DESCRIPTION

FIG. 1 is a front perspective view of a two-handle faucet with a spout between the handles showing my new design;

FIG. 2 is a slightly enlarged partial bottom view of the head and neck portion of the spout;

FIG. 3 is a left side view the spout with the right side being a mirror image;

FIG. 4 is a rear view of the right handle, the rear of the left handle being a mirror image of the rear of the right handle; and,

FIG. 5 is a top plan view showing the handles and a base end portion of the spout.

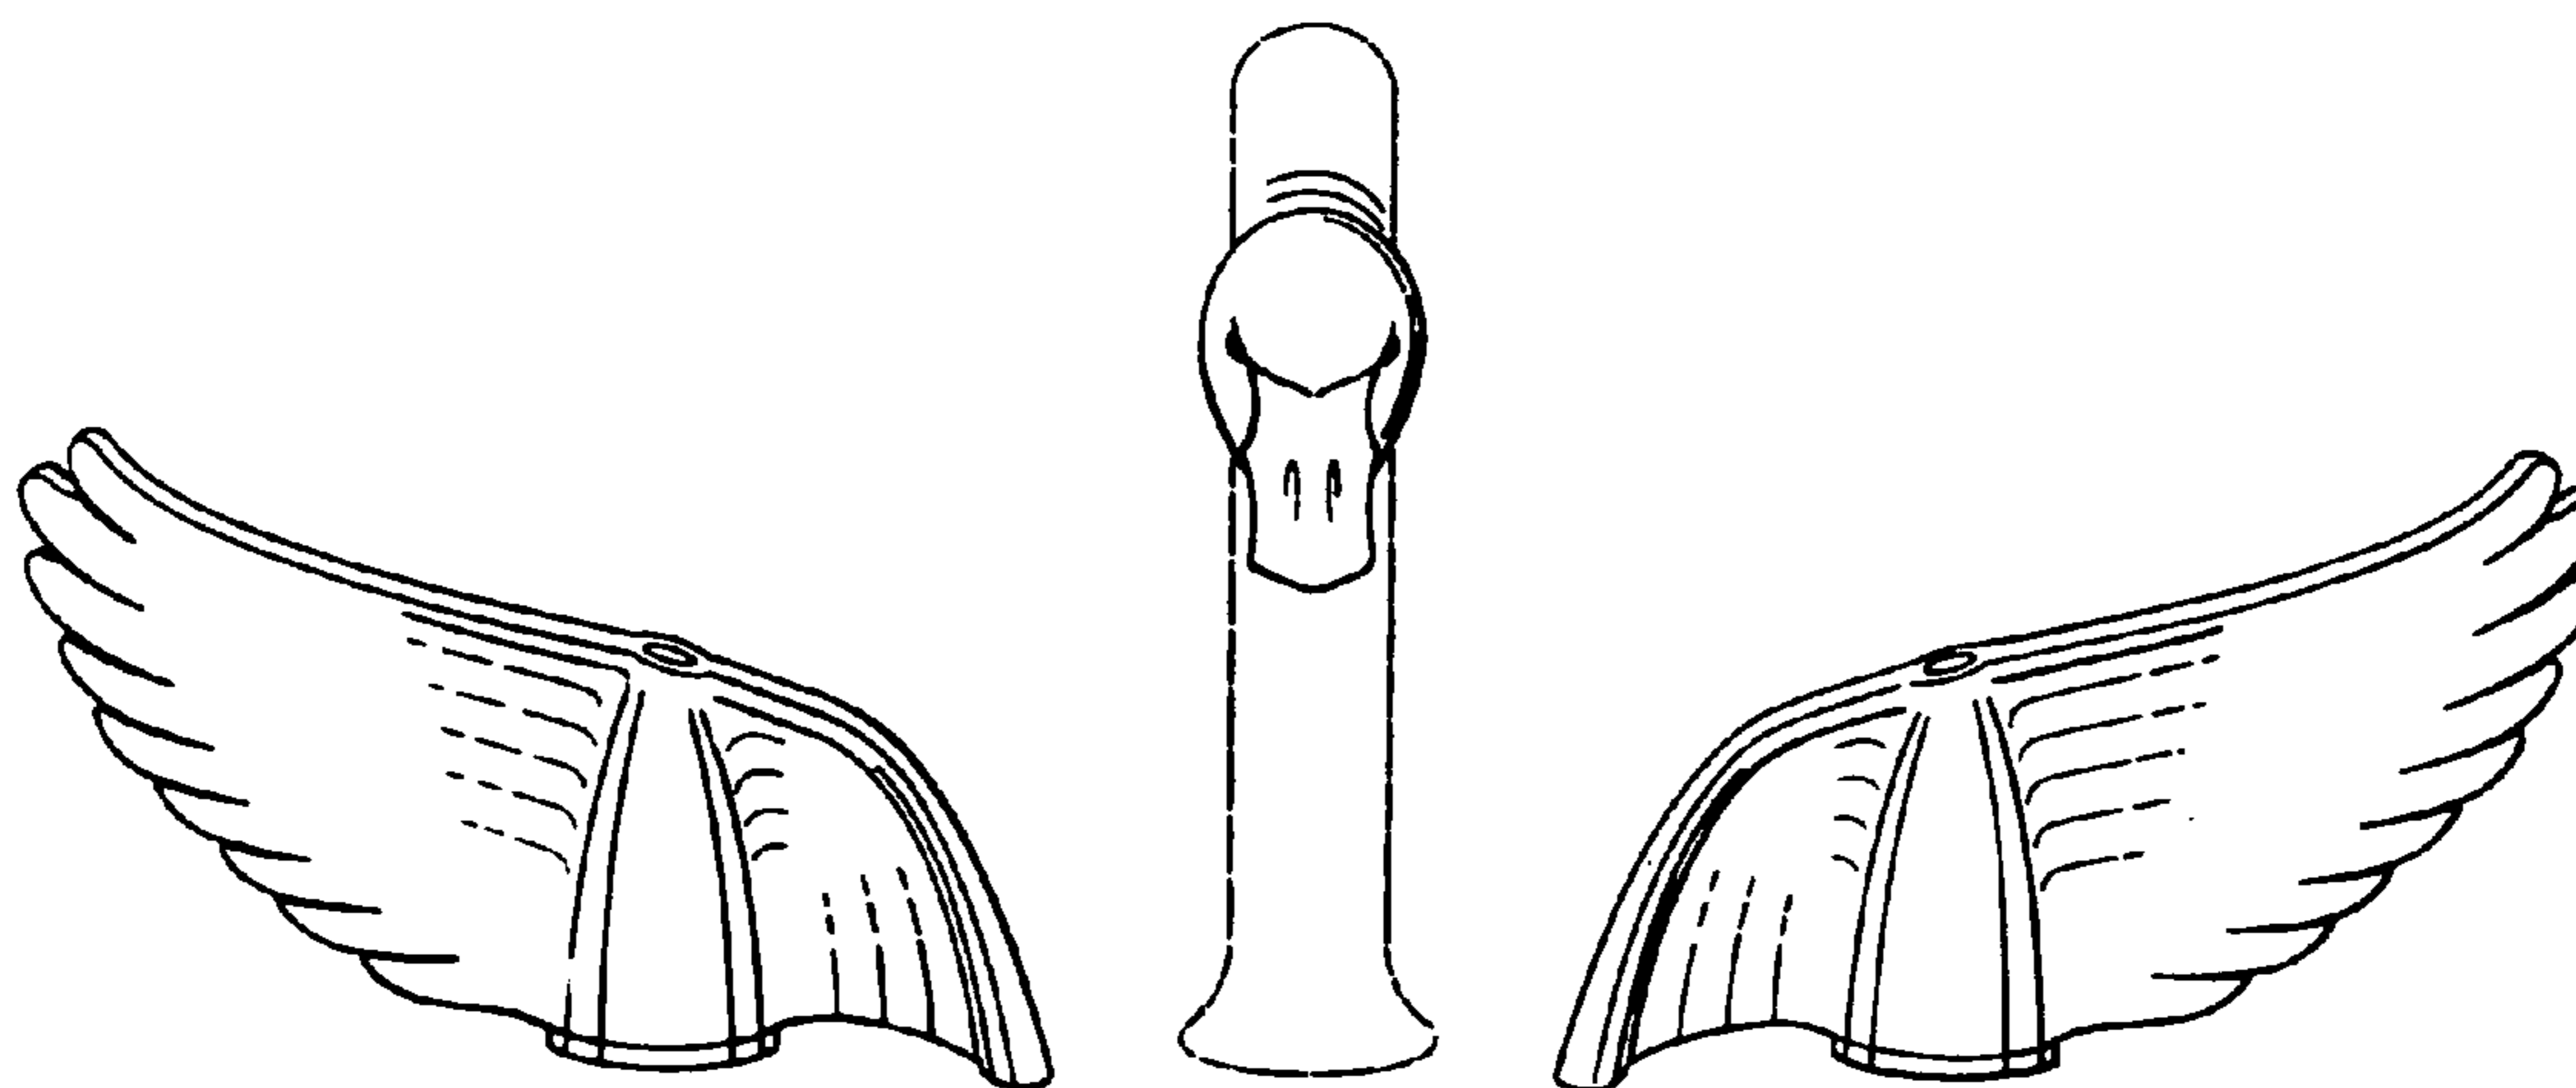

The broken lines showing of the spout body and spout opening are included for the purpose of illustrating portions of the two-handle faucet that forms no part of the claimed design.
