(57) **CLAIM**

The ornamental design for a fixture element, as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is a fixture element in the form of a fluted light pendant for a pendant lighting fixture.

FIG. 1 is a right, top, front perspective view of a fixture element according to my new design;

FIG. 2 is a front elevational view thereof, the left side, right side and rear elevational views thereof being identical to the front shown;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof; and,

FIG. 5 is a front elevational view of a fixture element according to another embodiment of my new design having translucent walls indicated by the depicted shade lines, the corresponding views thereof being similar to FIGS. 1 and 3-4 above albeit with shade lines indicating translucency.

The broken line representations in the figures are for the purpose of illustration only, and form no part of the claimed design.
