(57) **CLAIM**

The ornamental design for a LED lighting fixture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an LED lighting fixture that shows the new design, with part of the fixture in a rotated position.

FIG. 2 is a perspective view of the fixture, with the part of the fixture in an alternate rotated position.

FIG. 3 is an end view of the fixture, with the part of the fixture in an upright position.

FIG. 4 is a view opposite that of FIG. 3.

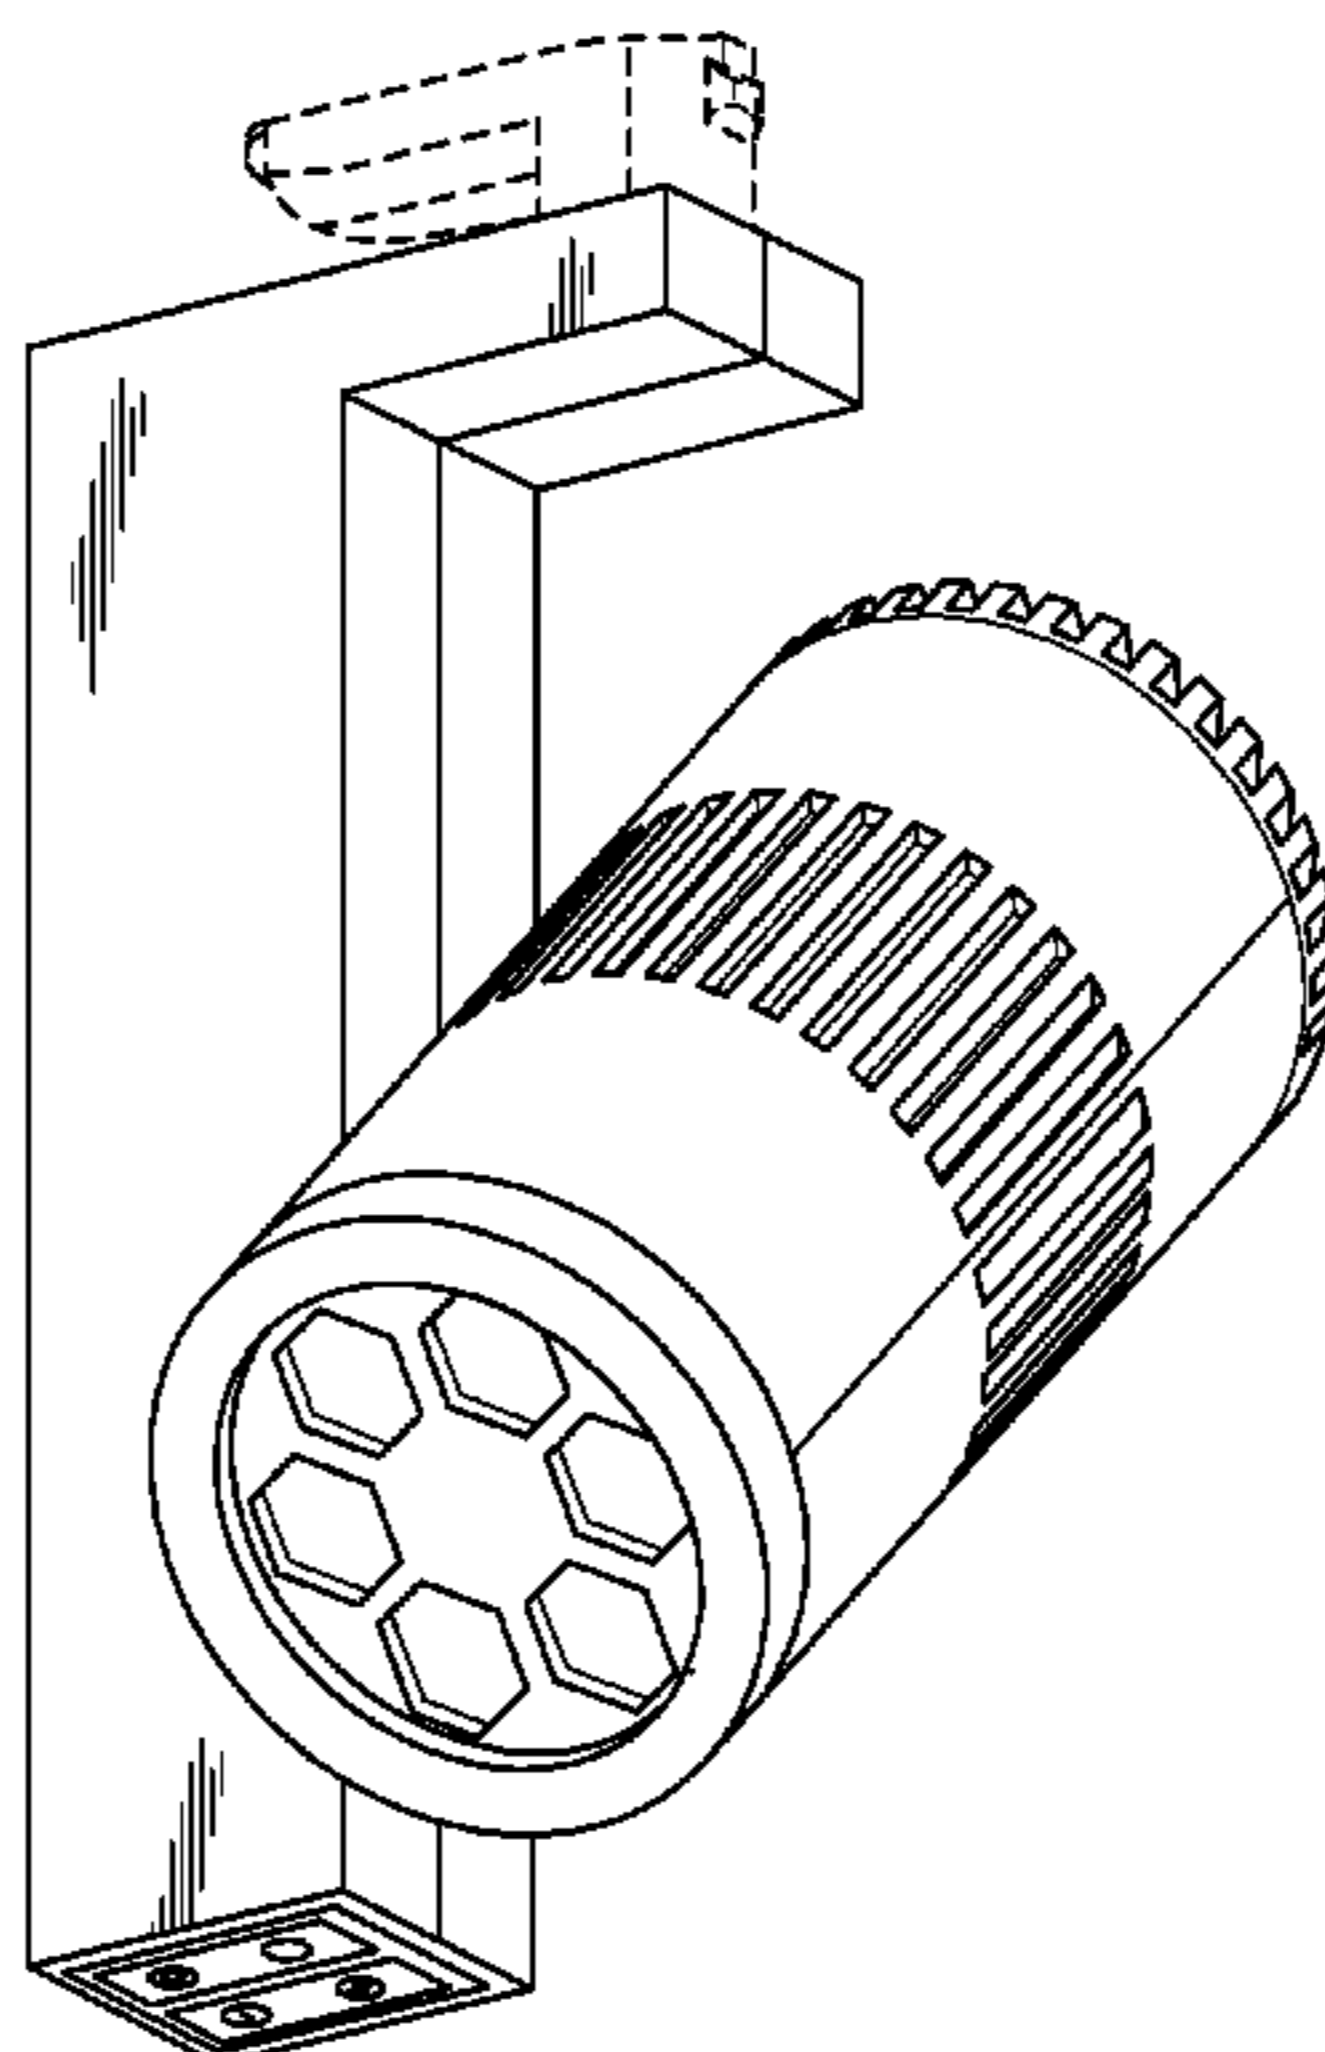

FIG. 5 is a side view thereof.

FIG. 6 is another side view, showing the side seen on the left side of FIG. 5; and,

FIG. 7 is another side view, showing the side seen on the right side of FIG. 5.

The broken line showing top elements of the fixture is for the purpose of illustrating portions of the LED lighting fixture and forms no part of the claimed design.
