(57) **CLAIM**

The ornamental design for a transitional image for a portion of a display screen, as shown and described.

DESCRIPTION

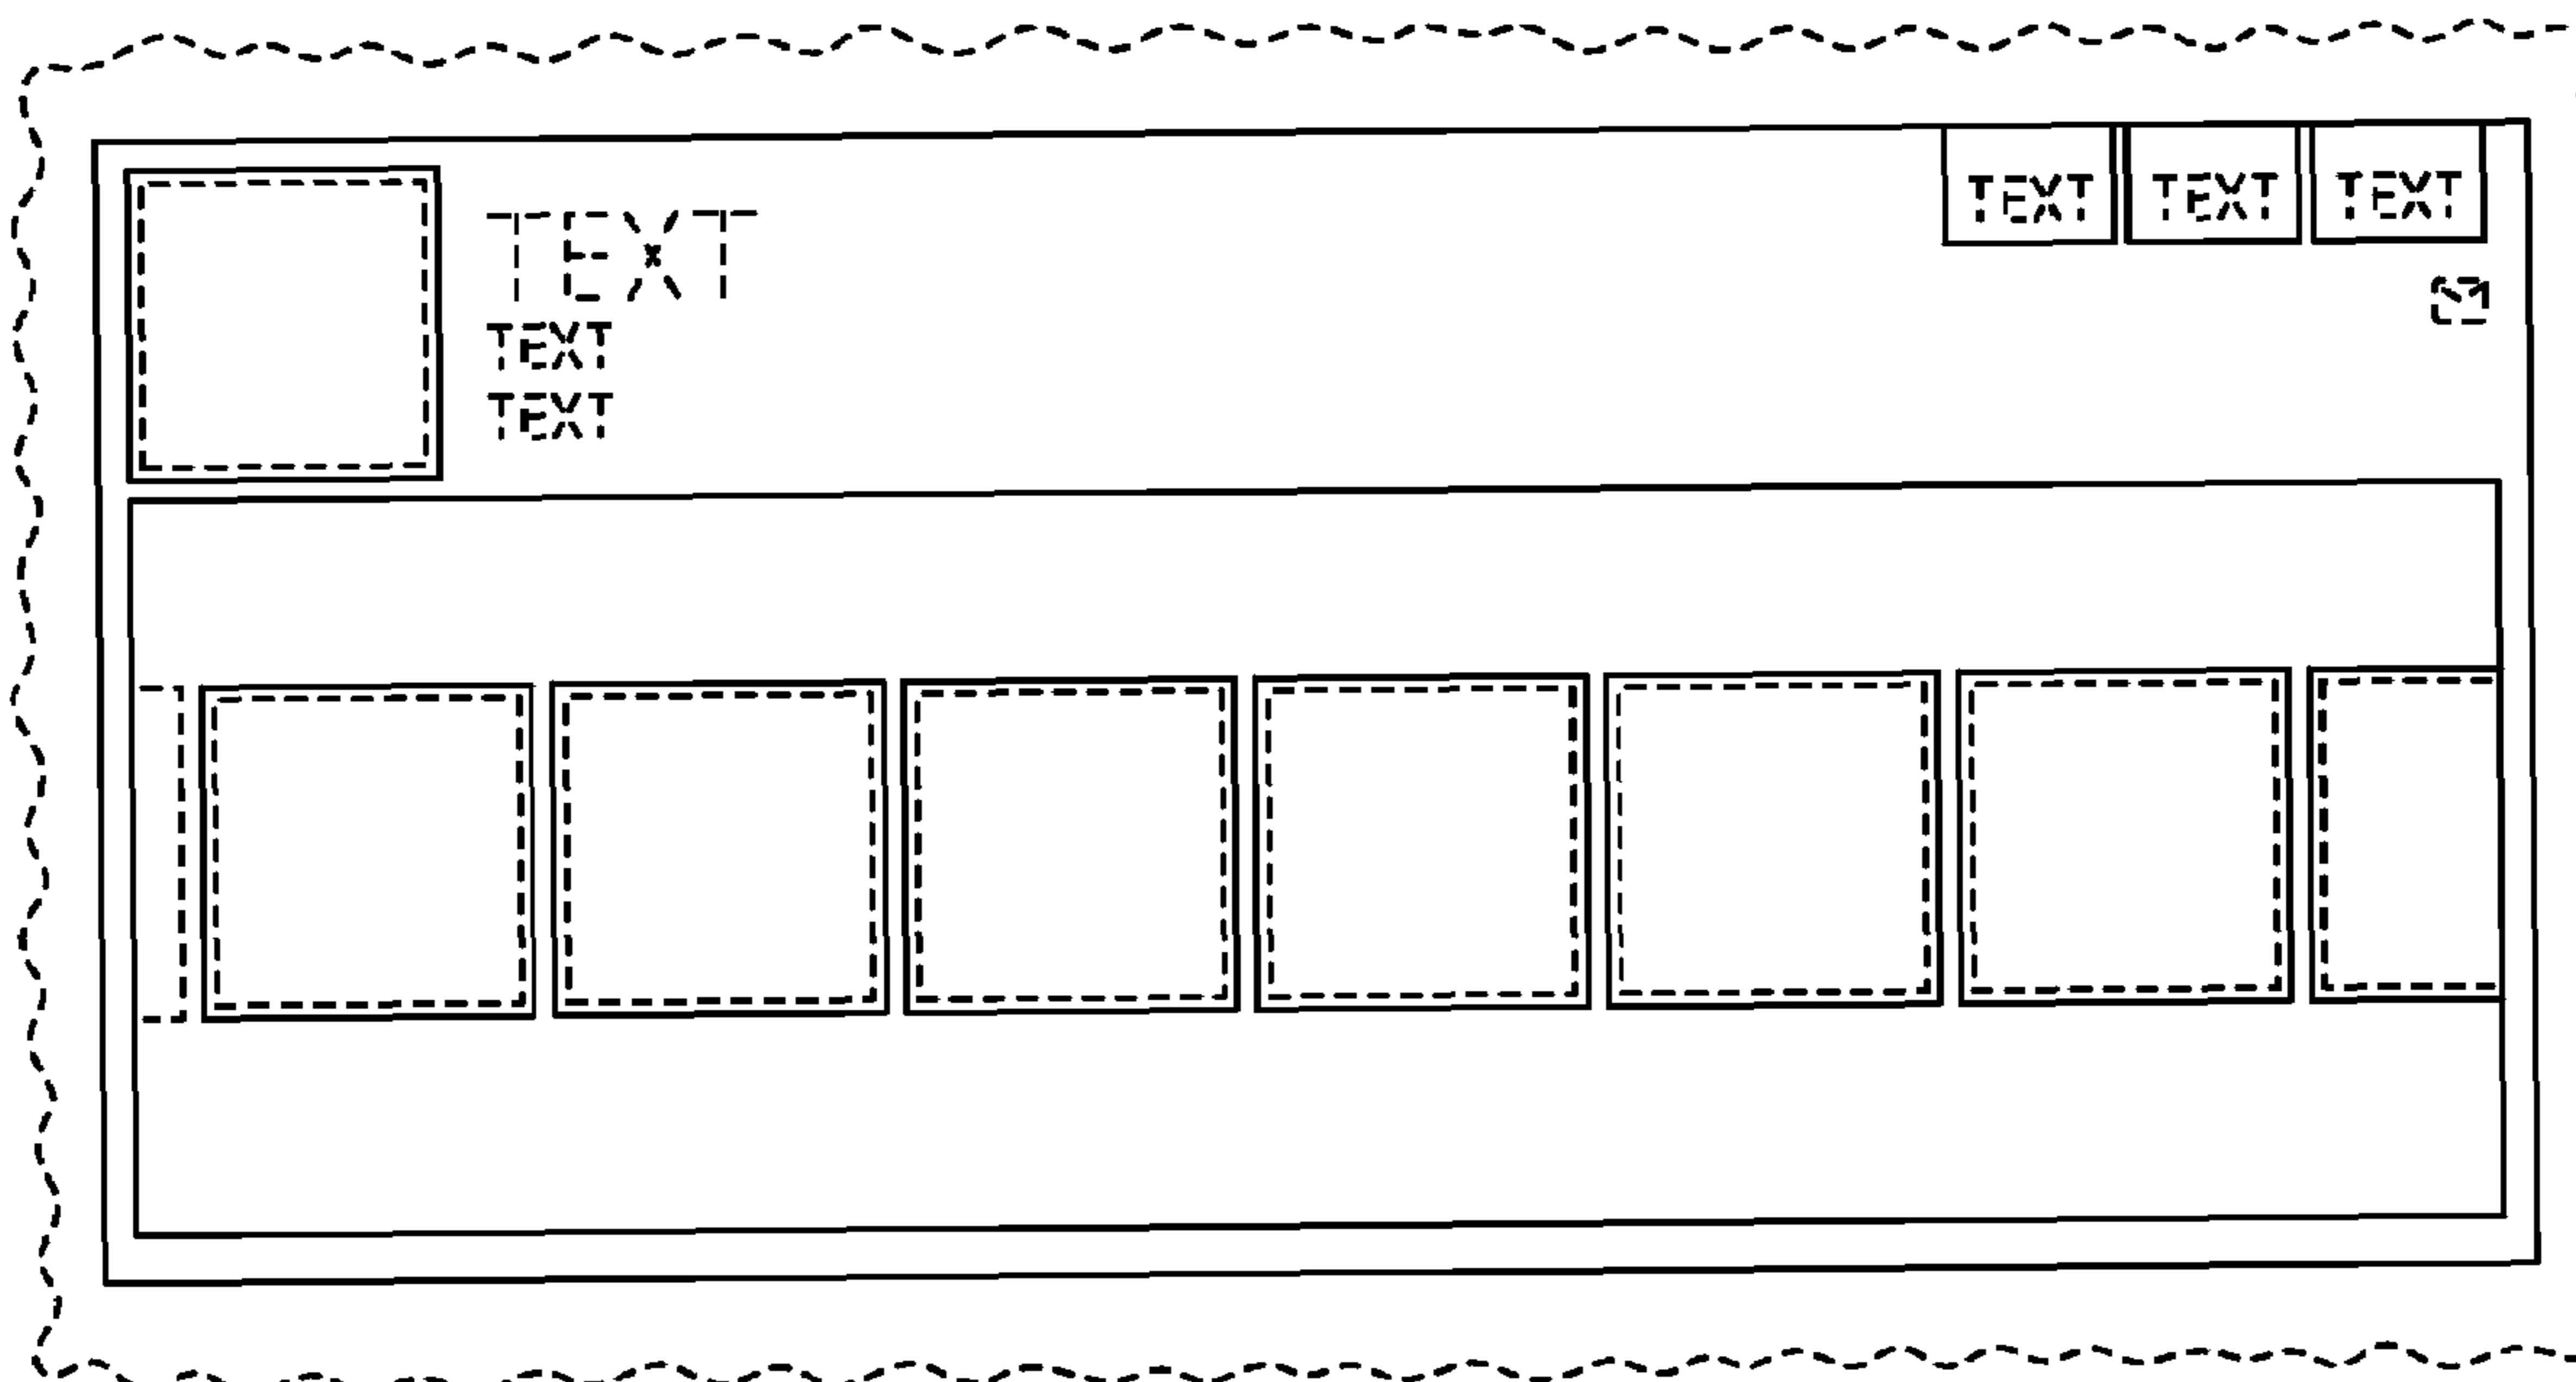

FIG. 1 is a front view of the first image of a transitional image for a portion of a display screen showing our new design;

FIG. 2 is a front view of the second image thereof; and,

FIG. 3 is a front view of the third image thereof.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-3. The process or period in which an image transitions to another forms no part of the claimed design. The broken line showing of various regions and the unshaded areas within them form no part of the claimed design. The broken line showing a portion of a display screen, text and the graphic element is for illustrative purposes only and forms no part of the claimed design.
