(57) **CLAIM**

The ornamental design for an absorbent sheet with pattern,
substantially as shown and described.

DESCRIPTION

The sole FIGURE is a top plan view of an absorbent sheet
with pattern, showing my new design.

The broken line boundaries around the design indicate that a
specific length and width of absorbent sheet with pattern
forms no part of the claimed design. The pattern on the absor-
bent sheet with pattern repeats uniformly across the length
and width of the design. The broken lines form no part of the
claimed design.
