### (57) CLAIM

The ornamental design for a bicyclists' water bottle with bottom drinking valve, as shown and described.

#### **DESCRIPTION**

The invention described herein may be manufactured and used by or for the Government of the United States of America for governmental purposes without the payment of any royalty thereon.

FIG. 1, a perspective view, depicts a new design for a bicyclists' water bottle with a bottom drinking valve.

FIG. 2, a front view, depicts a new design for a bicyclists' water bottle with a bottom drinking valve.

FIG. 3, a side view, depicts a new design for a bicyclists' water bottle with a bottom drinking valve.

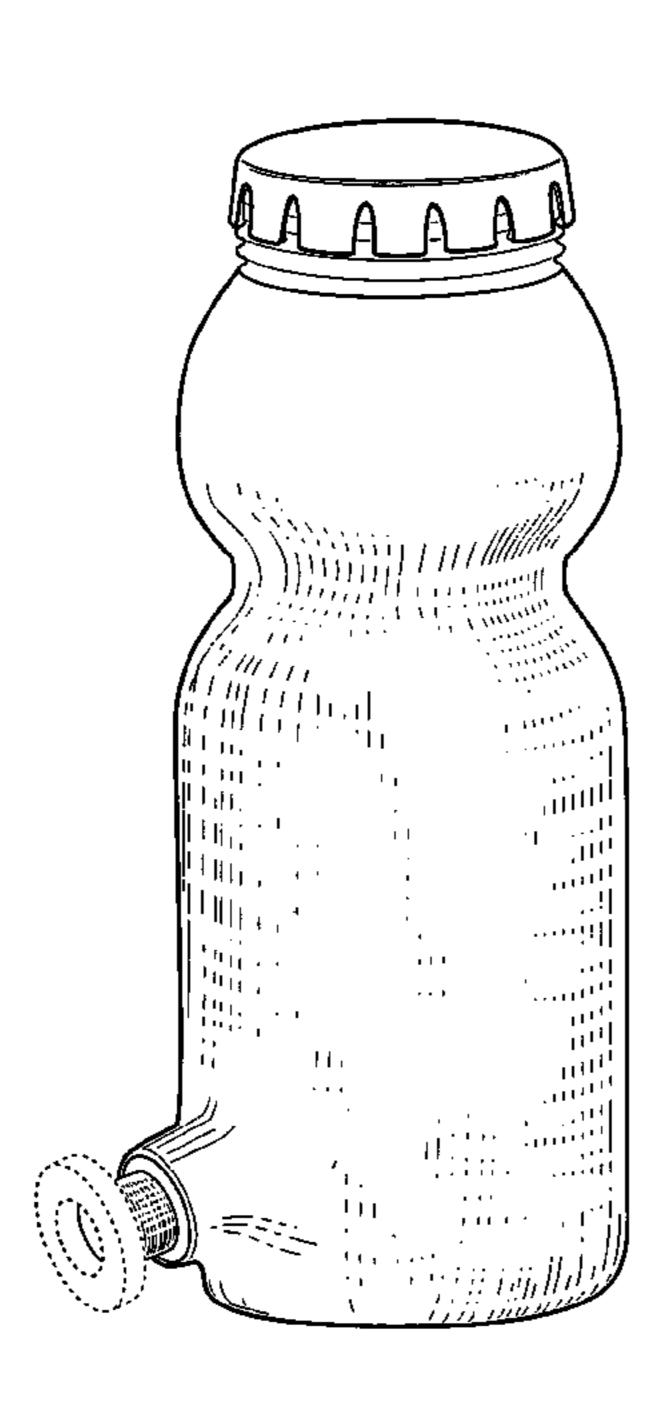

FIG. 4, a rear view, depicts a new design for a bicyclists' water bottle with a bottom drinking valve.

FIG. 5, a top view, depicts a new design for a bicyclists' water bottle with a bottom drinking valve; and,

FIG. 6, a bottom view, depicts a new design for a bicyclists' water bottle with a bottom drinking valve.

The broken lines in the drawings are included for the purpose of illustration and form no part of the claimed design.
