(57) **CLAIM**

The ornamental design for a string light connector, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a string light connector according to my new design;

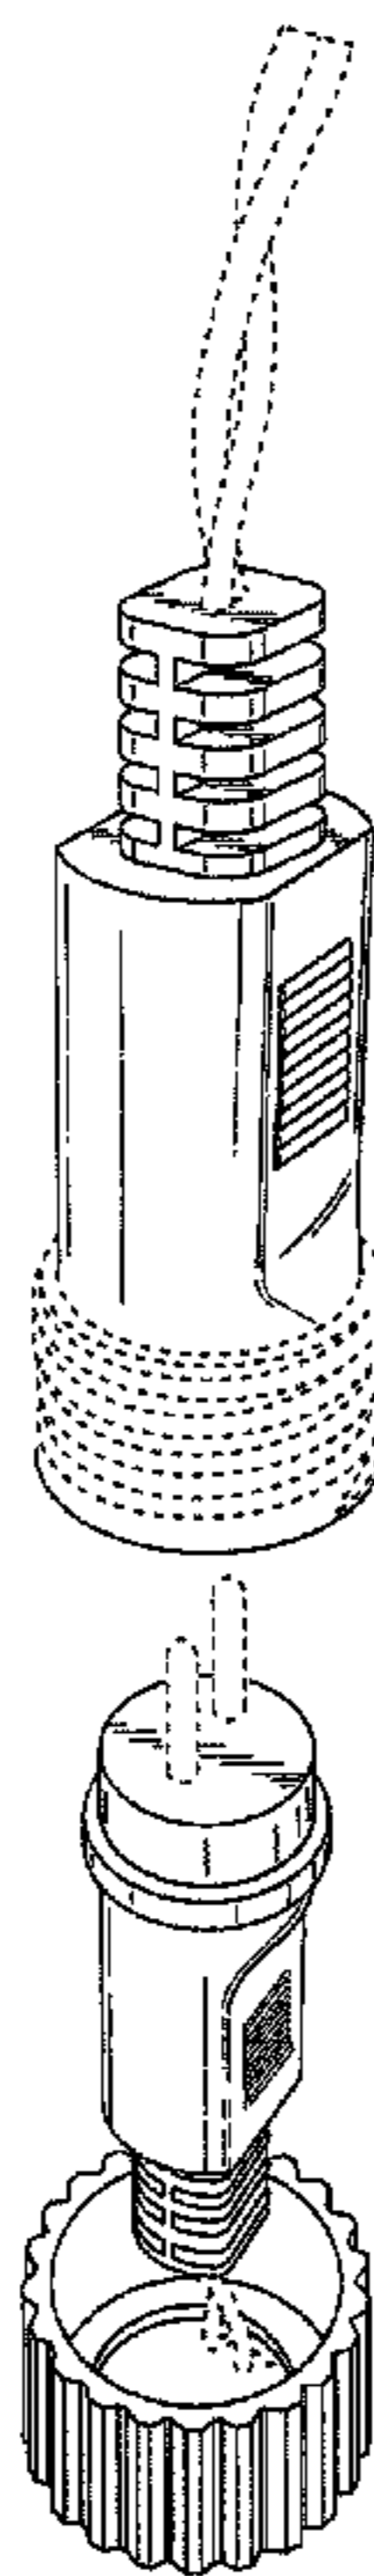

FIG. 2 is a top plan view of the string light connector shown in FIG. 1 in a disconnected condition, the bottom plan view being a mirror image of the top plan view;

FIG. 3 is a top plan view of the string light connector shown in FIG. 1 in a connected condition, the bottom plan view being a mirror image of the top plan view; and,

FIG. 4 is a left side elevational view of the string light connector shown in FIG. 1 in a disconnected condition, a right side elevational view being a mirror image of the left side elevational view.

The broken lines in the Figures are for illustrative purposes only and form no part of the claimed design.
