(57) **CLAIM**

The ornamental design for a surgical illuminator, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a surgical illuminator drawn broken away to indicate no particular length is claimed, showing our new design;

FIG. 2 is a second isometric view of a surgical illuminator drawn broken away to indicate no particular length is claimed;

FIG. 3 shown slightly reduced in scale is a front view thereof;

FIG. 4 is a partial side view looking in the direction indicated by line 4—4 in FIG. 3; and,

FIG. 5 is a partial side view looking in the direction indicated by line 5—5 in FIG. 3.

The display face of the surgical illuminator (shown in FIGS. 1–3) and turret (shown in FIGS. 1–5) are shown in broken (dashed) lines for illustrative purposes only and form no part of the claimed designs.
