(57) **CLAIM**

The ornamental design for a secure password organizer, as
shown and described.

DESCRIPTION

FIG. 1 is an upper end view of the password organizer, the
opposing side being a mirror image;

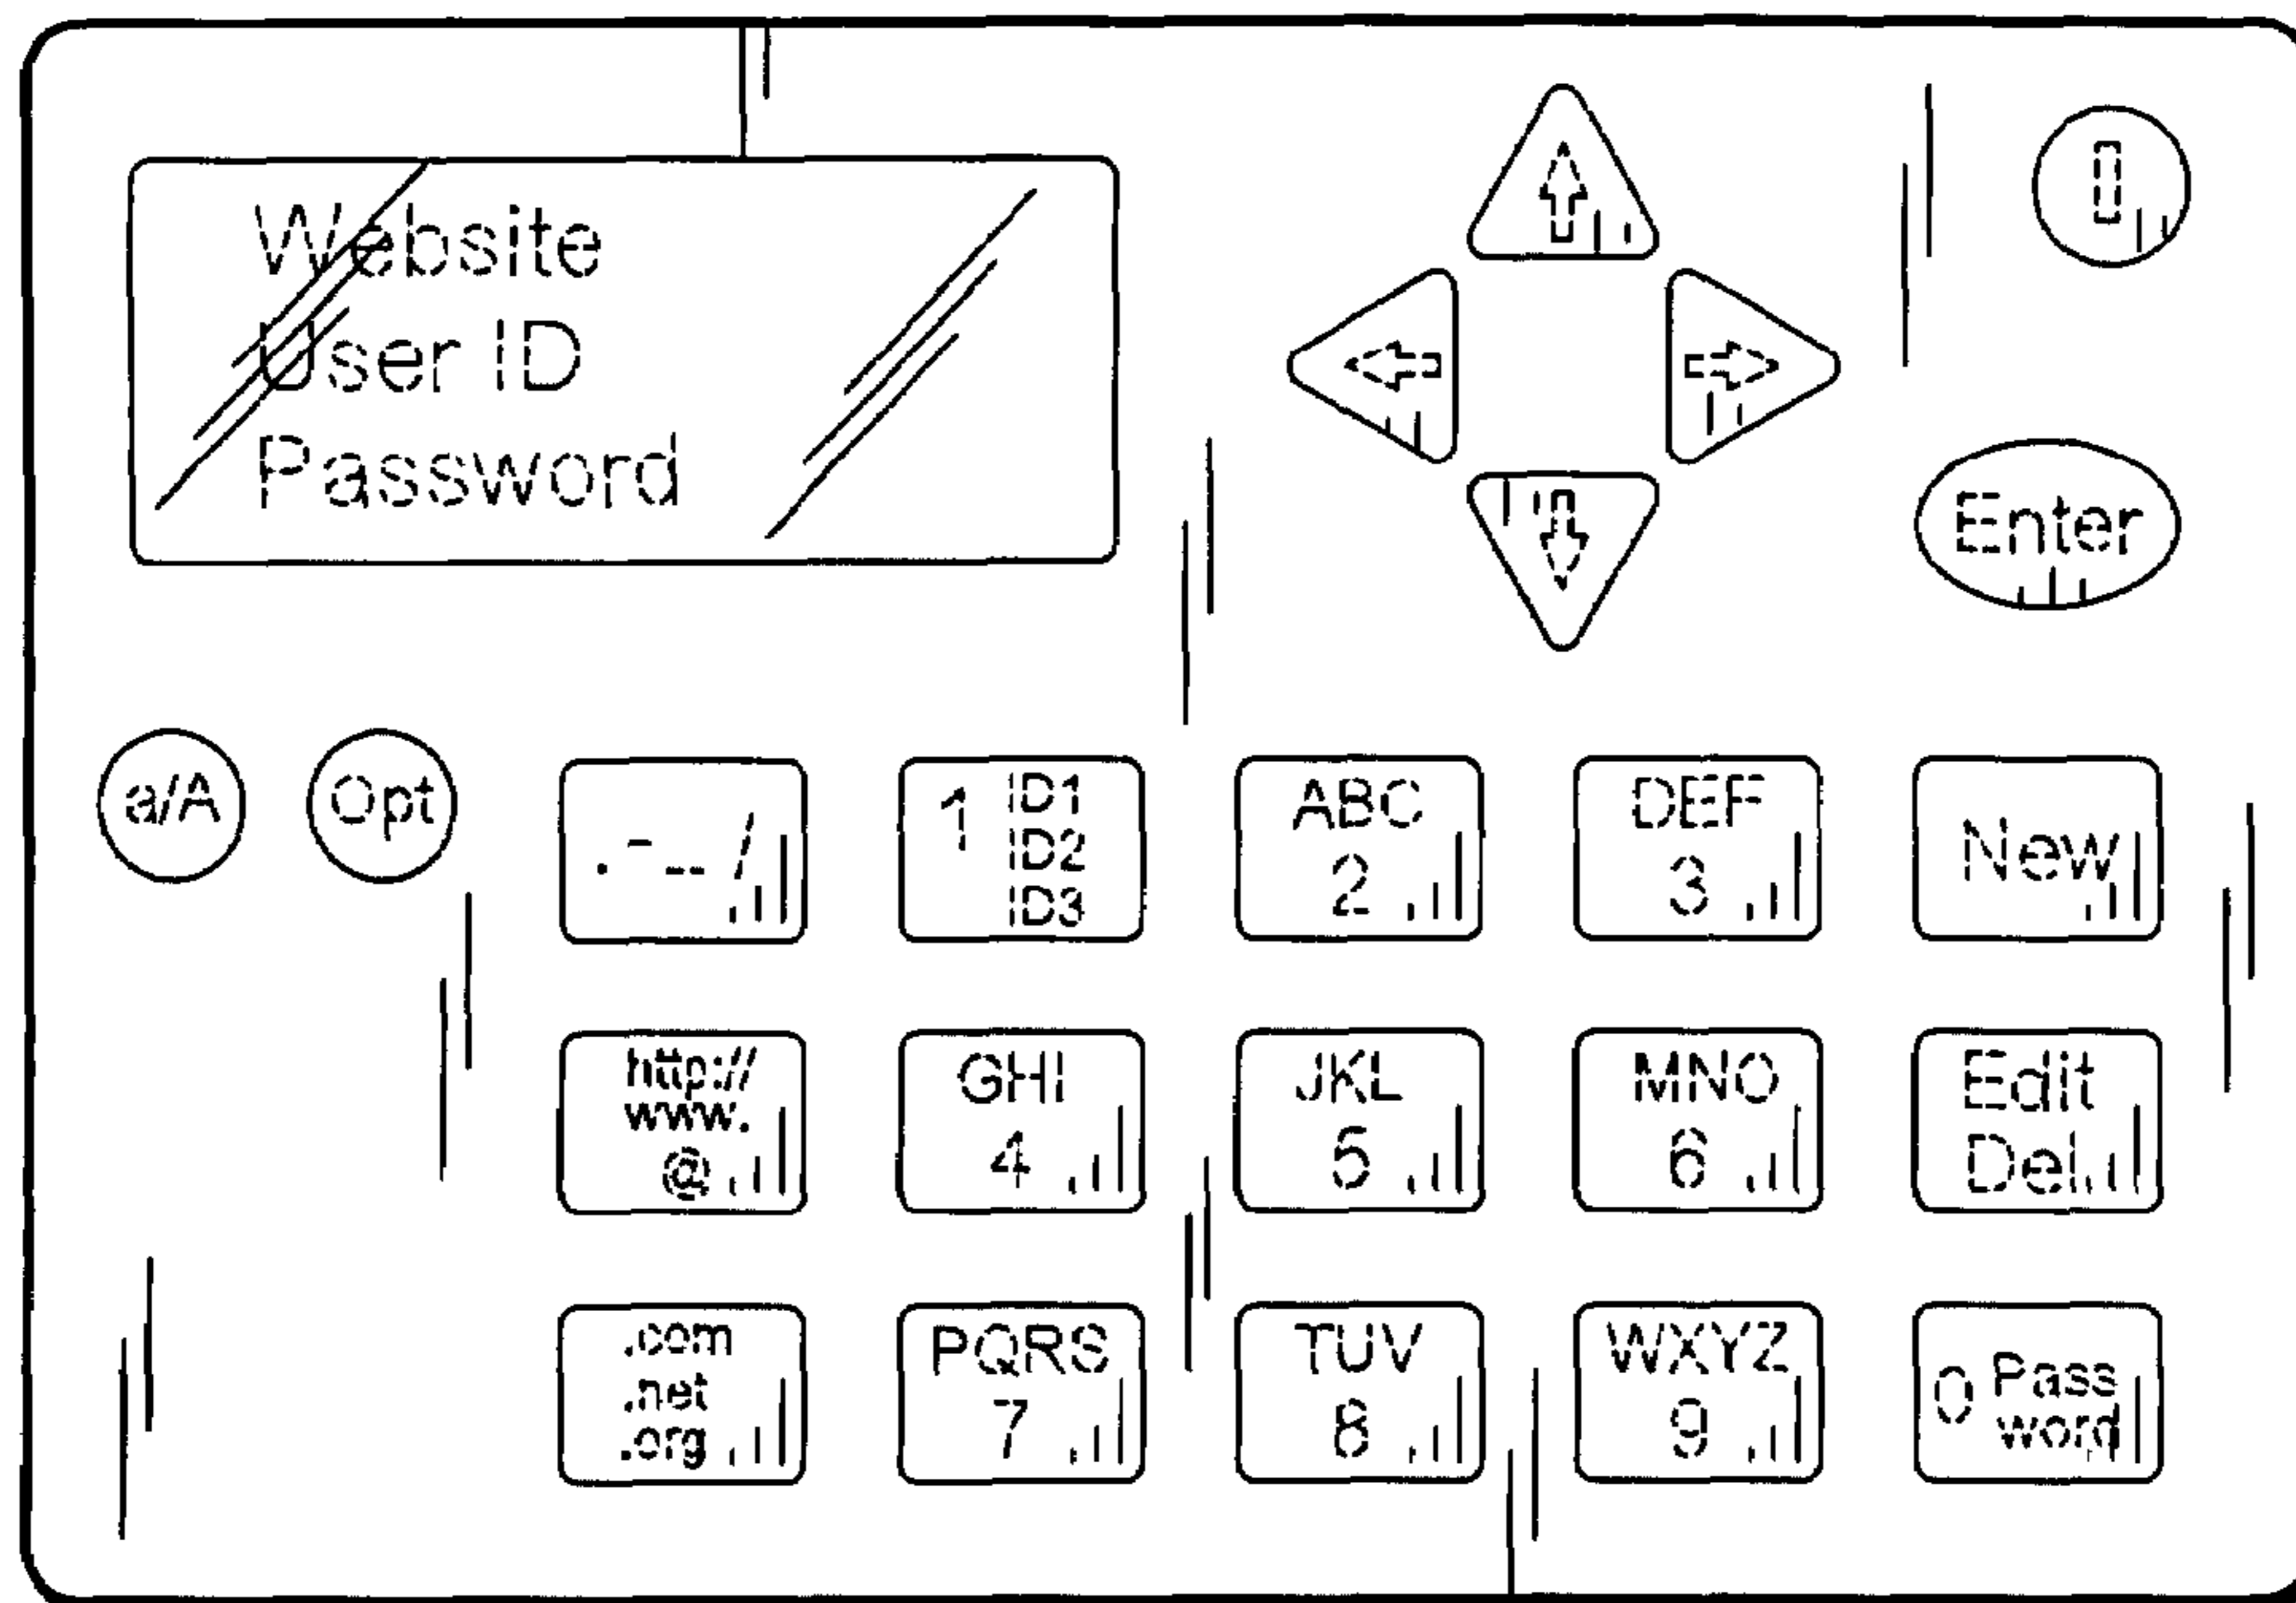

FIG. 2 is a top plan view of the password organizer of FIG. 1;

FIG. 3 is a side view of the secure password organizer of FIG.
1, the opposing side being a mirror image; and,

FIG. 4 is a bottom plan view of the secure password organizer
of FIG. 1.

The superimposed broken line showing of the text and other
graphical indicia in FIG. 2 and the superimposed broken lines
in FIG. 4 form no part of the claimed design.
