(57) **CLAIM**

The ornamental design for a biological specimen carrier system, as shown and described.

DESCRIPTION

FIG. 1 is an exploded perspective view of a biological specimen carrier system, showing my new design;

FIG. 2 is a front elevational view of the invention, the rear elevational view, top plan view, and bottom plan view all being a mirror image thereof;

FIG. 3 is a left-side elevational view of the invention; and,

FIG. 4 is a right-side elevational view of the invention.

The broken lines connecting the centers of the separated specimen carrier system components in FIG. 1 are included to show the assembly.
