(57) **CLAIM**

The ornamental design for a spinal implant, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a spinal implant showing our new design;
FIG. 2 is a right side elevation thereof, the side opposite being a mirror image;
FIG. 3 is a top end elevation thereof, the end opposite being a mirror image;
FIG. 4 is a rear elevation thereof; and,
FIG. 5 is a front elevation thereof.
The broken lines shown in the drawing are included for the purpose of illustrating unclaimed structure and form no part of the claimed design.
