(57) **CLAIM**

The ornamental design for a portable information handling system, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of the portable information handling system comprising the present invention in a tablet mode of operation;

FIG. 2 is a front side view thereof in the tablet mode of operation;

FIG. 3 is a left side view thereof in the tablet mode of operation;

FIG. 4 is a right side view thereof in the tablet mode of operation;

FIG. 5 is a back view thereof in the tablet mode of operation;

FIG. 6 is a top view of the portable information handling system in the tablet mode of operation;

FIG. 7 is perspective view of the portable information handling system in a notebook mode of operation;

FIG. 8 is a front view of the portable information handling system in the notebook mode of operation;

FIG. 9 is a right view of the notebook mode of operation;

FIG. 10 is a right view of the notebook mode of operation;

FIG. 11 is a rear view in the notebook mode of operation; and,

FIG. 12 is a top view in the notebook mode of operation.

The broken lines are shown for environmental purposes only and form no part of the claimed design.
