(57) **CLAIM**

The ornamental design for an absorbent article or package with surface indicia, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an absorbent article or package with surface indicia showing my new design.

FIG. 2 is a top view of the absorbent article or package with surface indicia as shown in FIG. 1.

FIG. 3 is a bottom view of the absorbent article or package with surface indicia as shown in FIG. 1.

FIG. 4 is a right side view of the absorbent article or package with surface indicia as shown in FIG. 1.

FIG. 5 is a left side view of the absorbent article or package with surface indicia as shown in FIG. 1.

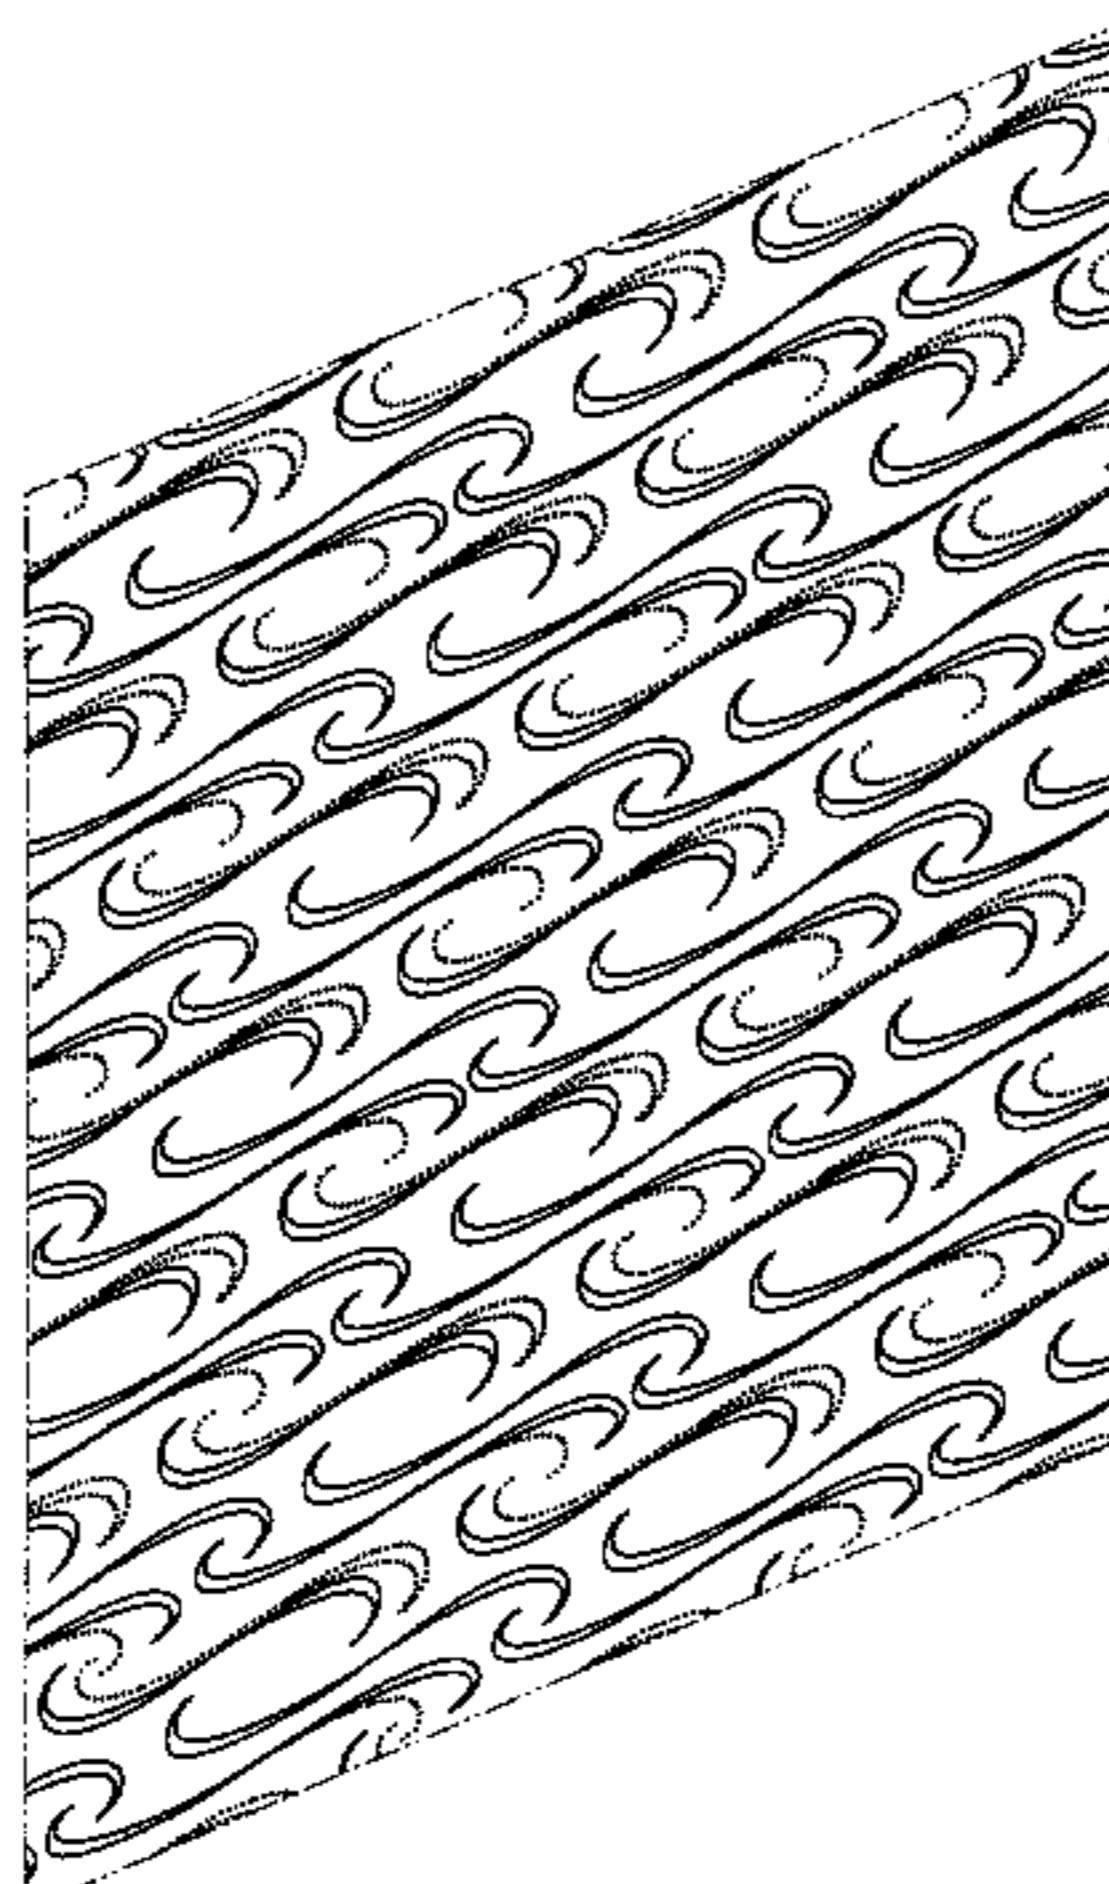

FIG. 6 is a front side view of the absorbent article or package with surface indicia as shown in FIG. 1; and,

FIG. 7 is a back side view of the absorbent article or package with surface indicia as shown in FIG. 1.

The broken lines around the design indicate that a specific length and width form no part of the claimed design and that the surface indicia repeat uniformly throughout the length and width of the absorbent article or package surface indicia. The broken lines form no part of the claimed design.

The dotted lines within the design are part of the surface indicia of the absorbent article or package with surface indicia and do form a part of the claimed design.
