FIG. 1 is a first perspective view of our new design for a metered dose inhaler, with a cap in the closed position and including the top, front and right sides;

FIG. 2 is second perspective view thereof, with the cap in an open position and including the top, right and front sides;

FIG. 3 is a front elevational view thereof, with the cap in the closed position;

FIG. 4 is a top view thereof, with the cap in the closed position;

FIG. 5 is a bottom view thereof, with the cap in the closed position;

FIG. 6 is a right side elevational view thereof, with the cap in the closed position;

FIG. 7 is a left side elevational view thereof, with the cap in the closed position; and,

FIG. 8 is a rear elevational view thereof, with the cap in the closed position.

The broken lines in the drawings depict environmental structure and form no part of the claimed design.
