(57) **CLAIM**

I claim the ornamental design for a lighting fixture, as shown and described.

DESCRIPTION

The single FIGURE is a view of a lighting fixture having three-way, one hundred twenty degree overall rotational symmetry. The arms have six-way, sixty degree overall rotational symmetry. The shades have a circular horizontal cross section. The base ring, from which the shade-carrying arms extend, has a circular horizontal cross section.

The broken lines shown on the drawing are for illustrative purposes only and form no part of the claimed design.
