The ornamental design for a vehicle rear bumper cover, as
shown and described.

(**) Term: **14 Years**

DESCRIPTION

(21) Appl. No.: **29/298,822**

The vehicle rear bumper cover is styled independently of
adjacent vehicle panels. To the extent that any feature lines are
illustrated, they are intended to illustrate the crest and valley
of the feature and are not necessarily sharp bends in the part.
Shading is used to illustrate the curvature of the part and not
color. Views are orthogonal projections unless otherwise
noted. The various views are not necessarily to scale in order
to better illustrate the design.
