DESCRIPTION

See application file for complete search history.

FIG. 1 is a perspective view of the protective cover design for
the back support portion of a chair of this invention shown
attached to a chair. The chair shown in dashed lines forms no
part of the claimed design.

(56) **References Cited**

FIG. 2 is a perspective elevated view of the protective cover
design for the back support portion of a chair of FIG. 1
separated from the chair.
