(57) **CLAIM**

The ornamental design for a light fixture, as shown and described.

**DESCRIPTION**

FIG. 1 is a fragmentary top perspective view of a light fixture in accordance with my design with the ceiling mount and upper portions of the suspension elements being omitted for ease of illustration only;

FIG. 2 is a bottom perspective view of the light fixture in accordance with my design;

FIG. 3 is a cross-sectional view of the light fixture taken along the line 3—3 in FIG. 5;

FIG. 4 is a bottom plan view of the light fixture in accordance with my design;

FIG. 5 is a fragmentary front elevation view of the light fixture in accordance with my design with the ceiling mount and upper portions of the suspension elements being omitted for ease of illustration only;

FIG. 6 is a rear elevation view of the light fixture in accordance with my design; and,

FIG. 7 is a side elevation view of the light fixture in accordance with my design the opposite side being a mirror image of that shown.

The light fixture of FIGS. 1, 2, and 5-7 is shown with a portion broken away to indicate indeterminate length.

The broken lines showing environmental structure are for illustrative purposes only and form no part of the claimed design.
