(57) **CLAIM**

The ornamental design for a bed system, as shown and described.

DESCRIPTION

FIG. 1 is a three dimensional view of a bed system, according to my basic design, taken from an upper left perspective, with the bed in its lowered position;

FIG. 2 is a fragmentary view of the upper left portion of the bed system of FIG. 1;

FIG. 3 is a three dimensional view of a bed system, according to my basic design, taken from an upper right perspective, with the bed in its raised position;

FIG. 4 is a three dimensional view of a bed system, according to my basic design, taken from a lower right perspective, with the bed in its raised position;

FIG. 5 is a three dimensional view of a bed system, according to my basic design, taken from a lower right perspective similar to FIG. 3, with the bed in its lowered position;

FIG. 6 is a top plan view of a bed system, according to my design;

FIG. 7 is a bottom plan view of a bed system, according to my design;

FIG. 8 is a front view of the bed system of FIG. 1, with the bed in a lowered position;

FIG. 9 is a rear view of the bed system of FIG. 1, with the bed in a lowered position, shown in phantom;

FIG. 10 is a left side view of the bed system of FIG. 1, with the bed in a lowered position; and,

FIG. 11 is a right side view of the bed system of FIG. 1, with the bed in a lowered position.

The bed system of my design has a raised position, shown in FIGS. 2 and 3, and a lowered position, shown in FIGS. 1, 4, and 7–10.
