(57) **CLAIM**

The ornamental design for a transitional video image display for portable phone, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a first image of a transitional video image display for portable phone;

FIG. 2 is a front view thereof;

FIG. 3 is an enlarged front view thereof but with the broken lines removed for clarity of illustration;

FIG. 4 is a front view of a second image of a transitional video image display for a portable phone;

FIG. 5 is a front view of a third image thereof;

FIG. 6 is a front view of a fourth image thereof; and,

FIG. 7 is a front view of a fifth image thereof.

The subject matter in this patent includes a process or period in which an image changes into another image. This process or period forms no part of the claimed design.

The broken line showing of portions of a portable phone is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
