(57) **CLAIM**

We claim the ornamental design for a pump, as shown and described.

DESCRIPTION

FIG. 1 is a left perspective view of a pump;

FIG. 2 is a right perspective view of the pump;

FIG. 3 is a front elevational view of the pump;

FIG. 4 is a right elevational view of the pump;

FIG. 5 is a rear elevational view of the pump;

FIG. 6 is a left elevational view of the pump;

FIG. 7 is a top plan view of the pump;

FIG. 8 is a bottom plan view of the pump;

FIG. 9 is a right perspective view of the pump with the pump canister removed;

FIG. 10 is a front elevational view of the pump with the pump canister removed;

FIG. 11 is a right elevational view of the pump with the pump canister removed;

FIG. 12 is a rear elevational view of the pump with the pump canister removed;

FIG. 13 is a left elevational view of the pump with the pump canister removed;

FIG. 14 is a top plan view of the pump with the pump canister removed;

FIG. 15 is a bottom plan view of the pump with the pump canister removed;

FIG. 16 is a left perspective view of the pump canister;

FIG. 17 is a right perspective view of the pump canister;

FIG. 18 is a front elevational view of the pump canister;

FIG. 19 is a right elevational view of the pump canister;

FIG. 20 is a rear elevational view of the pump canister;

FIG. 21 is a left elevational view of the pump canister;

FIG. 22 is a top plan view of the pump canister; and,

FIG. 23 is a bottom plan view of the pump canister.

The broken line drawing of the “H” logo in FIGS. 1, 2, 3, 9, and 10, and the broken line drawing of the volume indication lines and associated indicia in FIGS. 2, 4, 17, and 19, are for illustrative purposes only and form no part of the claimed design.
