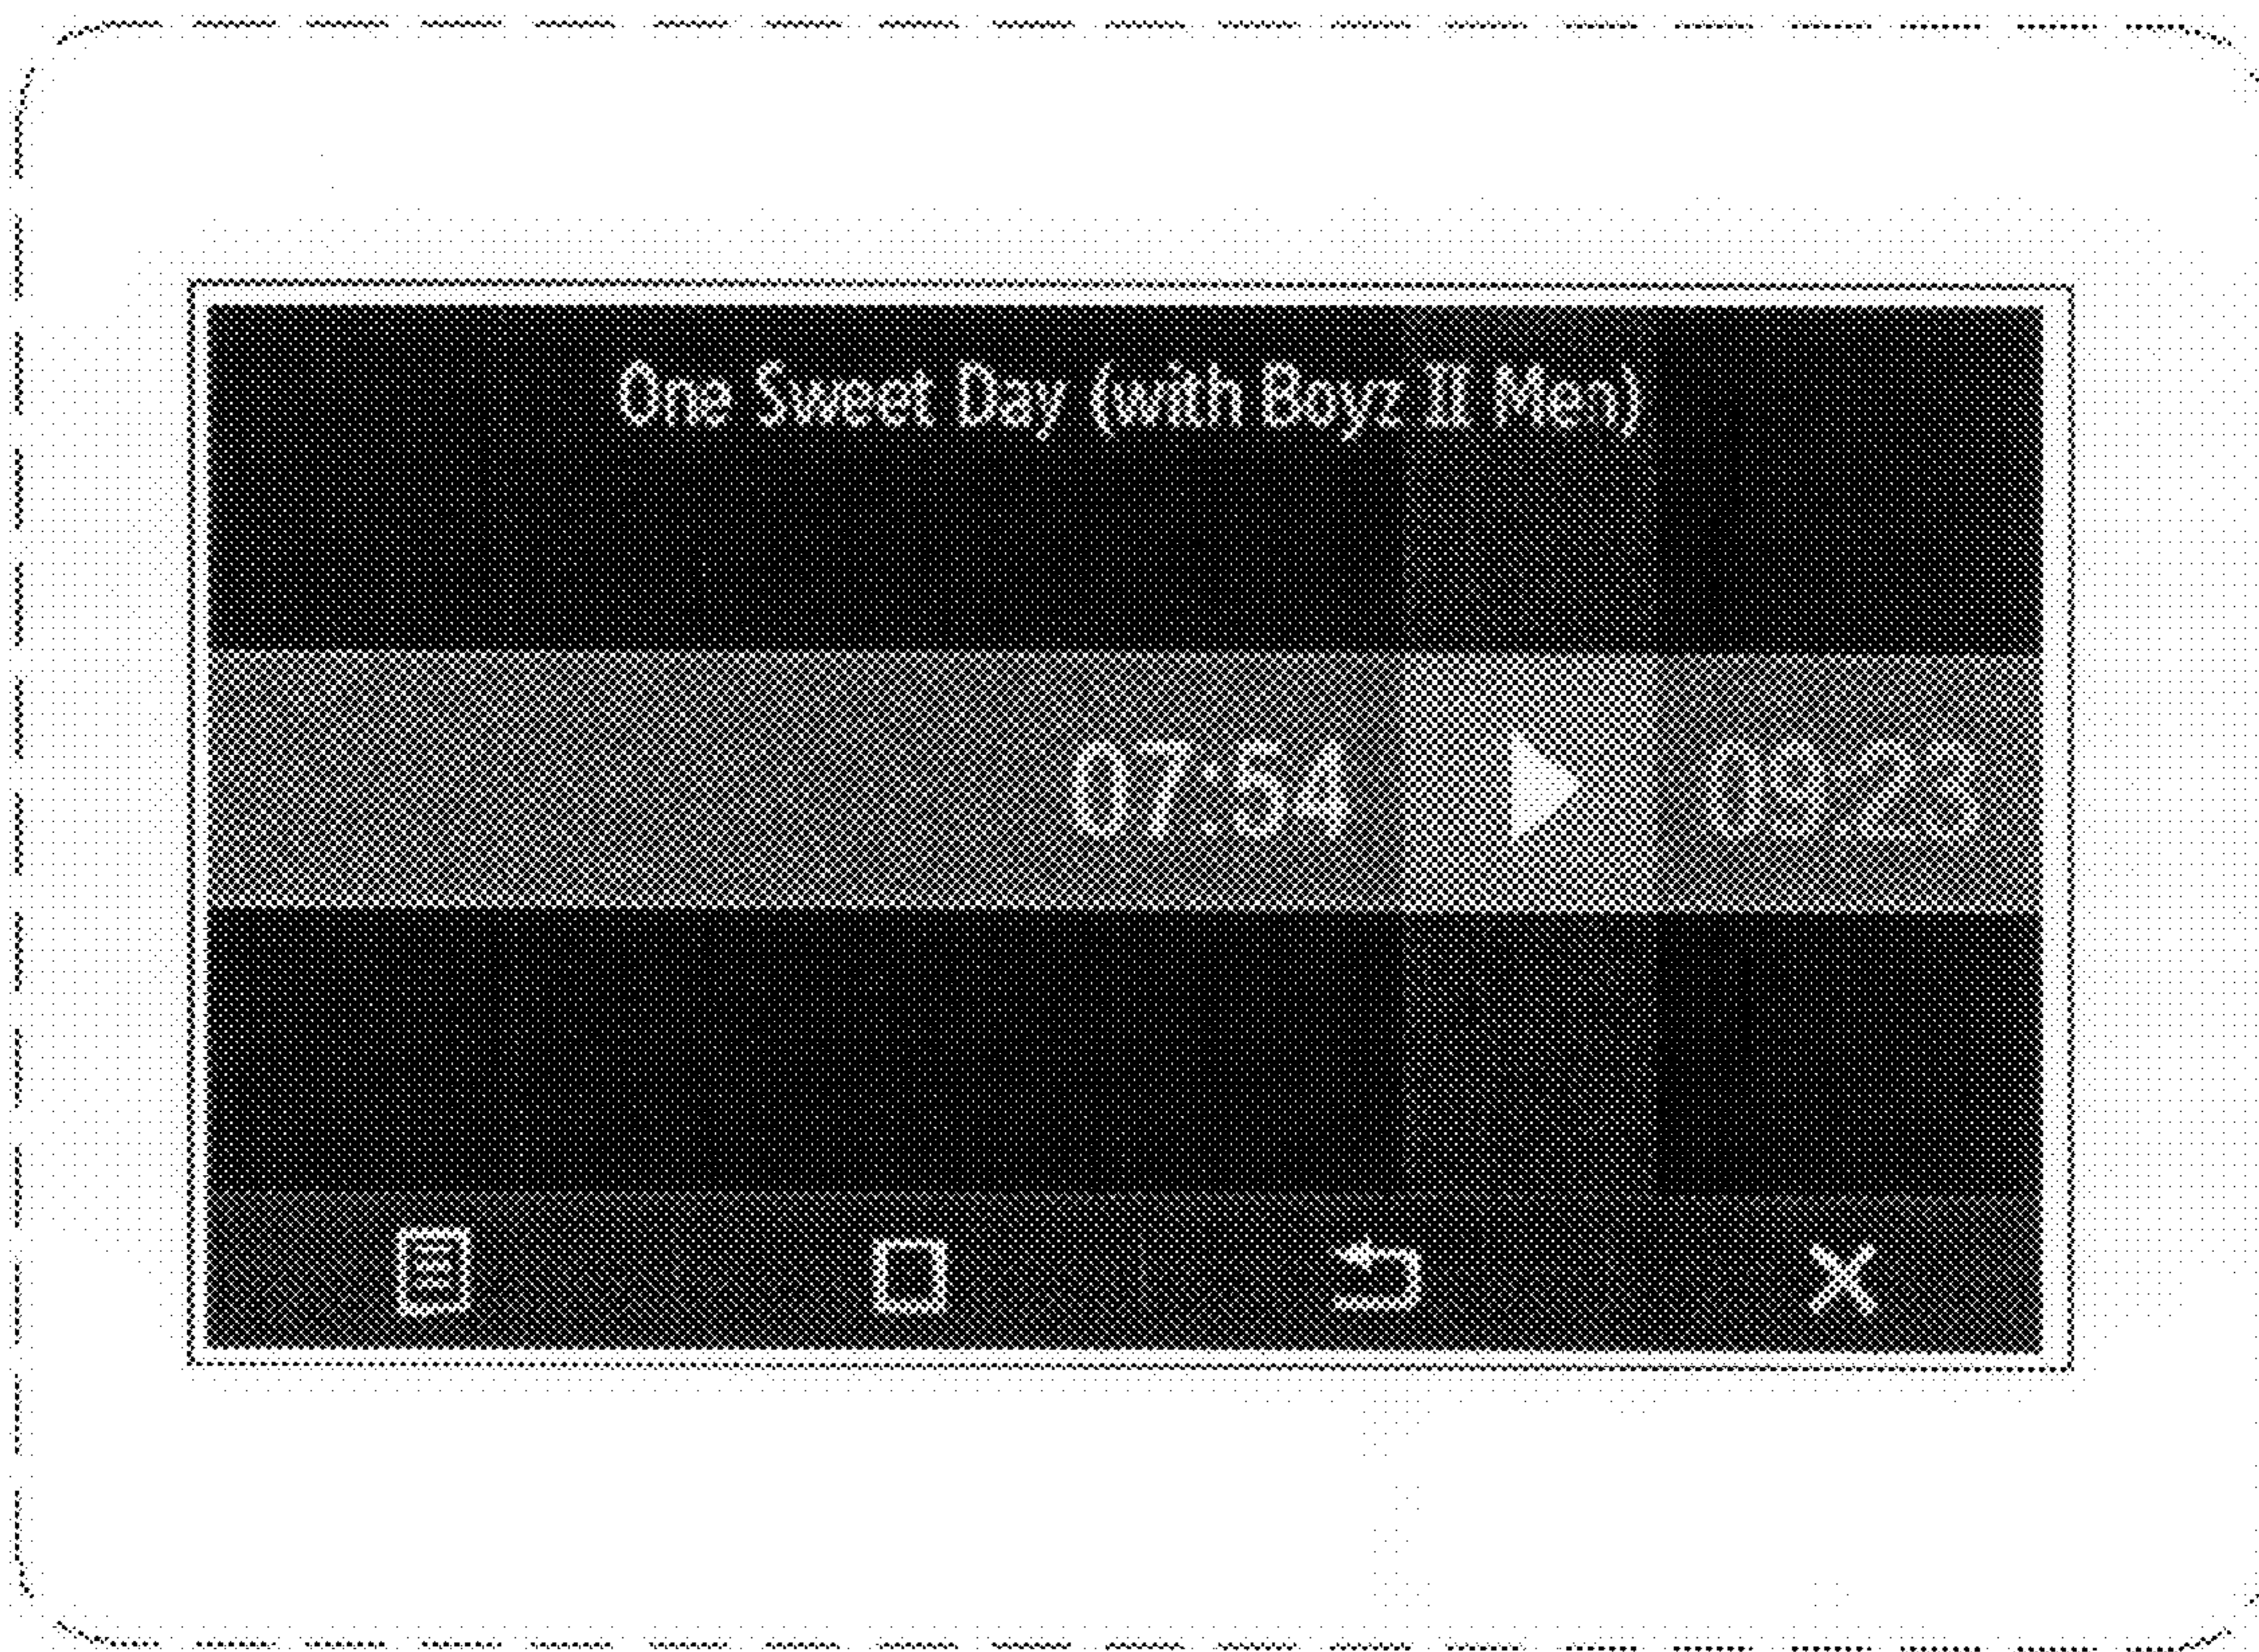

FIG. 3
